MRS. ADRIAN THOMPSON returned last Wednesday from Los Angeles where she had spent three weeks visiting her sister, Mrs. Rena Smith. She also visited Mr. and Mrs. Harry Hopper in Bakersfield.

Ballpark Grading Done

DUNSMUIR — Grading operations of the new Little League ball park adjacent to the community swimming pool were almost complete this week after volunteer laborers followed up organization of the project, donating time and equipment.

Those transferring fill material to the site and doing survey work were Mel Fitzhugh, C. D. Gordon, C. J. Goodrich, George Higgins, Sid Fischer, Al Dains, Harold Walsh, Tom Walsh, E. S. Page, Al Rossi, of Slate-Hall and Hamilton contractors; Ralph L. Smith, Lumber Company and Chuck Palmer.

The Project Committee, headed by Mrs. E. E. Newlin, Little League president, decided to place home plate at the northeast corner of the site with bleachers along the north and west boundaries.

The Recreation Commission will be asked if the swimming pool locker room just adjacent to this site may be used by the Little League if proper supervision is provided. This will cut costs considerably, Sid Fischer said. Fischer is co-chairman with Charles Williams of the business management and financing of the project.

A four-foot wire fence is being considered by the committee but funds for this are not yet available. In planning the field, every effort is being made to make it attractive to the eye as well as useful, Fischer said.

Other committees that will work on the field this winter as weather permits are the Dugout and Backstop Committee composed of Herman Kostiz and Boyd Crav-

Hotel May Be Converted Into A Nursing Home

YREKA—The firm of Pacific Convalescent Hospitals, Inc. has been considering the possibility of converting the Dunsmuir Hotel in Dunsmuir into a convalescent and nursing home, according to the company's representative, Arthur S. Reinhart, who appeared before the Siskiyou County Board of Supervisors during their Tuesday session, at which time Reinhart presented the proposal.

PRESIDENT GETS ART

WASHINGTON (UPI) — A Hungarian refugee, who believes "it's better to be a little mouse here than a big elephant under the Communists," has given President Eisenhower samples of his art work.

Joseph Domjan of River Edge, N.J., described as one of Europe's leading artists, Friday presented Eisenhower with a portfolio of woodcuts. Domjan and his family fled Hungary in 1957.

He had told how many patients were in beds lined up in the halls of the hospital. McKean reported that last Thursday, the hospital was caring for 118 patients, and is only licensed for 114 beds.

Patients or beds and equipment moved into the halls in violation of state fire, health and welfare laws, according to McKean.

The board had taken earlier action to raise the amount the county would pay for nursing home care, which was done as a means of interesting a firm to establish a convalescent and nursing home in the county, hoping to ease the present overcrowded conditions at the hospital. Previously the county had paid \$125 per month flat rate for boarding home care. This was

Driver Gets 100-Day Sentence

DORRIS — Robert Bruce Perry, 43, Merrill, appeared before Judge Les Chase in Dorris Judicial Court Tuesday. He was charged with driving with a suspended license and drunk driving.

IT'S FRANCES (18)

SAN FRANCISCO (UPI)—Officials at Fleishacker Zoo, delighted because Victoria the koala presented her mate Sydney with an offspring, had one problem today.

They don't know whether the new koala is a boy or girl. And so they have named the new arrival Frances — and they will change the "E" to an "I" should further developments warrant it.
