Danish Life Speaker's Topic

DUNSMUIR—Pilgrims and turkeys, spruce bows and candles made luncheon tables festive at the Nov. 15 meeting of the Dunsmuir Women's Club at Hotel Dunsmuir.

Terri Fawcett provided the program of the afternoon, colored slides of Denmark with a commentary on Danish family life.

Terri told of a Fourth of July celebration she attended at which all 50 flags of the United States were flown in Danish-American friendship. She said the Danes revere Abraham Lincoln and she visited the log cabin shrine built to honor him in Denmark.

The fact that she put up her own hair was quite a point of curiosity in the home in which she spent the summer. Before the summer was over she was coiffuring all the women members of the family.

Women smoking cigars and changing to swim wear on the beach sans dressing room were two customs the speaker said she could not adopt, but otherwise she said she felt her Danish home was a real home during her stay there.

A letter of thanks was read from Governor Brown in appreciation of flowers in his room during his visit to Dunsmuir. This gesture for visiting dignitaries will be a club project whenever possible, it was decided.

No decision was reached on the community service project of the club. It was felt community beautification and help with the Community Center could be decided upon later in the year.
