

Elks Lodge Will Honor Newspapers

Klamath Falls Elks Lodge No. 1247 will observe National Newspaper Week, Oct. 15-21, Exalted Ruler C. M. Gilmore announced today.

Gilmore said that Klamath Falls would be among 1,978 lodges of the Order of Elks participating in the observance, the theme of which is "Your Newspaper—Heritage of Truth, Frontier of Freedom."

"It was a free press that led the American colonies to liberty 200 years ago and it is our free press that must lead in the strengthening of our democratic society in the life and death struggle against communist tyranny," Gilmore said. "Because a free press is basic to all our freedoms, we plan to tie in National Newspaper Week as a feature of our Elks Americanism program."

Gilmore explained that the objectives of the Americanism program are to arouse citizens to a militant defense of their freedoms and a vigorous campaign against communism and all other subversive "isms."

The lodge's National Newspaper Week observance will be planned and directed by a committee chaired by Justin McDonald, advertising manager of the Herald and News.

County Buys New Vehicle

A bid for a new car for the Klamath County Engineer's Office was awarded Wednesday to Balsiger Motor Co., which offered a 1962 Ford Galaxie to the county for a net price including trade-in of \$1,282.20.

Balsiger's gross price was \$2,382.20 on the new car with \$1,100 allowed for a trade-in on the engineer's present 1959 Chevrolet Bel Air, which has accumulated 55,000 miles. The county court reasoned that a new car should be purchased before the older one dropped too much in trade-in value.

Jim Olson Motors had the second lowest net bid, \$1,401.70 on a Plymouth Belvedere. The same company bid \$1,528.10 on a Plymouth Fury while Jim Winde Buick Co. submitted a bid of \$1,834 on a Buick Sabre.

Two Accused Of Burglary

Burglary charges were filed Wednesday against two Tulelake farm laborers, Glenn H. Moore, 25, and Charles F. Crandell, 36.

Both men were first arrested early Sunday morning in Malin and charged with being drunk in public. They pleaded guilty in district court and were sentenced to five days in the county jail.

Felony charges of burglary in a dwelling were filed after a complaint was signed by Vernon Haslip, who lives in the Malin Labor Camp. Haslip charged that Moore and Crandell broke into his house and beat him up.

Moore and Crandell asked that attorneys be appointed to represent them.

More Troops To Head For Europe Crisis Area

WASHINGTON (AP)—Deployment of more U.S. forces, probably of moderate size, to Europe was reported today to be imminent.

Speculation was that the total of manpower involved might be something over 2,000, including some tactical air as well as ground forces.

The units presumably would be in addition to the program for adding 40,000 men to fill out under-strength elements and otherwise increase the fighting capability of the U.S. 7th Army.

Asst. Secretary of Defense Carlisle Runge said in a speech last week that the 40,000-man augmentation would be completed by Nov. 1.

Reports of the manpower involved in the new deployment suggested that total Army strength would be larger than a battle group, which consists of about 1,200 men.

That left the possibility that the new deployment might involve a battle group with additional attached units or separate units to back up division-size elements already in Europe.

Under the over-all military buildup, the augmentation of ground forces is being matched, in some proportion by more air power to provide cover and support for infantry.

There was no immediate information on whether units going overseas would be regular or reserve outfits, although the possibility seemed to point to regular Army elements.

In his speech to the National Guard Association, Runge noted the 40,000-man augmentation is intended only to bring the 7th Army up to combat efficiency.

Of the 40,000, about 3,000 are to help in conversion of three divi-

Machine-Made Matings Have Best Survival Chance, Says Scientist

By HAL BOYLE
NEW YORK (AP)—Marriages are supposed to be made in heaven, but a young psychologist here believes machine-made matings have a better chance for survival.

"They do as much as possible to eliminate chance," said Dr. Eric Riss, 32, who feels a scientific approach to marriage pays off in greater wedded bliss.

Dr. Riss, a Brooklyn College faculty member, is board chairman of Scientific Introduction Service, Inc., which puts his theories into practice—for a price.

"Sociologists have known for years the factors that go into making a happy marriage, but little was done about it," he said.

How does a scientific approach to marriage operate? Dr. Riss or his assistants submit each marital prospect to an exhaustive interview to find his likes and dislikes, family background, and goals in life.

Some 70 personality traits are indexed on a card for each person. The cards are then run through an electronic sorter.

The machine acts as a preliminary, not a final matchmaker. It picks out the people who, according to scientific theory, have the best chances for a successful marriage.

They are then introduced—and it is up to them to decide whether the machine is a prophet, or merely a push-button mechanical busybody.

"We look for personality factors that complement each other as well as those that are alike," Dr. Riss said.

"People don't look for someone just like themselves, but for a partner who can fill their needs. For example, a man with a stern outlook on life might need and want a wife with a more relaxed nature."

Refuge Men Get Honors

Blake F. (Bud) Chapman was presented with a 20-year service pin Aug. 29 by Robert F. Russell, refuge manager of the Klamath Basin National Wildlife refuges.

The presentation was made at a meeting of refuge employees. Chapman has been employed as shop foreman of the Tule Lake Refuge since Jan. 1, 1949.

Ralph W. Swisher, long time employee of the Tule Lake Refuge, was transferred to Camas Refuge in Hamer, Idaho, on Sept. 5.

Robert M. Abney, biologist at the Tule Lake Refuge for 3½ years, has been transferred to the Sacramento Refuge in Willows.

A farewell barbecue-picnic was held at the Malin Park on Sept. 4 for the Swishers and the Abneys. The honored guests were presented with remembrance gifts.

Peter A. Schwabenland, who served as student assistant at the Tule Lake Refuge during the summer, has returned to Oregon State University to complete his senior year.

Under the policy of President Kennedy the emphasis so far has been almost entirely on adding conventional fire power strength for both ground and tactical air units.

are to fill out manpower strength, and 20,000 are for combat support and supply assignments.

The 7th Army now has five divisions and other combat units equivalent to a sixth division. Total U.S. Army manpower in West Germany is about 250,000.

Here are some of Dr. Riss' findings:

"Perhaps 15 to 20 per cent of people don't really need marriage. They don't have room for it in their lives. They are too much in love with their work, their hobbies—or themselves.

"The most important factor is this: Both partners must have the same basic values in life, and share the same philosophic goals, besides being physically attracted.

"Women are more concerned about character than appearance in men. They want a husband they can respect and who is brighter and more successful than themselves. This poses a very difficult problem for the very superior woman. Such men are hard to find.

"As for men, if a woman isn't physically attractive to them, they aren't particularly interested in her other values. They don't take the trouble to find out."

Does the system work? Based on hundreds of cases since 1956, Dr. Riss claims:

Every concert—goer, whatever his taste, will find his specialty at the 8 p.m. concert in Mills School Auditorium. Mt. McLaughlin Council 2255, Knights of Columbus, is sponsoring the event. Tickets are available at Ricky's Jewelers.

The boys, who were chosen to tour by the director, Msgr. Francis P. Schmitt, represent the more than 200 Boys Town citizens who study vocal music. They were chosen for excellence of voice as well as good citizenship at the home founded by the late, beloved Father Edward J. Flanagan in 1917.

In addition to special choral training, the choristers also receive advantage of public school music courses available to all Boys Town citizens. Many of them also study piano, organ, string instruments or band instruments.

From the very early days of the famous home for boys, singing has played an important role in the lives of the citizens at church services, sports rallies and social gatherings.

Recognizing the value of music for cultural training and morale-building, the choir was organized 20 years ago with just 20 musically ambitious youngsters. Today the choral program includes the concert choir, which will appear in Klamath Falls the Repertoire Choir and the Chancel Choir.

This is the 16th annual tour for the Concert Choir, according to Msgr. Schmitt, who guides the boys aged 11-18 in the 15 previous tours. The choir has traveled well over 150 thousand miles, singing some 600 concerts in 40 states and five Provinces of Canada.

Boys Town Choir To Appear In Klamath Falls Monday

Boys Town Choir comes to Klamath Falls Monday, Oct. 16. A potpourri of American boyhood, representing 14 states and at least 10 national origins, will present a well seasoned musical menu of choral music ranging from delicate liturgical masterpieces, mellow classics and zippy folk songs.

Every concert—goer, whatever his taste, will find his specialty at the 8 p.m. concert in Mills School Auditorium. Mt. McLaughlin Council 2255, Knights of Columbus, is sponsoring the event. Tickets are available at Ricky's Jewelers.

GHANA CADETS ARRIVE

MOSCOW (UPI)—Sixty eight officer cadets of the Ghana army arrived here Friday night to begin three and a half years of training in the Soviet Union. They are the vanguard of some 400 cadets who will be sent here.

Deer Hunter Kills Horses

WHEATLAND, Wyo. (UPI)—Deer hunter Lester Wayne of Sinking Springs, Pa., shot seven animals—all horses—on a ranch near here Sunday.

Rancher Eugene Alloway said Wayne reported the kills and made a cash settlement without explaining the incident.

DEER HUNTERS

Reduced rates to fill remaining vacancies. Excellent food, accommodations and hunting.
