

**J. D. VERTREES**, County Extension Agent, checks an alfalfa field for germinating cheat grass. New field testing is continually carried on to enable more profitable and better quality crops to be produced. New methods of weed control are constantly being tested.

**AN ANNUAL FEATURE** is the Rotary Club sponsored 4-H, FFA livestock show and sale held in the spacious West Pavilion at the Klamath County Fairgrounds. Here the grand champion hog, the product of the work of Bonnie Duncan, Malin, right, is sold to Mara Maloney, daughter of Mr. and Mrs. Robert Maloney, representing the Klamath Gas Company. The hog brought \$520 at the 1960 sale.

**WIRE SILHOUETTES** are among objects of art constructed by members of Sprague River 4-H Club during a crafts project. These youngsters are, front, from left, Ernestine Parrish, Lauretta Crume and Aaron Wilson; back, from left, Lyle Wells and Beaver Woods. —Photo by Carol Armstrong.

**YOUNGSTERS LEARN QUICKLY** such complex subjects as electricity in 4-H Club work. Here Steve Skinner, left, Henley, and Alan Jackson, Klamath Falls, members of the Livewires Electricity Club, demonstrate the fruits of a project — an electronic safety lock. On the desk are electronic games. —Photo by Carol Armstrong.

# PROGRESS THRU SERVICE!

**JIM KERNS**

Yes, service is a part of our past and the plan of our future. We are proud of the progress of this community . . . and proud to have been a part of its growth. Through all of our adult lives we have been in this business . . . selling only products that we can conscientiously recommend as the best, but most important, to be willing and prepared to maintain the operation and service of the things we sell. We hope to serve progress, and you . . . even better in '61

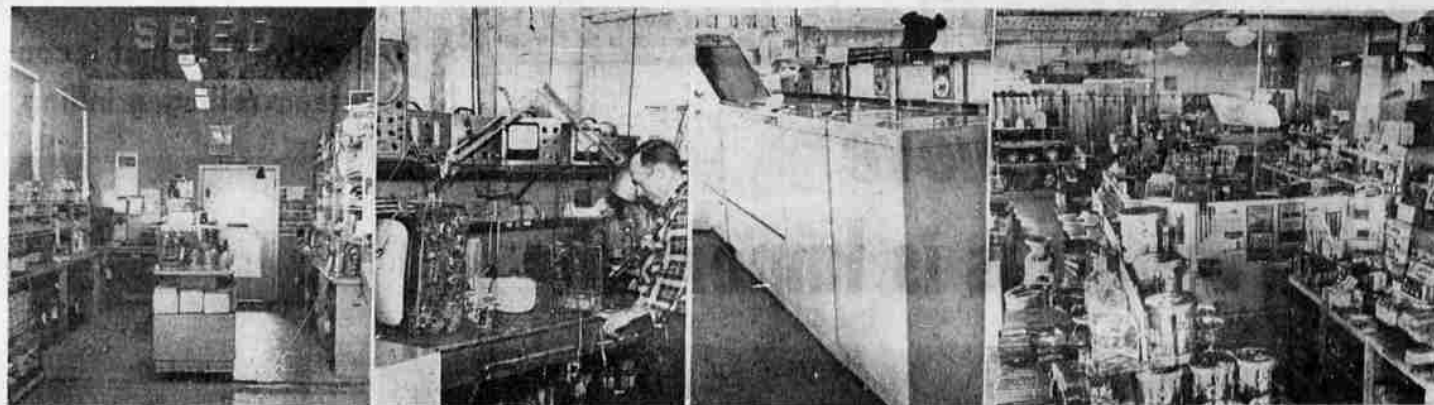

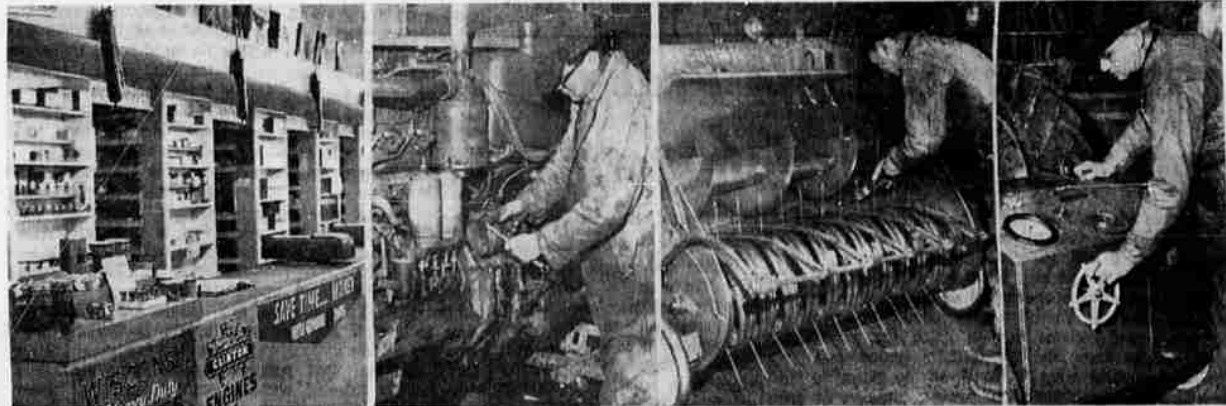

## PROGRESS IN IRRIGATION

Complete irrigation supplies . . . pipe . . . fittings . . . couplings . . . sprinklers . . . everything to complete the job to your individual specifications. Electric pipe press for coupling installation to eliminate unreliable banding. You'll also find a complete stock of sprinkler repair parts . . . readily available for instant use. Completing our irrigation facilities, we have a planning service. We'll plan your installation and give you free estimates. Irrigation pump sales and service a specialty.

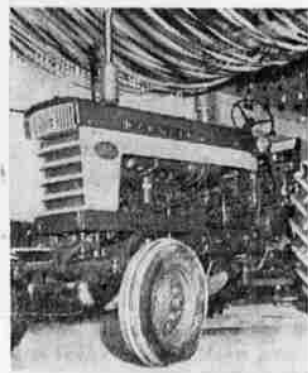

## PROGRESS IN EQUIPMENT REPAIR

J. W. Kerns service facilities are second to none in the entire area. Factory trained and experienced men to handle every phase of farm machinery repair. Whether it's tractors . . . combines . . . diesel engines . . . whatever the job, our experts have the know how and equipment to do the job, fast, in our shop or in the field. A complete stock of parts and supplies assure that there will be no unnecessary delays in job completion.

## PROGRESS IN MERCHANDISING

Whatever you're looking for it can probably be found at J. W. Kerns. Norge Appliances, Sylvania TV . . . everything from housewares to garden supplies . . . toys to plumbing supplies . . . transistor radios to tractors! J. W. Kerns has complete service departments for appliances and television staffed by experienced, reliable personnel. Make J. W. Kerns your one stop shopping headquarters.

## PROGRESS IN NEW FARM MACHINERY

First line . . . world famous International Harvester Farm Machinery serving the needs of farmers for over half a century. This fine line of machinery is available at J. W. Kerns. Whatever the type or size of equipment you need International Harvester has the answer. Complete parts and service to back up every sale.
