KLAMATH FALLS, OREGON

TO THE PEOPLE OF KLAMATH FALLS, OUR FRIENDS AND NEIGHBORS:

Little did Cal realize, at the age of eleven, he was establishing a business which he would sell almost exactly fifty years later! The transfer of the heating division of Peyton & Co. today to Norman R. and Ethel T. Hansen was that sale. Peyton & Co. is still in business at the same address in the concrete products and Dry Mix distribution.

Cal is continuing his real estate office in association with Harold Rush and Al House. In terminating the fuel department there are hundreds of people who deserve our personal thanks. We have been blessed by the support and cooperation of the people of our town. Now, as always, we find the home people to be the finest... remembering their words of encouragement that so often were the only sparks that gave meaning to our efforts. We endear these folks in our memories.

We thank you... wishing each one to personally accept our expression of gratitude.

Sincerely,

*Cal Peyton

MR. AND MRS. KLAMATH FALLS:

After fifty years of serving the Klamath Basin as one of your fuel dealers, it gives us great pleasure to introduce Norman R. and Ethel T. Hansen, the new owners of the Frankford Fuel Co. They have also purchased the fuel division of the Peyton & Co. with offices at 835 Market Street. We have many wonderful memories dating back to the time when we delivered fuel by team-drawn wagons. It has CERTAINLY been our privilege to have been able to be of service to so many, many fine folks. You will always be remembered as the many friends who have made these years happy ones. Please accept our thanks as we step aside to let the Hansen's take our place to serve you in all of your fuel needs... including the superior products of the Standard Oil Co. Harold is remaining in the same office with the Hansen's to help them in this transfer and will retain his real estate license with Cal Peyton.

With Deep Appreciation

*Harold M. Rush
Carrie L. Rush*

INTRODUCING

Mr. & Mrs. Norman R. Hansen

We are very happy to acquire these two old time, well established fuel dealerships. We have been residents of Klamath Falls since 1920, most of that time being spent in the lumber business. Our intentions, of course, are to carry on the traditions of good service offered for so many years by Cal, Harold and all their fine employees. We extend greetings to our present customers with sincere gratitude for their continued business... welcoming new customers with enthusiasm. We pledge honest, fair dealings at all times... plus the best possible service available. The services of the present personnel will be continued from both companies... insuring the high-type service offered in the past.

*Norman R. Hansen
Ethel T. Hansen*
