Remember when "THIS IS LONG DISTANCE" usually meant bad news?

(Today folks call long distance just for the pleasure of it)

This little heart-pounding ceremony took place back in 1931. Maybe you're old enough to remember a similar scene in your living room thirty years ago.

In those days, it wasn't surprising that a Long Distance call was upsetting. To a lot of folks, a Long Distance call at any hour usually conjured up a vision of fire, flood or family disaster. With the exception of Christmas and birthday calls, the ominous words "This is Long Distance" set their imagination to saying: "It's Brother—he's smashed up his motorcycle." "It's Cousin Clara—she's married that saxophone player." "It's Uncle Gus—he's entered a marathon dance contest!" And so on. We're exaggerating, of course, but—let's face it—Long Distance telephone habits were quite different then.

Happily, though, all this is changed. Today, the words "This is Long Distance" no longer mean bad news. People call Long Distance as often as they write a letter. It is just a convenient and more personal way to keep in touch. They call their family even when it isn't someone's birthday.

Why, you can even arrange family conference calls and talk with as many as ten people who might be scattered all over the country. It's just a low-cost way to have a family gab-fest—and you don't have to tidy up the house afterwards.

And people who receive Long Distance calls aren't upset nowadays either. They're usually happy that you cared enough to call.

Most important, today's Long Distance rates are downright low. (For example, you can call station-to-station between Portland and Seattle at night and on Sunday for only 50¢ plus tax.) If you haven't tackled Long Distance lately, you'll be delighted at how easy it is. It takes an average of 66 seconds to reach anywhere in the United States. And in cities with the added advantage of Direct Distance Dialing, it's even faster. Stop staring at your telephone. It's patiently awaiting your steady hand and firm, clear voice. Pick up the receiver and call someone Long Distance right now—just for the pleasure of it. You'll be glad you did.

LONG DISTANCE RATES ARE LOW	
Here are some examples:	
Hood River to Bend	65¢
The Dalles to Corvallis	70¢
Portland to Medford	90¢
Eugene to Pendleton	90¢
Klamath Falls to Astoria	\$1.00

Station-to-station rates for the first 3 minutes, after 4 PM and all day Sunday. Add 10% World War II Federal Excise Tax—will in effect.
