## OES Members Receive Honor

YREKA—Presentation of two 50-year jewels was the highlight of the Sept. 1 meeting of Stella Chapter No. 20, Order of Eastern Star, with Worthy Matron Juanita Westbrook presiding.

Mrs. Mamie Moore of Yreka and Mrs. Mae F. Odgers of Sacramento, both initiated into Stella Chapter on Nov. 17, 1911, were duly escorted and seated in the east, where officers participated in an impressive ceremony in presentation of the jewels. Mrs. Effie Buller, secretary of the local chapter, presented the jewel to Mrs. Odgers, and Mrs. Lucy Van Sandt, treasurer of Stella Chapter, made the presentation to Mrs. Moore.

Also honored with the presentation of a gift was Ernest Millbourn, who is a brother to Mrs. Moore, and who had received his 50-year jewel pin at a previous meeting.

Mrs. Odgers, who left Yreka in 1917 for Sacramento, has retained her membership with Stella Chapter through the years.

Also present were Mrs. Vesta Liebert, secretary to Parnassus Chapter, Order of Eastern Star of San Francisco, who was also initiated to the Order on Nov. 17, 1911. She demitted to the San Francisco Chapter, and anticipates receiving her 50-year jewel from that chapter in the near future.

It was also announced that the next meeting of Stella Chapter to be held Friday, Sept. 15, will be Advanced Officers night.

Prior to the Sept. 1 regular meeting, a potluck dinner was held.

**TRICKY IRONING**  
Here's a tricky way to "iron" a child's puffed sleeves. Remove the shade from any table lamp, and turn on the light bulb which will heat up quickly. Then place the damp puffed sleeve over the lamp and pull it slowly over the hot bulb until wrinkles disappear. This method is both efficient and amusing.

**REAL OASIS**  
Out in the plains of South Dakota, far from "civilization," stands a bathtub! The rancher-owner found an artesian well there that gushes water warm enough for bathing, so he thoughtfully installed a tub.

Now, at sundown, "hands" from miles around line up to soak in warm soapsuds before heading for "home on the range."

**SILVER CARE**  
Extremely hot soap or detergent suds will help keep your silver shining like a jewelry store window.

Little if any polishing is necessary for silver that's used every day, and washed regularly in good hot suds. A scalding hot rinse makes silver dry faster, and speeds up the final rubbing with a soft clean towel.

Gardening has become a fight between you and the bugs, and no matter how much you water, the ground seems forever dry and thirsty.

You have days of thinking that if you hear the question "What can I do?" just one more time you'll scream. And it has become harder and harder to keep your voice low and reasonable when you are called on to settle a childish squabble.

You have plenty of clothes in your closet but when you want to look your best every dress you try on looks a bit limp and dispirited.

The lists of things that need to be done seem to grow longer no matter how many you knock off each week.

There are a lot of things you should do around the house that you keep putting off.

The days seem long and a little too much alike.

The vacation trip you took not so very long ago seems a long way back.

You are in and out of your car so many times each day chauffeuring children here and there that there never seems to be any time for yourself.

You begin to wonder what is the matter with you.

Nothing is the matter with you except that it is the end of summer. It happens that way every year—doesn't it, in the last week before the youngsters go back to school, before the heat wave finally breaks, before the start of fall activities?

So it's nothing to worry about at all. There's nothing wrong with you that the beginning of a new season won't cure.
