Techmen Get Set For Three

Thursday night in the Oregon Tech gym the OTI Owl basketball team swings into its second straight three-game series when Chico State appears for a single game starting at 8 o'clock.

Friday night the Owls square off against the Humboldt State Lumberjacks in the first of a two game session.

The Owl five is showing no ill effects of the three-day siege in Portland at the District NAIA Tipoff Tourney, and aren't the least bit discouraged in spite of the fact they were stopped in all three games.

Said coach Wally Palmberg, "Losing to any of those ball clubs was no crime . . . they were all good teams. I am satisfied that we will do well come conference play. Oregon College shows a lot of size and talent and they are going to be tough this season but I think we'll have jelled by conference time . . . so we'll be okay."

Owls Bob Petersen and Van Zitek came back from Portland with a mark or two from the rugged combat. Petersen, although he missed a practice because of it, is toughing out a sore hand resulting from a bone chip on a knuckle. The hand is tightly bandaged.

Zitek took a whack in the eye that is causing him trouble.

Monday afternoon the Techmen returned to the practice floor and will continue workouts through Wednesday.

Palmberg is not certain of his lineup for the coming test with powerful Chico State but he has shifted things around to make room for Charlie Wilson at a possible back-court slot. Wilson, the football star who is the brother of little Leon Wilson who topped all the NAIA tourney scorers with 60 points in three games, was a starter on the 1959 squad.

Palmberg will probably use Petersen, big Gene Branson and Hewlett Nash at the remaining starting positions.

AFL Drafts Top Talent

DALLAS, Tex. (AP)—The young American Football League flexed its muscles today and pointed to all the top college talent it had drafted.

Nine of the All Americans, including the great Joe Bellino of Navy, were included in the 240 players selected in 30 rounds. The draft, started two weeks ago, was finished Monday night.

Bellino was the nineteenth choice of Boston. William H. Sullivan Jr., president of the Boston club, explained that while "Bellino is all they say he is—a great football player—we picked him down the list because he has probably four years to serve with the Navy. We had to draft those immediately available at the top."

The All Americans drafted beside Bellino were Dan LaRose, Missouri end, taken by Boston; Mike Ditka, Pittsburgh end, selected by Houston; Ken Rice, Auburn tackle, drafted by Buffalo; Bob Lilly, Texas Christian tackle, selected by Dallas; Tom Brown, Minnesota guard, picked by New York; Jake Gibbs, Mississippi quarterback, taken by Houston; Ben Balme, Yale guard, drafted by Los Angeles, and Pervis Atkins, New Mexico State back, selected by Oakland.

All were high up except Bellino and Balme, who was picked in the twenty-fourth round.

Atkins actually was drafted as a future last year. He doesn't finish college until this year.

Two were not touched—Roy McKasson, Washington center, and Bob Ferguson, Ohio State back. Lamar Hunt, Dallas owner, said McKasson, 205, apparently wasn't drafted because he was considered small for a pro football lineman. Ferguson is a junior.

County 'B' Cagers Slate Play Tonight

County B basketballers, with a pair of pre-season jamboree games under their belts, initiate the regular season tonight when they tangle on five courts around the area. Two of the games scheduled are league "counters" while the others have no bearing on league standings.

In B league action a county champion is crowned at the termination of the regular season but the team to represent the area in the state playoffs is determined by the annual B basketball tournament which will be held at Oregon Tech beginning Feb. 21.

In one league game this evening the Chiloquin Panthers, winner of the Northern Jamboree on the weekend, go up against the

Malin Mustangs, the runnerup in the Southern Jamboree, at Malin. In the other the Bly Bobcats visit Bonanza for a test with the Antlers.

The Sacred Heart Trojans travel to Tulelake to meet the Honkers; the Merrill Huskies come to Klamath Union for a match with the KU Jayvees; and the Gilchrist Grizzlies play host to little Lapine, to round out the slate.

The Henley Hornets, winner of the jamboree on their home court over the weekend, are idle until Friday night when they meet Chiloquin on the Henley mapledoor.

The Chiloquin - Malin scrap should prove the feature of tonight's action.

The Mustangs, the state's defending champs, again have an edge in height plus an All-State performer in Larry Rick, the 6-3 junior. Back court man Bobby Brown steers a Mustang offensive which seems a little slow starting.

The Panthers floor a quintet of able ball-handlers which includes Butch Crume, Ed Case, Norm Jackson and Frank Heglund. However, they are still missing the service of big Paul Harris who is still suffering from a knee injury in football.

In the county action all varsity games will start at approximately 8:15 following preliminaries scheduled for 7 o'clock.

NFL Heads Toss Coins For Playoffs

NEW YORK (AP)—Coins were to be flipped today at National Football League headquarters here to determine playoff pairings in event of a tie in the Western Division where three clubs now are deadlocked for first place.

Baltimore, Green Bay and San Francisco are tied, each with 6-4 records and with two games to go before the end of the regular schedule.

Actually, five teams have a chance, with the Chicago Bears at 5-4-1 and Detroit next at 5-5. All five teams were represented but Commissioner Pete Rozelle narrowed it down to a 3-way deadlock to simplify the procedure.

The Philadelphia Eagles clinched the Eastern Division title Sunday and will meet the Western winner in Philadelphia. The original date is Dec. 26, but will be changed if there is a deadlock.

Rozelle set aside two playoff dates to take care of a triple tie. Teams A and B would meet Dec. 26, with the winner playing team C Jan. 1. The Western champion then would play the Eagles in Philadelphia Jan. 7.

In event of a 4-way deadlock, eliminations would be played Dec. 26, with the two survivors clashing for the Western crown Jan. 1. Here is the remaining schedule for the five teams involved:

Green Bay — at San Francisco Dec. 10; at Los Angeles Dec. 17. Baltimore — at Los Angeles Dec. 11; at San Francisco Dec. 18. San Francisco — Green Bay Dec. 10; Baltimore Dec. 18. Chicago — Green Bay Dec. 10; Baltimore Dec. 18. CHICAGO — at Cleveland Dec. 11; at Detroit Dec. 18. Detroit — Dallas Dec. 11; Chicago Dec. 18.

Sugar Ray Claims Title

LOS ANGELES (UPI)—A rejuvenated Sugar Ray Robinson today laid claim to the middleweight crown as a result of his draw with co-champion Gene Fullmer and announced plans for a series of European bouts.

The 39-year-old Robinson, after considering possible retirement from the ring, instead announced new plans that included the European tour, making a movie in Rome and awaiting a possible third return match with Fullmer.

Robinson based his claims to National Boxing Association's version of the title on the fact that he never lost the crown in the ring but was stripped of it by the NBA.

KU Quint To Host Millers

The Klamath Union Pelicans, fresh from a spine-tingling series with the Indians at Roseburg, play host to the Springfield Millers on the Pelican Court this Friday and Saturday night in a pair of games that will initiate action before hometown crowds.

In Roseburg the Pels dropped a 64-62 overtime squeaker on Friday, then roared back in the closing minutes of the second game to collect a 78-73 victory.

It is hoped that the Roseburg game films will be available for showing at the Pelican Booster Club meeting in the Chuck Wagon Restaurant at 6:30 Wednesday night. The Indians made movies of both games and have promised that they would ship them to Klamath Falls in time for the meeting.

The Booster Club meeting is open to all KF fans, whether they are club members or not, and a large turnout is expected.

Coach Dean White, who will put his squad through speedy workouts through Thursday afternoon in preparation for the Springfield invasion, reported that he was highly satisfied with the performance of his club in Roseburg.

Said White, "It's too bad the series couldn't have been played here so local fans could get a true picture of just how great this Jarvis (Jim, Indian guard who scored 30 points the first night and 36 the second) really is. He's everything they've said he was and more. With the way we controlled the boards, we would have beaten the average club easily . . . Roseburg is not an average club. In the first half Saturday night Jarvis scored 30 points but in the second half Palmberg (Wally) kept on him so close that he couldn't get his hands on the ball. His next six points were all free throws."

White noted that while he would probably start Bruce Bricker, Gary Patzke, Ray Taylor, Palmberg and Fred Biehn against the Millers this weekend, he would also call upon Bob Lapsley and Wayne Dennis for a lot of work.

OSC Dealt 62-53 Loss; Soph Shines

SANTA BARBARA, Calif. (AP)—Sophomore Steve Pauly blossomed into a potential starter for Oregon State, but the rest of the Staters faltered Monday night and went down to a 62-53 basketball defeat before the University of California at Santa Barbara.

Pauly, a reserve thrown into action when the other Staters could not get going, tallied 16 points for the losers, high for his team.

Santa Barbara put up a relentless defense that the visitors could not cope with. The Staters went 8½ minutes at the start of the game without getting a field goal, and managed only 16 in the whole game.

Carl Anderson, 6-10 Oregon State center who had scored 34 points in his team's previous two games, was held scoreless.

Forward Joel Fleiss led Santa Barbara with 19 points and guard Buddy White had 14.

Oregon State now has a 1-2 record after its opening road trip.

ST. LOUIS — At major league meetings the American League proposed that the National League take in New York as a ninth team and play inter-league schedule in 1961. Unless this is done, it threatened to go through with its plans to operate a 10th club in Los Angeles next season.

Expansion Solution Laid In Frick's Lap

ST. LOUIS, Mo. (AP)—Commissioner Ford Frick has been called upon to make baseball's most important decision since the warring American and National leagues signed a peace pact in 1903.

Frick alone must decide whether the American League goes into Los Angeles next year in defiance of the National League and Walter O'Malley, owner of the Los Angeles Dodgers.

The American League, thwarted by the National in its efforts to include Los Angeles in an expansion program for 1961, put the issue up to Frick Monday night. "We insist on moving to Los Angeles in 1961," American League President Joe Cronin told the commissioner. "Now it's up to you."

The American League hurled the challenge after the National League rejected its proposal to engage in interleague play in 1961, with each league expanding to nine teams.

"The National League has advised us that nine-team interleague play was not possible in 1961," Frick said. "I will not be hustled into a quick decision," Frick said. "I will take my time and announce my decision at the joint meeting Wednesday. And I assure you I'll do what's best for baseball."

"I consider the American League proposal to be one of several alternatives."

The other alternatives were the nine-team proposal; reverting to eight clubs; and the National League's amendment to permit the AL to move into Los Angeles in 1962.

Most American Leaguers were convinced that Frick would decide in their favor.

"The commissioner can't vote us down," said an AL club owner. "If he does, he will be guilty of failing to keep faith with us. He assured us he would vote Los Angeles an open city if we made earnest efforts to make a just and reasonable settlement with O'Malley regarding indemnity."

A syndicate headed by cowboy actor Gene Autry and former football star Bobby Reynolds was virtually certain to acquire the franchise. Autry and Reynolds met with O'Malley Monday for about 20 minutes.

Cronin denied reports that the American League would vacate Washington for one year and revert to eight teams if it can't expand to 10 teams in 1961.

OAKLAND, Calif. (UPI)—The Los Angeles Chargers' 41-19 win over the Oakland Raiders was under protest today.

Raider general manager Chet Soda said he had protested to American Football League president Joe Foss over the Chargers' use of linebacker Al Banskavage. Soda said that Foss had told him Saturday that the protest would be valid if Banskavage played Sunday.

"Foss told me Saturday that he called Sid Gillman (Charger coach) and informed him about his decision in the Banskavage case," Soda said.

Soda said that Banskavage, a Raider draftee, refused to play for Oakland, but was activated as a Charger Saturday.

Mobster's Wife, Kearns Paid

WASHINGTON (AP)—The International Boxing Club paid \$180,000 to two influential persons to help line up fighters for its televised boxing shows, a former IBC president testified.

But Truman K. Gibson rejected a suggestion Monday that the payments were a payoff to guarantee peaceful promotion of the bouts. The payoff description was offered by John G. Bonomi, attorney conducting the hearings for the Senate Antitrust and Monopoly subcommittee.

Gibson faced further questioning today about activities of the IBCs of New York and Chicago, which went out of existence after the Supreme Court found that they monopolized championship bouts and violated antitrust laws.

The subcommittee is seeking evidence of underworld activities in the prizefight business.

Gibson testified that companies associated with IBC had made payments totaling about \$180,000 since 1953 to the wife of imprisoned gangster Frankie Carbo and to ageless Jack Kearns, boxing's irrepresible jack of all trades.

Gibson testified Kearns was paid to establish communications with boxing managers at large and stabilize the IBC program. Kearns headed the powerful International Boxing Managers Guild, and managers at the time were complaining they did not get enough money from fight telecasts.

Gibson conceded that getting the guild's good will was a factor in the payments to Kearns, but he said Kearns earned the money by helping to line up matches for the Wednesday and Friday night fights.

"He did a good deal more than spread good will and cheer for us," Gibson said.

He testified Kearns was known as a bitter enemy of Carbo, the underworld figure who operated for years behind the scenes in boxing.

Carbo is serving a two-year term for illegally managing and matchmaking under cover.

But Mrs. Carbo was paid between \$40,000 and \$45,000—under her former name of Viola Masters—because IBC had to deal with fight managers on Carbo's side of the ring, Gibson said.

He agreed with Bonomi that one reason for hiring her was "to counterbalance Jack Kearns." He said he and other IBC executives hoped to "negate the ill effects" that might flow from hiring Kearns. "We wanted continuity in our TV series."

Gibson identified a score or more of the nation's best-known managers—some also well known to the police—as friendly or even committed to Carbo.

He also implied that Carbo dictated terms for a 1952 rematch between Jersey Joe Walcott and heavyweight champion Rocky Marciano.

Ohio State, Bradley Tough; Indiana Flattens K-Staters

By The Associated Press

Ohio State and Bradley, holding college basketball's two major titles, may be just as tough to push around this season as they were en route to the 1960 NCAA and NIT crowns, respectively.

But pity poor Indiana—a team that may be better than either, but will have to take all the glory it can get during the season A four-year stint in the NCAA's dot house precludes any post season play.

This trio came up winning Monday night but another pre-season contender for national honors, Utah State stumbled in its second game of a three-game road trip.

Ohio State shook off St. Louis and won going away 81-66 while Bradley, led by Chet Walker's 50 points, belted the touring California Aggies of Davis, Calif., 102-65. Indiana hurled a big one, swamping Kansas State 98-80.

Detroit gave Utah State a dose of its own medicine, winning 70-68 in the final five seconds after the latter had beaten NYU with six seconds remaining last Saturday night.

North Carolina won its first, beating LSU 77-61, Michigan State had to sweat before getting by Bowling Green 70-67 and Minnesota had a rough time with Missouri before winning 60-56. Vanderbilt beat Florida State, which upset Kentucky last Saturday, 75-65 while Iowa State upended Wisconsin 88-76.

A 16-4 spurt by Ohio State at the start of the second period sank St. Louis, which led for most of the first half. All-America Jerry Lucas scored 23 after getting only six fouls shots before halftime. Tom Kiefer led the Billikens with 20.

Walker, Bradley's scoring threat sank 20 field goals and 10 fouls against the Aggies as the Braves won their 38th in a row at home. Walt Bellamy and Tom Bolyard led a 10-pound Indiana charge with eight minutes left that flattened Kansas State. K-State had led for two-thirds of the game before this. Bellamy finished with 25 points and Bolyard added 23. K-State's Cedric Price, spectacular on defense, led his team with 29.

Promoter Says 'Big Money' Just Myth

MIAMI, Fla. (UPI)—There is no way of telling whether a criminal element still operates in boxing's shadowy underground but promoter Chris Dundee asserted today, the sport "isn't big enough any more to attract a real racketeer."

There could be a suspicion of this analysis in view of former International Boxing Club President Truman Gibson's testimony before the Kefauver committee that jailed mobster Frankie Carbo manipulated a national boxing network. Gibson also testified that Dundee once used Carbo's influence in an attempt to obtain certain closed circuit television rights for a championship fight.

"That's a lot of bunk," Dundee snorted. "If he was so big and went to bat for me, doesn't it seem likely I'd have gotten it?"

Dundee admitted that he knew Carbo but denied that he ever did any "business" with him.

"Sure I knew him," he said. "Who didn't? I met him back in 1937 around Stillman's Gym in New York. He was managing Johnny Greco. But in 11 years as a promoter in Miami Beach I've run as many as 50 shows a year and never once did any business with him. Okay, so who knows who's in the background, maybe he was. But not to my knowledge."

As for the "big money" long reputed to be part and parcel of the fight game—"cutting up" fighters or betting—Dundee holds that such items are strictly mythical.
