Apple Prizes Given Students

Bringing "an apple to the teacher" is commonplace, but when an apple is brought, not only to the teacher but to each pupil in her room also, that is unusual.

This happened as the result of the recent annual county-wide dental health contest sponsored by the Dental Association, in which all second grade pupils of Klamath County elementary schools participated.

In the Fort Klamath School, six grades are taught, and Mrs. Frank Strahan has the first three grades in her classroom. Her 10 second grade pupils had their teeth checked and examined by a Klamath Falls dentist at the school, and were awarded third place in the contest. In last year's competition, they won first place, and were treated to a trip to Klamath Falls and a ride on a train as a prize.

Beverly Eells, Klamath County health nurse, visited recently at the school from Klamath Falls, and brought with her this year's prize for third place—apples donated by the Pacific Fruit and Produce Company of Klamath Falls. As there are only 22 pupils in Mrs. Strahan's charge, including the 10 second graders, each child was given a large red luscious apple by the nurse, who also presented one to "teacher."

CF Girls Host Evening Affair

FORT KLAMATH — Camp Fire Girls were hostesses Thursday evening, March 2, at a gathering held in the C. I. Clubhouse at which 32 persons, including parents, patrons and special guests, were present. Mrs. Raymond E. Van Wormer, guardian of the group, presided over the program which was the first ceremonial to be presented by the girls in 1961. Honor beads were given to Roberta Latzy, Linda Stanley, Carol Parchetta, Mary Brattain and Lee Kenneally.

For the occasion, decorations carrying out the Indian theme were used about the room. Special entertainment was provided when the Fort Klamath Bluebird girls, under the direction of their leader, Mrs. Edwin Scott, presented a skit. Included in this group were Teresa Nicholson, Donna Scott, Gayle Page, Donna Jenkins and Lee Kenneally.

The program was concluded when all present joined in playing a game, after which refreshments were served by the Camp Fire Girls, who had prepared the refreshments themselves.

ROSEMARIE JAUCH, physical education teacher in Mount Shasta High School, has announced her engagement to Lawrence G. Thunberg, forest ranger of Trinity Center, where they will reside following their June wedding. The future bride is a graduate of Iowa schools and San Francisco State College. Her fiancé, son of Mr. and Mrs. G. L. Thunberg of Valley of the Moon, Sonoma County, is a forestry student of Pasadena Junior College.

Jet Age Travel Poses Problems

The jet age! — the age in which we are living is the most exciting imaginable. A quick jaunt to the far side of the globe has become almost as ordinary as a journey to the next town was in times past. Today's air travel is much easier, much more convenient — yet it does carry its own particular problems.

The main difficulty is a matter of weight. Fluffy tweeds, heavy weave suits and dresses, shoes-to-match-every-costume, all so perfect for town wear, just won't do for travel — they take up too much space, and tip the scales far too heavily. A well-planned wardrobe, consisting of lightweight knits, washable and easy to care for dacron and nylon — in colors which will easily mix and match, one or two pairs of shoes which will go with every costume, a few scarves and beads for variation, and you're set. You can easily be just as smartly dressed with a minimum number of lightweight clothes as you could if your entire wardrobe accompanied you.

With a little forethought and planning the question of clothes is easily solved, but what about beauty preparations? All the lovely bottles and boxes which adorn your dressing table and bathroom at home add more weight — and more bulk. Realizing this problem the head of a famous beauty lines who is a world traveler herself, has made practically every one of her famous beauty preparations available in special plastic containers.

The newest, a radiant foundation, is now packaged in a new featherweight plastic bottle. The bottle is flexible with a tiny opening which allows you to measure just the right amount of the light cream onto the tips of your fingers — no spilling or waste, and the bottle itself is so securely fitted that it can never leak in your handbag or suitcase while traveling.

And the miracles this magic preparation performs on your skin! As the light foundation glides over your face, it gently erases shadows, wrinkles and irregularities, imparts an unequalled glowing translucence to the complexion.

PERFECT FOR TRAVEL is the combination of a new radiant foundation cream and a lightweight container. The cream does wonders for erasing shadows, and irregularities of the skin. The featherweight plastic container eliminates spilling and waste and weighs only a fraction in handbag or suitcase.

June Plans Are Announced

DUNSMUIR—Plans for a June wedding have been announced by Linda Anne Coppi.

Her parents, Mr. and Mrs. Albert Coppi of Castella, have announced her engagement to John Lamanna of Mount Shasta. He is the son of Mr. and Mrs. Vincent Lamanna of that city.

The bride-elect is a graduate of Dunsmuir High School and attended business school in San Francisco. Her fiancé was graduated from Mount Shasta High School.

Tom Schuberts Welcome Son

A second son, John Steven, was welcomed Sunday, March 12, by Mr. and Mrs. Tom Schubert in Eureka.

The new arrival's older brother, Drew, is 3 years old. The boys are grandsons of Mr. and Mrs. John Schubert of Klamath Falls and Mrs. Fred Gehring of Eureka.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little PASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, sticky taste or feeling. It's alkaline (non-acid). Get PASTEETH at any drug counter.
