

Church Vows Unite Couple

An exchange of wedding vows Aug. 12 at St. Paul's Episcopal Church united in marriage Dolores Yuvonne Wood, daughter of Mr. and Mrs. William H. Wood of Mt. Hebron, and Robert George Culver, son of Mr. and Mrs. Alton Culver of Gales Creek. The double ring ceremony was read at 8 p.m. by the Rev. Robert L. Greene in front of the altar which was decorated with pink and white gladioli.

The bride was escorted to the altar by her brother-in-law, Jack D. Angle of Klamath Falls. Her ballerina length gown of white schiffli embroidered silk organza was detailed with tucks at the neckline and around the hem. A float veil, embroidered and accented with pearl-centered flowers was held by a sheer tulle crown encrusted with pearls. She carried a sweetheart bouquet of pink and white roses.

Maid of honor, Alice McIntyre of Dorris, wore a coral pink nylon organza frock whose brief jacket was accented with small bows. Her bouquet was of pink carnations. Dressed the same, but in blue and carrying yellow carnations, was the bridesmaid, Camille Southard of this city.

Yep, that's true.

'62 CORVAIR MONZA
NEW FACE, SAME SPORTING HEART
We might as well tell you straight off: Corvair's the car for the driving enthusiast. Think that lets you out? Maybe. Maybe not.
Until you've driven one, you really can't say for sure, because Corvair's kind of driving is like no other in the land. The amazing air-cooled rear engine sees to that. You swing around curves flat as you please, in complete control. You whip through the sticky spots other cars should keep out of in the first place. (Especially this year, now that you can get Positraction as an extra-cost option.) You stop smoothly, levelly with Corvair's beautifully balanced, bigger brakes.
And Corvair's found other new ways to please you this year. A forced-air heater and defroster are standard equipment on all coupes, sedans and both Monza and 700 Station Wagons. So are dual sunshades and front-door armrests and some other goodies. You'll note some new styling, inside and out. Nice. And safety-belt installation is easier, too, and cheaper. Another extra-cost option well-worth considering is the heavy-duty front and rear suspension; it turns a Corvair into a real tiger.
So you can see we haven't really done much to Corvair this year. Why on earth should we? If this car, just as she is, can't make a driving enthusiast out of you, better take a cab.

And here's America's only thoroughbred sports car, the '62 CORVETTE. We warn you: If you drive a Corvette after your first sampling of a Corvair, you may well end up a two-car man. And who could blame you?
