Winema Area Open To State Hunters

All of the Winema National Forest will be open to deer hunters when the season begins Saturday, Alex Smith, forest supervisor said today.

"None of the forest has been closed this summer," Smith said, "but we want everyone to know that it is open for their use. Burning conditions are high again, in spite of the rain received two weeks ago, but we have confidence that hunters will be careful with fire."

Two hunter information centers will be provided by Winema personnel over the weekend. Located on Highway 97 at Barclay Springs and at the Diamond Lake Junction, the centers will be manned from noon Friday to noon Saturday, and on Sunday from 4 a.m. to noon. Information about roads and camp areas will be available.

"In addition to the centers, we will have men patrolling the forest to give road information and assist hunters in other ways," Smith said. "Because of the complex land ownership pattern in the former reservation area, it will be hard for hunters to find themselves on the ground and

Zombie II Grabs Dragster Honors

MEDFORD — Medford's best known drag racing car, Zombie II, took top honors in Sunday's United Crusade drag races held at White City by the Southern Oregon Timing Association.

The Chrysler-powered highly modified Fiat coupe flashed to victory in this final meet of the season by edging the Olsen-Her-

Modoc Deer Count Set

ALTURAS (Special)—In spite of early prediction of a low deer kill in Modoc County, the Department of Fish and Game checking station reports that the two-day kill for the opening hunt was up to the 250 bucks checked in last year at this time.

Fish and game spokesmen report that more than 320 hunters were checked through the station Saturday and 1,200 hunters were counted through by 5 o'clock Sunday evening. So far the buck kill is running one buck to every six hunters checked at the station. Thirty four bucks were checked on the opening Saturday last year while 39 were checked this Saturday.

They noted that of the bucks shot this year the biggest percentage has been 2-year-old deer with a great drop in the yearling buck kill. This count, of course, bears out the early report made in Modoc County in May of this year that there is an all-time low fawn count in Modoc County. They attribute this to the drought condition that has prevailed the past few years. According to their May report there are only 40 fawns being born to 100 does.

Favor Utah In Battle With WSU

SPOKANE (AP) — Washington State will try to drop some aerial bombs on Utah States onrushing State will try to drop some aerial bombs on Utah States onrushing

A crowd of about 20,000 is expected to see the Cougars of WSU go into the fray two-touchdown underdogs against the powerful Utaggs, winners of two straight.

The game should provide a classic contrast in football styles. Utah State plays the ball control game, using a bevy of 11 outstanding halfbacks who have averaged 5.2 yards a carry this season.

Washington State employs the wide-open pro offense, with splitters, flankers and plenty of passes. The Cougars tossed 34 aerials in a losing cause against Missouri last week.

There may be some surprises. WSU Coach Jim Sutherland hints he may try to run more against the Utaggs, even though the Utah State forward wall averages 225 pounds a man and is rated one of the best in the nation. Utah tackles Merlin Olsen, 6-5 and 265, and Clark Miller, 6-5 and 250, should discourage Cougar ground attempts quickly.

Utah State has passed more this season. Three option-running backs, Mel Monalbo, Jim Turner and Bill Munson, have completed 21 of 39 passes.

Raiders' Host L&C; Seek First Victory

ASHLAND (Special)—A hungry Southern Oregon football team will still be in search of its first win of the 1961 season when it hosts the Lewis and Clark Raiders Saturday night at 8 o'clock on Fuller Field.

In Lewis and Clark, the Raiders will be meeting their second straight foe in a row from the Northwest Conference. Last

Huskies Clash With Illinois

SEATTLE (AP) — Washington's Huskies flew east Friday to clash with Illinois. Coach Jim Owens expected a rough afternoon Saturday in the second successive weekend against a Big Ten football foe.

Owens said Illinois "will be ready for us. They've had an extra week to get set." The game is Illinois' season opener. The inter-sectional series stands at three wins for the Illini and one for Washington.

Owens also said after a sharp offensive and defensive workout Thursday his charges showed "more bounce than I think they had last week." Purdue beat Washington 13-6 here last Saturday.

Working in the first team backfield Thursday were quarterback Kermit Jorgensen, fullback Jim Stiger, halfback Charlie Mitchell and Dave Kopay, newly-discovered punter, at wing. The line is expected to be about the same as the one which started against Purdue.

weekend Linfield handed the Raiders a 34-25 defeat here.

Coach Al Akins and his staff received word Tuesday that veteran linebacker John Buck will be out of action for "at least two weeks" after being admitted to the school infirmary Monday afternoon for treatment of an ankle injury. The two-year letterman from Davenport, Wash., suffered a bone bruise on one ankle in the Linfield game and was taken to the infirmary when infection developed.

The only other injury of any consequence is an ankle sprain suffered by halfback Lee Gossett, a sophomore letterman from Central Point.

Akins, after viewing films of the Linfield game on Monday, set up his practice schedule this

week to include stiff workouts for both the offensive and defensive units.

At the same time, the veteran Raider grid boss also pointed out that the team will be in for a "general shakeup" prior to meeting Lewis and Clark. Hence clash last season.

Read what the experts say about anti-freeze:

Car manufacturers:
Check your car owner's manual. Most Detroit car manufacturers advise draining the cooling system, then filling with fresh anti-freeze every fall.

Automotive engineers:
Engineers have been quick to point out that there's nothing really new in anti-freeze. The so-called "2-year" and "no-drain" products are ethylene glycol plus inhibitors. Ethylene glycol was introduced by "Prestone" Anti-Freeze in 1927.

Experienced owners:
By making it today's best-selling anti-freeze, millions of car owners say "Prestone" Anti-Freeze is best. Insist on the world's most tested, most trusted winter protection: "Prestone" brand Anti-Freeze with its exclusive Magnetic Film.
