'Expansion' Described

He said their attitude toward working for community good seemed to be, "Let George do it!" "American businessmen have changed their attitude now, however. Now, more than ever before they are giving of themselves to the community... giving leadership." Bird's address was preceded by short speeches by Robert Kent, outgoing president, and Fred Ehlers, incoming president. Kent said, "It's been a very pleasant year. I have enjoyed both the privilege and the pleasure of serving this year." He thanked local news media and county and city governments for their cooperation during his year as president of the chamber of commerce. Kent also paid tribute to workers on various chamber projects through the year, including Ken McLeod's biological control of algae in Upper Klamath Lake. Ralph Hunter was presented the chamber of commerce "Eye Opener" trophy for membership and service. Retiring directors Jim Winde, Mel Amsherry, Jim Monteith and Fred Ehlers were presented with certificates of appreciation. Kent then turned back to Ehlers and presented the gavel of office, officially relinquishing the presidency of the chamber. "This gavel is a little bigger than the one they gave me when I came into office," Kent quipped, "but the job is a lot bigger still." Ehlers, in turn, delivered outgoing gifts to Kent and his wife. The first, to Kent, was a miniature gavel. Then came a plaque to the outgoing president, with a copper engraving of himself and an expression of appreciation for his year's service. Mrs. Kent was given a framed photo of her husband. Ehlers pledged his administration of the chamber to developing hospitals, schools, community culture and the arts "as well as the out of doors," interest in politics, favorable freight rates for our producers and fair traffic laws and to keep abreast of local taxes. He also stressed that the chamber will continue to work for orderly industrial development with the city and county.

Coleman, Berra Hit Home Runs

son scored to put the Reds ahead 5 to 2. Coleman was trying for third base, Blanchard to Boyer. It was scored as a hit and an error for Arroyo. Berra completely missed Post's long liner that was hit right at him and the Red outfielder went all the way to third on the error. Freese was purposely walked. Edwards broke his bat when he connected with the ball but looped a double into short left field. Post scoring to make it 6-2, and Freese going to third. Jay struck out. Chacon bounced out to Richardson. Two runs, two hits, two errors, two left. Yankees Eighth Kubek sent a hard grounder through Jay's legs into center field for a single. Maris struck out. Berra flied to Pinson. Blanchard fouled to Freese. No runs, one hit, no errors, one left. Reds Ninth Kaska popped to Richardson. Pinson dropped a double in short left field. Robinson fouled to Boyer. Coleman bounced to Skowron who tossed to Arroyo for the put-out. No runs, one hit, no errors, one left. Yankees Ninth Howard topped the ball in front of the plate and was easily tossed out by Edwards. The Yankees claimed—futilely—that the ball was a foul. Skowron struck out. Boyer walked. Billy Gardner batted for Arroyo. Gardner lined to Kaska. No runs, no hits, no errors, one left. Totals: Reds 6, Yankees 2. Winning pitcher—Jay. Losing pitcher—Terry. Time of game—2:43.

Few Hunters Cause Fires

LAKEVIEW—Aside from a few abandoned campfires the hunting season has not proved to much trouble for the personnel of the Fremont Forest, according to a report from Ellis Carlson, staff officer. About a half dozen campfires had not been properly taken care of before the hunters left them but the patrols found them before any damage was done. Contact had been made before the hunting season opened with most of the campers and care warnings issued. The fact that the weather has not been extremely cold, necessitating less campfires, and no windy condition, has helped the situation considerably. However, the fire fighting helicopter is still being held in this area so that quick action could be taken if necessary. The crews have been cut down to approximately the year long normal.
