## Burglary Ring Losing Money

LONDON (AP) — A police spokesman said today a gang of burglars operating in Nottinghamshire "doesn't even appear to have covered their expenses." Nine days ago they used too much explosive to blow up the safe at an auto shop. They blew off the roof. Then they tried to blow open the strongroom at a brewery in Kimberly and overturned an oil heater causing a fire. Monday they cut their way into a bank vault at Daybrook, but their oxy-acetylene torches set the bank on fire. The bank is located next door to the firehouse. The bungling burglars fled just before the firemen arrived.
