

SPECIAL AWARDS for service during the Boy Scout Golden Jubilee Jamboree in Colorado Springs this year were received by these men during a reunion dinner for scouts and leaders who attended the jamboree here recently. They are, clockwise: Harold Ashley, chairman, Jamboree Committee; William G. Ely, Ron Wilkerson and "Swede" Harroun, Klamath Falls, and Ed Stastny, Malin.—Photo by Harold Ashley

Drug Firm Keeps Mum

DETROIT (UPI)—A spokesman for the Parke Davis & Co. drug company said today the firm would not comment until a suit filed in California in connection with the death of a university coed who had been given a drug manufactured by Parke Davis.

The spokesman said the drug company had not yet received a bill of complaint in the suit and would not comment until it did. The suit, seeking \$250,000 damages, was filed Tuesday in Superior Court of Los Angeles and named Parke Davis, the University of Southern California and three doctors as defendants. It was filed by Mr. and Mrs. Edgar Ellstrom who charged the death of their daughter, Brenda Lynn, 19, a University of Southern California student, resulted from malpractice and the administration of chloromycetin, a potent antibiotic made by Parke Davis.

Ellstrom, who is editor and publisher of the Fullerton News Tribune, said any funds received through the suit would be contributed to the Children's Hospital in Orange County, Calif.

Miss Ellstrom died June 8 of aplastic anemia.

Only in the state of Kentucky is the governor a member of the state legislative council.

Farm Drop Seen Without Surplus Cut

WASHINGTON (UPI)—Farm "Any sharp or dramatic in plus tools worth \$86.7 million at once will drop again during the year in farm income, probably by more than \$1 billion during the next five years unless the government enacts more effective and selective farm programs," the report said. It said that if government farm programs were held in place, farm income would drop 30 percent in 1961 and 40 percent in 1962. The report said that if government farm programs were held in place, farm income would drop 30 percent in 1961 and 40 percent in 1962. The report said that if government farm programs were held in place, farm income would drop 30 percent in 1961 and 40 percent in 1962.

"DENNIS THE MENACE"

The Foreign Agricultural Service (FAS) reports that during the first nine months of 1960, Australia shipped 133 million pounds of chilled and frozen meat to the United States, 29 percent less than in the same period last year. This is in line with the downward trend in meat imports by the United States and a reflection of the growing cattle numbers in this country.

Mother Murder Ends With Cell

CAMBRIDGE, Mass. (AP)—A 19-year-old Melrose youth was sent to prison today for life for murdering his mother. It months ago when she refused to approve his marriage to a Negro girl. Richard Seaver, 19, pleaded guilty in Superior Court to a charge of murder in the first degree and sentence was passed by Judge Charles S. Boyd. The stabbed, beaten, wretched body of Eleanor Seaver, 42, divorcee, was found in a closet in her home in Melrose, a Boston suburb, after Boston police picked up young Seaver on a purse-snatching charge. His admissions led to discovery of the Jan. 4 killing.
