PARK FREE AS LONG AS YOU LIKE

**You don't need good soil to have a good lawn**

Success depends on the fertilizer you use, *not* on the soil. Any soil can give a satisfying grass or dichondra lawn if fed regularly with protein-building TURF BUILDER®. Re-seeding a thin, spotty lawn this spring? Sow Scott's seed at the *economy* rate—and fertilize with TURF BUILDER on the same day. With Scott's you need far fewer seeds per square foot—and far fewer pounds of seed in all—to build a lovely, thick lawn. You'll spend less than you would for so-called "bargain" seeds, with none of the risk. Scott's is all-perennial and 99.91% weed-free. The most lawn per dollar—a lovely lawn that lasts.
