Telegraphers List Gains In SP Talks

SAN FRANCISCO (UPI) —The Order of Railroad Telegraphers (ORT) said Monday it gained five concessions in the new agreement with Southern Pacific Railroad that averted a possible strike in seven states.

Labor Secretary Arthur J. Goldberg and Chairman Francis A. O'Neill Jr. of the National Mediation Board announced last night that both sides had signed an agreement covering all issues in the dispute, which has been in negotiations for 3½ years.

The company and the Department of Labor did not immediately release terms of the settlement. But a union spokesman listed them as follows:

Management may not discontinue more than 2 per cent of jobs a year on a starting basis basis of 1,000.

One hundred "extra employes" —men without regular assignments — are to be guaranteed a 40-hour week.

A 5-year guarantee from SP against financial losses to employes because of any changes in SP operations, retroactive to April 24, 1958.

Cases of several hundred men discharged during recent years will be considered individually by an arbitration board.

The union must receive 90-day notices before any technical changes affecting members' work are put into effect.

Collision Kills Prineville Man

PRINEVILLE (AP) — A predawn collision of two cars on highway 26 just northwest of Prineville Sunday killed Robert A. Carter, 29, a farm worker from Prineville, and injured three other persons.

Police said Carter was riding in a car driven by LaVern Shumway, also of Prineville, when it collided with another vehicle occupied by Mr. and Mrs. Adrian Mitchell of Madras.

Shumway and the Mitchells were taken to a Prineville hospital for treatment of apparently non-serious injuries.
