Director Analyzes Marilyn Monroe

LONDON (UPI) — Director John Huston posed the question today: Inside the international sex symbol that is Marilyn Monroe is there a nice, quiet young woman fighting to get out?

And is this the reason for the tangled emotional life of the star?

These questions occurred to Huston as he considered the case of Miss Monroe in the light of his current interest in the teachings of Sigmund Freud, the father of psychoanalysis.

Huston, who directed Miss Monroe's most recent film, "The Misfits," now is preparing a screen biography of Freud which he regards as the most exciting venture of his career.

"It has given me a new insight into the minds of some of the stars I have directed," he said.

Huston was reluctant to offer examples but finally agreed to state an opinion on the troubles Miss Monroe has been having.

"I think her big handicap is that she is unable to live up to her sex symbol status in real life," he said. "In fact, I don't think she really cares very much about sex at all."

Huston's diagnosis brought an exclamation of astonishment from his audience, some of whom had only just seen the lush blonde wiggling across the screen in her latest picture.

Huston, who is as colorful a character off screen as his stars are before the cameras, confided he might hypnotize one or two of the cast in his film about Freud.

"I've done it before in other films but I'm not saying which ones," he said. "I've been an amateur hypnotist for years, but Freud seems a particularly apt picture in which to try it."

Evangelical Group Meets

The third monthly meeting of the Klamath Basin Association of Evangelicals was held at the Winema Crater Room March 7. Pastor Freeman Schmitt of the Bible Baptist Church introduced his guest, Rev. Paul Green, of Arizona, who is currently holding meetings in the Rev. Schmitt's church.

Pastor Ron Hall, acting president of the association, brought a report of the regional board meeting which he attended Feb. 13 and 14 in Portland. A letter was read to the group from the regional office in Portland suggesting April 28 as a date for a city-wide Anti-Communism Seminar to be held in a local church. Rev. Ronald Arnold, a former Communist, will attend at this time and bring an informative lecture on this current menace.

The next meeting of the Klamath Basin Association of Evangelicals will be held April 4 at 12 noon in the Crater Room of the Winema Hotel.

4-H NEWS

MERRILL

The combined Home Economics 4-H Club of Merrill observed National 4-H Club Week with a meeting featuring Fred Florence, chef for the Shasta Cattle Company, as guest speaker.

Florence has worked as a butler or chef for many well known families. He spoke on proper table setting, manners and etiquette. He also told of his personal experiences at the home of his former employers.

He has worked for such celebrities as General Marshall, Mark Clark, Humphrey Bogart, Bob Hope and numerous other well known personalities.

One very interesting personal experience was when he served the former President Truman while he and Mrs. Truman were visiting with General Marshall. He told how the secret service men sat right in the kitchen and checked every ingredient used for the meal.

The children enjoyed the meeting and felt they had learned a great deal to help them with 4-H projects in the future.

Our words chicory, crocus, hyssop, myrrh and saffron originated in Mesopotamia.

MAKE DEEPEST PROBE

WASHINGTON (UPI) — U. S. scientists have drilled into the earth to a point 3,447 feet below sea level—the deepest man has ever probed. The National Science Foundation (NSF) announced Sunday the record was set 18 miles off the coast of La Jolla, Calif., by "Project Mohole" researchers using a diamond-tipped cable drill.

WHAT DOCTORS SAY ABOUT:
Better Health Through Knowledge

Damage Not Permanent

- Glandular Fever
- Physicals
- Diagnose First

Q. To what degree does airplane noise affect hearing?

A. In one study, a considerable number of student pilots experienced temporary hearing loss. However, complete recovery occurred following a few day's freedom from aircraft noise.

Q. Will you please discuss mononucleosis?

A. Mononucleosis ("glandular fever") is an infectious disease probably caused by a virus. It occurs most often in people up to age thirty or so. Symptoms vary but in the typical case the victim feels tired and all washed out, runs a slight fever, and develops swollen lymph glands in the neck. The disorder lasts for one to several weeks or longer, depending on severity. Rest is about all that can be done by way of treatment.

Q. Is cancer of the prostate common?

A. Prostatic cancer is one of the most common forms of cancer in men over 60. A thorough physical examination, including a rectal examination, is the way to discover this kind of cancer.

Q. My heels are very scaly and my hands and hair very dry. Would a change in diet help?

A. Probably not. But wouldn't it be best to consult a doctor? Having diagnosed the condition he could then prescribe whatever is necessary by way of treatment with more assurance of success. Otherwise, it's just a shot in the dark.

Note to "measles": In 1958, 552 deaths were attributed to the disease compared to 255 deaths caused by polio. Doctors are now working with an experimental preventive measles vaccine. When available, the new product will be added to our extensive stock of biologicals.

Prescriptions called for promptly and delivered quickly.

'No New Crisis' States Brandt

WASHINGTON (AP)—West Berlin's Mayor Willy Brandt says he is "inclined to believe there will be no new Berlin crisis within the next few months" but adds "perhaps later this year."

Brandt is expected to talk about this and other European defense matters when he meets President Kennedy this afternoon at the White House.

Over the weekend Brandt talked with Kennedy's defense aides. They included Walt W. Rostow, deputy special assistant for security affairs, and Paul Nitze, assistant secretary of defense for international security affairs.

Brandt made his assessment of the West Berlin situation Sunday in a television interview (NBC-Meet the Press).

He also pledged there would be no change in his country's foreign policy if his Social Democratic party should win the coming elections.

"Friendship with the United States will remain the cornerstone of our policy, and membership in the Western community an unchangeable part of it," Brandt said.

Brandt said he does not think it a good idea to place West Berlin under United Nations responsibility.

Scholarship

Walter Henry Sweek of Klamath Falls received a scholarship from the Lawyers' Wives Auxiliary of the Lane County Bar Association. This is the first scholarship awarded by the auxiliary.

The scholarship covers the full tuition of spring term, according to Mrs. W. G. Wheatley, chairman of the scholarship committee. It is based on scholarship and need.

Sweek is a second year student in the Law School at the University of Oregon.

Recreation Hour

The Women's Recreational Hour will be held Monday, March 13, from 8:30 p.m. to 9:30 in the Klamath Auditorium.

Gary Woodring, recreation supervisor, announced that all adult women are welcome to come and enjoy volleyball, ping pong, badminton and other recreational activities.

They'll Do It Every Time — By Jimmy Hatlo

Army Refuses 'Too Beautiful' Girl

LONDON (AP) — Movie star Nancy Kwan offered to teach British soldiers Chinese and chopsticks, but the army turned her down.

"Miss Kwan is too beautiful," said Capt. Anthony Hare of the star of the movie version of "The World of Suzie Wong."

To prepare the King's Own Yorkshire regiment for duty in Malaya, Hare had the idea of after-hours instruction in the Chinese language, the use of chopsticks, and other local customs. He advertised for a teacher and, to insure good attendance at the classes, specified she must be beautiful.

Miss Kwan cabled Hare from Hollywood: "Please consider me a candidate as Chinese teacher for Yorkshire light infantry regiment. I am fluent in Chinese, fabulous with chopsticks and fond of uniforms.

"Furthermore, I am half English. My other qualifications? I can only suggest you see the World of Suzie Wong."

"At first I thought the cable was a hoax," said Capt. Hare. "Then we checked and found it was genuine.

"But I think that Miss Kwan—if she is serious about the whole thing—would be too much of a distraction."

Hare said he had already engaged a Chinese woman teacher. But he is sending an invitation to Nancy to look in on the regiment when she visits England again.

Weed Marine Ends Training

Marine Pvt. Bobby C. Freeze, son of Isaac H. Freeze, of N. 17 Camino, Weed, completed recruit training Feb. 16, at the Marine Corps Recruit Depot, San Diego, Calif.

The 11-week course included instruction in all basic military subjects and infantry weapons.

Upon completion of training new Marines are assigned to a unit for further infantry training, or to one of the many Marine Corps schools.

North America, with about 20 per cent of the earth's cultivated area, has 7.5 per cent of the world's population.
