

Science Film To Be Shown

"Windows of the Soul," a new science film by the Moody Institute of Science, will be shown starting at 7 p.m. Wednesday, March 8, at Immanuel Baptist Church, Eleventh and High streets. The public is invited.

Dr. Irwin Moon, who conducted an experiment of living in a fantastic upside down world and other scientific experiments, demonstrates that the individual actually sees with the brain instead of the eyes, that odors are seen, that hearing is limited and that the human body is immersed in great oceans of energy.

Dr. Moon says, "Scientific knowledge spurred ahead when man turned from his own fantastic ideas about nature and humbly set out to discover God's physical laws."

Grange News

SHASTA VIEW

Master John Reitmeyer presided over the Shasta View Grange meeting on March 3.

Clyde Caldwell explained House Bill No. 1010 on inventory tax.

Reitmeyer stated a measure has been introduced in the House of Representatives of the Oregon Legislature whose purpose is to permit counties, cities and small communities to decide whether they want to have daylight saving time in their own areas. He asked members to write to the legislators opposing this measure.

Dorothy Mitchell, relief chairman, reported that Mrs. Al Price's mother is being hospitalized.

Myneelah Cline, home economics chairman, reported on the county conference conducted by Mrs. Josie Cross, District No. 5 chairman.

A potluck dinner will be served March 17 at 6:30 p.m. for all members and friends. Everyone was reminded of St. Patrick's breakfast March 19, adults \$1, children under 12, 50 cents.

Dixie Reitmeyer, lecturer, presented a literary program.

Refreshments were served by Mr. and Mrs. Ray Brackman and Mr. and Mrs. Clyde Caldwell.
