

Usual Height Lack Trouble In McCloud

McCLOUD (Special) — A perennial problem for the McCloud High basketball team is a lack of height, and the coming 1960-61 season promises to be little different.

Coach Vince Sempronio, who is starting his second year at the school, is not particularly dismayed, however. He opened workouts with a starting five composed entirely of lettermen, which includes a trio of scorers that can hold their own with the balance of the Sis-

Cougar Ace Ready To Go

PULLMAN, Wash. (AP)—Keith Lincoln, Washington State's triple-threat halfback, will see action against Washington in the season-ending football classic at Spokane Saturday.

The powerhouse Lincoln, bothered with ankle injuries, did not even work out in the final home practice on a sloppy field Thursday.

Coach Jim Sutherland said usually he did not play a man on game day if he could not make the last workout.

"But Lincoln is so determined to play in what will be his last game that I'll use him," Sutherland said.

The starter, however, will be Lincoln's understudy, Dave Kerone.

Thursday's workout was mainly a brush-up on punts and kickoff returns.

Victory League Season Planned

The Klamath Falls Park and Recreation Department Victory League, comprised of teenage boys not playing high school basketball, is now being formed and will begin play on Dec. 5, in the Klamath Falls Auditorium.

Those people interested in playing in this league should contact the Park and Recreation Department at TU 2-393 for further information. Tuesday, Nov. 22, all the teams in the league will have a scrimmage at the Klamath Auditorium at 7:30. Spectators are welcome, no charge.

Highlanders Seeking Aid

LAKEVIEW—Ben Vernon, president of Fremont Highlanders Ski Club, is asking for volunteers to help get Warner ski run in shape for the winter sports season.

They are asked to report Saturday and Sunday at 10 a.m. at the ski run, armed with axes, shovels, sledge hammers and other handy man-powered implements.

Maintenance and repair work is required of the tow, and the club must also work to complete a new section of tow installed last year.

And, said Vernon, the warming hut needs wood for its fireplace.

Drivers Jockeying

RIVERSIDE, Calif. (AP) — Action in the U.S. Grand Prix gets under way late today with a field of internationally famous drivers competing for favorable starting positions for the big run Sunday.

A field of 26 single-seat cars is entered in the 75-lap event at the Riverside raceway course. It measures 3.75 miles over rolling terrain and twisting curves.

Pro Bowling League Snowballing

By OSCAR FRALEY

NEW YORK (UPI) — Get with that bowling ball, son, because the time is fast approaching when a pro can earn a minimum salary of \$6,000 in 26 weeks, a share of "World Series" loot and a \$100,000 first prize in a bowler-of-the-year windup.

These payoffs all are part of the plans of the new National Bowling League, a 12-city loop which will swing into action in October of next year. This isn't just talk, either, because the cities involved already have put up a \$75,000 guarantee.

And, with a determined plan in mind to cater to spectators, bowling stars soon may become as popular as other sports page celebrities.

Typical of the new league's vision was today's announcement of plans for a \$3,000,000 bowling center in New York's busy Grand Central Terminal. There will be 44 lanes in three tiers above the waiting room through which 500,000 people pass daily. But there also will be four "league" lanes surrounded by an arena seating 600 spectators.

Can Attract Fans

"Bowling can be a very big spectator sport," insists Irving Fagenson, one of the masterminds of the new project which will sponsor the New York team in the National League, which also includes Los Angeles, San Antonio, Fort Worth, Dallas, Kansas City, Omaha, Minneapolis, Chicago, Detroit, Birmingham and Miami.

"It just never before has catered to spectators," he adds. "You have to give them the accommodation—push seating and good service in the refreshment line as well as close-up seats and good competition. We're going to do all this."

Professional bowling isn't, of course, anything new. The sport

New Coach Directs Yreka Cage Hopes

YREKA (Special) — The Yreka Miners, the defending champions of the Siskiyou County basketball league, have settled into serious workouts in preparation for a heavy 1960-61 cage season.

The Miner squad is under the direction of a brand new coach, Mark Grinstead, who is charged with building an almost completely new club with which to defend the position the Yreka Miners hold in Northern California basketball circles.

With only a limited amount of varsity returnees on hand, the Miners must look to a nucleus of juniors up from last season's junior varsity. Only three men, seniors Wes Russell and Chuck Shelton and sophomore Jim Hill, saw work with the varsity last season.

Top prospects from the Jayvees include John Ellis, Butch McCarthy, Curt Ealy and Dick Kenney. Other seniors out for the squad this season include Curt Gordon, Jackson Law, Jim Mcambler, Mike Newman, Corky Page and Tom

COS Eagles Open Action

WEED (Special)—The College of Siskiyou will inaugurate the 1960-61 basketball season Nov. 22 when they tangle with the Duns-

maur Demons at 8 p.m. in the old Weed High gym.

The Eagle roster includes Decker Beckham, Joe Belcastro, Dean Crechriou, Ed Fuzza, Wally Girard, Jeff Hawkins, Dow Beckham, Butch Jordan, Larry Lilla, Gary Longmore, Mike Lowry, Joe Owens, Ted Peters, Dave Siriani, Wood Smith and Bob Zulu-nardo.

The club was adversely dodged by California's Tournament of Champions at the close of the season.

In 1953 they compiled a 23-4 record while winning the league and invitational titles.

Grensted will be assisted by coach Bob Weber.

The Miners open the season on Nov. 26 against Trinity at Weaverville. They swing immediately into league action when they tangle with Mount Shasta on Dec. 2. On Saturday, Dec. 3, they host the Grants Pass Cavemen in a nonconfer.

The longest scoring play of the 1959 Big Ten football season was a 93-yard pass interception return by Michigan State halfback Bob Suci against Michigan.

Olympic rules define an amateur as one "who competes solely for pleasure . . . without material gain of any kind, direct or indirect."

Roman Emperor Theodosius banned the Olympics in 405 A.D. following a riot, touched off when the Greeks accused the Romans of professionalism.
