

Bank Theft Fugitive Being Held

HYANNIS, Mass. (AP)—Loren Elmer Jackson, 31, pleaded guilty in Barnstable District Court Monday to a charge of being a fugitive from justice in connection with the disappearance of \$36,000 from a Baker, Oregon, bank by which he had been employed.

He was held in \$5,000 bond, pending disposition Oct. 25. Police said he would be turned over to federal authorities who hold a warrant for his arrest.

Investigators said Jackson was arrested in a Hyannis motel Sunday night after they received a tip from a woman who reported she saw the photograph of a wanted man who resembled Jackson. The woman was not identified by authorities.

Police said Jackson disappeared from the Baker branch of the U.S. National Bank of Portland, Dec. 17, 1960, with the money. When arrested he had \$9,217 on his person and keys to the bank.

He has been living in West Yarmouth.

Police quoted Jackson, also known under the alias "Chuck" Osborne, as saying he had traveled in Florida, Wisconsin, Canada, Nevada and California since leaving the bank.

Jackson had worked for the parent bank for nearly 10 years and had been assigned to its branches at Salem, Roseburg and Hillsboro before being transferred to Baker.

His wife and child moved from Baker not long after he vanished. His wife had protested that he would have done nothing wrong and that he must have met with a mishap.

SOVIET-GERMAN PACT?

PERIGUEUX, France (UPI)—Former Socialist Premier Guy Mollet said Sunday that Germany may come to terms with Russia unless it is reunited within the next five years.

"One must reconstruct Europe with Germany," he said. "I fear if Germany is not integrated within five years, another German-Soviet pact."

Hitler's non-aggression treaty with Stalin in 1939 left him free to attack Poland and start the action that began World War II.

WARM TUB: ONE FEATURE OF MCKEE'S NEW MISSILE HOIST INFRINGES ON A PATENT JORKIN TOOK OUT LAST YEAR. EASY, HE MAY WIN HIS \$3,000,000 SUIT! BUT OUR ENGINEER WHO DESIGNED IT SAYS THE MECHANICAL PRINCIPLE INVOLVED IS NOT NEW! THAT'S RIGHT, I GOT THE IDEA FROM A HOME MADE HOIST I SAW USED IN A SMALL NORTHWEST LOGGING CAMP 40 YEARS AGO! WAS IT PATENTED? I DOUBT IT, IT WASN'T SO PRACTICAL FOR HANDLING LOGS AND WAS REPLACED BY THE "ARCH" USED TODAY! BUT I FOUND THE SAME PRINCIPLE IDEAL FOR HOISTING MISSILES! HUH, IF WE COULD PROVE IT WAS USED LONG AGO, WE MIGHT VOID HIS PATENT AND HE'D HAVE NO SUIT!
