AGRICULTURE

SOILBUILDING IS THE KEY TO FARM PROGRESS AND PROSPERITY!!

The chance to grow and progress is everywhere! The challenge of today is the accomplishment of tomorrow! Agriculture must grow to keep abreast of increasing demands. Simplot Soilbuilders are proud of the work, the growth and the accomplishments that are behind us but as we apply the tools of research to the improvements of Agricultural products and the discovery of new methods, we are more excited by the promise of the future growth and development of the great Klamath Basin.

Simplot Soilbuilders have the only complete range of liquid fertilizers in the basin. Aqua Ammonia for injection . . . Urea 32% Nitrogen for top dressing grain or grasses . . . Liquid Ammo-Phos for all crop requirements.

Simplot Soilbuilders Custom Spreader truck does the job fast . . . saves you time, labor and money! Timing is important. Don't let your fertilizer application lag because you are too busy with other work. Call Simplot Soilbuilders for custom fertilizer application . . . NOW!

Also available at Simplot Soilbuilders is custom mixed fertilizers. ALL FIELDS REQUIRE DIFFERENT RATIOS OF FERTILIZERS . . . JUST AS ALL BABIES REQUIRE DIFFERENT FORMULAS! Let us save you money by custom mixing fertilizers and chemicals to fit your individual needs. Pictures left to right—bin of bulk fertilizer, loading for mixing, packaging the special order.
