Loudspeakers Used In Berlin War

BERLIN (AP) — The Communists have brought a new weapon into their war of nerves against West Berlin.

All along the concrete and barbed wire barriers of the divided city, they have opened up with a barrage of loudspeakers turned at full strength toward West Berlin.

They blare out propaganda, threats, scorn and flattery—interspersed with American jazz and German waltzes.

Some of the loudspeakers are mounted on trucks. Others are hung in trees overlooking the border or fixed to the boundary fence.

The loudspeakers are guarded by People's Police and Communist army patrols with submachine guns and hand grenades.

The Communists call this free entertainment for West Berliners "Radio August 13."

Aug. 13 was the day the East Germans sealed off West Berlin to stop the flood of refugees fleeing from Walter Ulbricht's Communist rule.

The programs usually open at 5 a.m., startling thousands of West Berliners out of their sleep. At most points, the noise continues throughout the day.

"This is the real voice of the German people," the announcer says.

"We are Germans like you, and soon we will be reunited. But we are soldiers too, and if we are attacked we will not hesitate to shoot, even at Germans."

Logging Death

ENTERPRISE, Ore. (AP) — Charley Lee Baremore was killed Monday in a logging accident near Enterprise.

A log, knocked over by some heavy machinery, rolled into Baremore and pinned him against another log.

Boardman Use Measure Stalls On Technicality

WASHINGTON (AP)—Although passed by the House and Senate, bills to authorize a land exchange involving the Boardman bombing range in Oregon remained before Congress Tuesday because of a technicality.

The House passed one bill Monday, and almost simultaneously the Senate passed a companion bill. Under the rules each body must pass the same bill to send it to the White House.

Congressional staff members said in this case either the House or Senate will have to rescind its action and pass the bill approved by the other.

The bills would let Oregon have about half the 96,000 acres of the Boardman bombing range in Morrow County for an industrial park in exchange for state land suitable for the use of the Navy.

Chiloquin Man Gets 6 Months

PORTLAND—Virgil N. Wilson, 25-year-old Chiloquin man, was sentenced to six months in the county jail last Thursday in Portland Municipal Court.

Wilson was found guilty of assault with a deadly weapon in connection with a late August attack on a Portland man in a parking lot.

Relic Hunters Warned

Pioneer Oregon families were warned this week that professional antique hunters and scouts are currently using the name of the Oregon Historical Society to gain entrance and access to relics of the state's past.

The OHS said "professional staff members and trained volunteers who assist the society's collection program will ordinarily have made an appointment beforehand and will present a business card or letter from the director."

The society said any other persons who imply formal association with them are "operating under false colors." Materials relating to Oregon history may be examined by writing the Oregon Historical Society, 235 S.W. Market Street, Portland.
