

MISS AMERICA BOWLS

Bowling clothes should be comfortable, but that's no reason a woman setting out for a lark on the lanes shouldn't look every bit as attractive as she would going to a party.

Bowling is a beauty-building sport and it is not a bad idea for a woman to start out wearing the most eye-catching clothes she can find that are adapted to the sport. Let her start out with gorgeous clothes and catch up physically with her fine feathers.

Bowling is a fun sport, so why shouldn't clothing be colorful, lively and gay? Just about any color is right as long as it fits the wearer's complexion and coloring. Bowling clothes come in hundreds of styles, so there is a wide variety of choices.

The standby blouse and skirt combinations come in an array of colors, styles and materials, suitable for any time of year. There is as much variety offered in shirtwaists—another popular favorite—as there is in sweater-skirt or blouse-skirt outfits.

Coulettes, the divided skirt styles, are ideal for bowling. Today's slacks offer style and com-

GOOD FOOD IS MY LINE

A neglected and sometimes forgotten food is the humble egg and perhaps this is because eggs are such simple things. The egg, simple as it may be, can be prepared in many varied ways depending, of course, upon the artistry of the cook. Eggs, which contain large amounts of protein ... plus calcium, iron, phosphorus and vitamins A, B1, B2, B12 and D ... can be served as Eggs Benedict, Hollandaise Sauce, Eggs Mornay, Creamed Eggs, Supreme Scrambled Eggs (to mention only a few) for the main dish of many tempting meals. Eggs also may be served with other dishes, as a tasty adjunct. For instance, there are Egg-Salmon Quiche, Barcelona Eggs and Tuna, Ham or Bacon and Eggs — of course, and combination egg salads.
