

LOGGER-VILLE ELEVEN — The McCloud High Logger team battled Butte Valley for the Siskiyou B League crown Friday night. The team, posed before the game, includes, standing, team manager Gene Pelletier, Bob Bode, Tom Sloan, Jim Checchi, Dan Bringle, Joe Bambino, Duane Lung, Mitch Putman, John Willock, Ken Faircloth, Steve Colombero, Pete Clavin, and Coach Art Mathis. In the front row are Ron Franklin, Tony Spagnola, Owen Lung, Terry Sutton, Lloyd Declusin, Roger Lung, Mike Morgan and David Dobbs.

Strikes 'n Spares

... and an occasional blow — By WAYNE COTT

We've heard a skeptical reaction or two to the brand new professional bowling league but the people who are putting up the money to launch the program locally don't seem to feel that way.

So, I don't see what any of the rest of us have to lose... No one ever really knows whether a new sports promotion will go... until it's given a fair chance.

The Klamath union, which is sponsored by Merle Hanscom of Lucky Lanes and Mel McCollum of the Holiday, gets its first test on Nov. 26 in Medford... and makes its first home appearance on Dec. 31 when it hosts Roseburg.

In checking over the team averages it's interesting to note that the KF Craters high man has a 197 and the lowest a 191, as compared to a 197 low through a 208 high for the Portland Rockers.

Salem Victor averages range from 183 through 204; Medford rates 187 through 196; Eugene has a 190 through 198 and Roseburg ranges from 183 through 198.

However, the scoring plan by which the contests will be judged has a tendency to even up the action. It's an entirely new idea. It follows:

Each game will consist of two parts. The first half of the game will consist of five men from each team bowling two regulation games. Scoring in each game shall be in accordance with ABC general playing rules but a new point system of scoring will determine the winning team.

The lead-off player on one team lead-off player on the other team, and so on down the line. One match point will be awarded to the lead-off player having the greatest pin fall. Likewise, one match point will be awarded to the other four players having the greatest pin fall. Thus a total of five match points will be awarded.

In addition to match points, bonus points shall be awarded to each player in each game for achieving the following pin fall: 210 through 219, 1 point; 220 through 229, 2 points; 230 through 239, 3 points; 240 through 249, 4 points; 250 through 259, 5 points; 260 through 269, 6 points; 270 through 279, 7 points; 280 through 289, 8 points; 290 through 299, 9 points; 300, 10 points.

The second half of each contest will consist of five regulation singles matches. One player from one team will be directly competing with a player from the other team.

The same scoring system will apply to the second half of the game. Match points and bonus points will be given.

The team scoring the greatest number of match and bonus points during the two halves shall be declared winner of the contest. A win shall be recorded in the official league records as one point in the win column; a loss as one point in the loss column.

This system of scoring keeps the outcome of a game usually in doubt until the very last minutes. Substitutes will be permitted during the first half of each contest, adding to the excitement and spectator interest.

At Hakenwerth, bowling at Lucky Lanes Friday night in the King of the Hill competition, hit a spectacular 299 in his second game—and ended up with a 696 series to defeat Bonnie Jenkins. Al left the four pin with his ball. Every ball was perfect—right in the pocket—but he got
