

Car Plunge Claims 7

EUGENE (AP) — A car plunged into Dexter Lake and a man and his wife and their five children drowned, state police said today.

The car was dragged from the lake and four bodies were recovered. Police identified them as Howard R. Lemons, 39; his wife, Gloria, 35; and two of their children, Virginia, 7, and Michael, 2.

Police said three other Lemons children who drowned were Robin Ann, 8; Howard Jr., 6; and John, 16 months. Their bodies were not recovered immediately.

The car probably went off the road about 5:30 p.m. Sunday, as heavy rain pelted the area, in mountain foothills 19 miles southeast of here when the family was returning to its home in Westfir from Eugene, police said.

Police searched the area Sunday night, found a smashed license plate, paint on a guard railing, and a hubcap near the water's edge. They were not able to locate the car then.

Skindivers started probing the waters of the lake today. They spotted an oil slick and went down to the lake's bottom. They found the car in 25 feet of water, about 25 feet from the shore.

Lemons was the general manager for the Hines Lumber Co. He previously had been on the University of Oregon faculty, serving as athletic department business manager and for a short time as assistant to the university president.

Police said the family had gone to Eugene yesterday to take Mrs. Lemons' father, Robert Adair, to his home.

FOR YOUNG COUPLES
EASTWOOD, England (UPI) — The Rev. Peter Capon told his congregation Sunday night that D.H. Lawrence's "Lady Chatterley's Lover" would make a good "guide on love and marriage" for young couples.
