

To The Men Of Kingsley Field!

COL. RUPERT C. WELCH

Col. Welch Encourages Education

Of all the files in the education office at Kingsley Field, none bulges with more records of courses taken, awards and certificates than that of the base commander, Col. Rupert C. Welch.

Colonel Welch's firm belief in education, and particularly in-service education, is evidenced by his own many accomplishments. His college degree was received through the education program designed to encourage the servicemen to make the most of their time and talents.

Many of Colonel Welch's credits are in career related subjects such as foreign affairs, international politics and history, but some credits are in semantics and similar fields. This latter form of study reflects an awareness that the humanities are valuable studies for persons in positions of leadership.

Guide TO Glamour

By Laura Scheck

Many women in the first flush of maturity add years to their appearance, simply by the subconscious use of gestures which not only make her appear older, but tend to promote the development of premature age-lines. Let's thin down a list of some of these. How many are you guilty of? First, there's spectacle-frame nibbling. This will make you look like grandmother. Puckering at the throat, besides being awkward, stimulates the growth of double chins. Keep your hands off your face! Nothing is more unattractive than the face-fingerer. Puckering the mouth will guarantee you a prunelike look, and soon, too, and if you want to accelerate sagging facial muscles, develop the habit of pulling at your lower lip.

To you ladies attending the fashion show at the Kingsley Field Officers' club tomorrow, be sure and notice the hair styles the models are wearing. . . by LAURA'S, of course. The beautiful clothes are from the Fashion Villa, and the shoes are from The House of Shoes. All members of your one-stop shopping center — TOWN and COUNTRY!

If You Need A Ride just give us a call. We'll be glad to come and pick you up and take you home afterward!
