

Administration Girds For Battle Over Rules

WASHINGTON (UPI) — Administration leaders in the House today began mustering their troops for the "second battle of rules." Opposing conservative forces launched their drive for re-credits days ago.

The struggle, which President Kennedy has said may mean life or death for New Frontier legislation, is tentatively set for Jan. 9, opening day of the 89th Congress.

Technically, the question is whether the "traffic-cop" House Rules Committee shall be composed of 15 members or 12. Practically, the issue is whether Speaker John W. McCormack, D-Mass., or Rules Chairman Howard W. Smith, D-Va., will decide what controversial issues shall be put to a vote in the House.

Of the three additional members, he picked two pro-Kennedy Democrats, while the Republican leaders picked one member from their party.

That gave Rayburn, and later McCormack, a shaky 8-7 majority and sufficient control of the committee to obtain floor consideration of a number of key measures on Kennedy's must list.

To win his battle by a 217-212 vote, Rayburn limited the expansion proviso to a single Congress.

In the new Congress, Smith is out to cut back the committee to its former size, thus restoring conservative control.

Kennedy said recently his program would be "through" if McCormack lost the fight. Privately, key House Democrats have been saying the same thing. They also say McCormack's reputation as a leader is at stake. His friends believe McCormack can win but that the outcome will be close.

Police Hold Stolen Goods

Fought Same Battle
The same battle was fought, on the same ground, between Smith and the late Speaker Sam Rayburn, D-Tex., at the start of the 87th Congress two years ago. Rayburn won, but on a close vote and after heavy blood-letting.

McCormack, until Thursday, had let Smith do all the talking. He finally made his announcement by indirection. Through a routine caucus call he let the word go out that he was ready to fight.

Democratic House members were advised to attend a party caucus Tuesday, Jan. 8, to establish among other things a party position on rules of the 89th Congress.

This, in effect, was McCormack's notification that he will seek a showdown with Smith. According to party leaders the outcome will decide who is going to be the real boss of the House during the next two years.

Under its old 12-man makeup, the committee for some years had been under effective control of a conservative coalition of Smith, Rep. William M. Colmer, D-Miss., and four Republican members.

Delayed Organization
With the coming of Kennedy's New Frontier in 1961, Rayburn decided to restore control of the committee to the Democratic leadership. He delayed organization of the House for almost a month while he put together the votes to enlarge the committee to 15 members.

Police in Casper, Wyo., are holding property they believe was stolen from a cabin somewhere between Klamath Falls and Lakeview last Nov. 24, the sheriff's office disclosed Friday.

The stolen items came into the possession of Casper police upon their arrest of Bill Trippett, address unknown, who admitted having stolen tools and pawned them in Klamath Falls.

After selling the tools, Trippett told police he left this city en route to Lakeview and stopped briefly in the Bly-Beatty area, where he broke into a cabin and stole various items, including a transistor radio, oceanic radio, man's watch, M1 rifle and clocks.

The people who own the stolen property may arrange for its return through the local office of the state police.

Trippett was assisted in the break-in by a companion or companions, who have not been named by police.

2 Prisoners Brought Back
Sheriff's deputies Lee Saunders and Norman Mitchell were expected in Klamath Falls sometime Friday after taking into custody one prisoner from police in Portland and another from the State Hospital in Salem.

To be returned here from Portland for violation of probation is Valden Parks, who was originally arrested on a charge of forgery and placed on probation following his conviction in Klamath County Circuit Court.

The other man is John W. Ely who has been at the State Hospital since Nov. 19, when he was ordered to report there by the Klamath County Circuit Court for a pre-sentencing psychiatric examination following his conviction on a charge of contributing to the delinquency of a minor.

Ely, a former Merrill fourth grade school teacher, is being returned here for sentencing in the circuit court of Judge Donald A. W. Piper, at a time to be set later.

The sheriff's deputies left here Thursday morning to transport William Dick Rose to the state penitentiary in Salem, before continuing to Portland and then returning to Klamath Falls via Salem.

Rose was sentenced by Judge Piper to serve two years in the state penitentiary after the just revoked his probation a short time ago. He was placed on probation after being convicted of forgery last March and has been living in Oregon City since that time.

Ship Slates Portland Call
HONOLULU (UPI) — The nuclear ship Savannah was scheduled to leave here today for Portland, Ore., her next port of call.

The world's first nuclear-powered ship is due to arrive in Portland Jan. 4, after anchoring near Tongue Point the previous night. The Savannah will dock on the Willamette river north of Portland and will be open for public inspection from Jan. 5 through Jan. 9.

The ship will sail Jan. 10 for San Diego, according to States Marine Lines, which operates the vessel for the Atomic Energy Commission and the Federal Maritime Administration.

SKATING ON CANAL — A frosty bite to the weather during vacation time sent Klamath youngsters in search of skates and a place to use them. Here is a skating scene on the canal near Klamath Union High School Thursday. At last reports it will be 10 days before the Moore Park skating rink is ready for use.

JFK Plans Legislation

PALM BEACH, Fla. (UPI) — President Kennedy swung his legislative planning for 1963 today to consideration of how to get Congress to approve two politically significant programs it spurned this year.

Medical care for the aged under Social Security financing was understood to be high on the agenda for talks the President scheduled today with Health, Education and Welfare Secretary Anthony J. Celebrezze. So was federal aid to education.

The administration will try again next year for federal aid to public schools, as well as to higher education. This proposal has been batted down twice in Congress, but administration experts believe each passing year reduces some of the opposition.

Much the same thinking was behind the President's decision to push again for medicare. He and his advisers sense what they regard as slowly growing public support for the plan.

This was Kennedy's third day of talks on the vacation White House with cabinet officials and other high administration aides on next year's budget, reported at an all-time high in excess of \$99 billion and the 1963 legislative program.

Thursday, Kennedy met with Defense Secretary Robert S. McNamara, Deputy Secretary Ross L. Gilpatrick, and the Joint Chiefs of Staff. They all stamped final approval on a record-high military budget expected to exceed \$50 billion, Wednesday.

Kennedy began his discussions by ironing out next year's tax reduction proposals with Treasury Secretary Douglas Dillon and other fiscal advisers.

Nikita Reviving Berlin Issue To Impress Reds

MOSCOW (UPI) — Premier Nikita Khrushchev today appeared to be reviving the Berlin and German issues with an eye toward the forthcoming East German Communist party congress.

Khrushchev, in a sharp letter to West German Chancellor Konrad Adenauer released Thursday, accused the West of causing Berlin border incidents and repeated his demand for an East German peace treaty and the creation of a demilitarized "free city" of West Berlin.

Western diplomats said it was significant that Khrushchev set no deadline for a Berlin settlement. They said all indications were that no immediate Soviet moves on Berlin were in the offing.

The diplomats said the aim of the letter appeared to be to bring the Berlin issue back into prominence in preparation for the East German party meeting in mid-January. They said Khrushchev could be assuring East German Communist chief Walter Ulbricht that the Cuban crisis has not caused Moscow to forget its promise of obtaining a Berlin settlement.

The letter was a reply to one written by Adenauer last summer at the time of a series of ugly border incidents along the Berlin wall, including the shooting of a teen-age East German refugee who bled to death by East German guards who ignored his condition.

Khrushchev ignored Adenauer's request to use his influence to stop such incidents. Instead, he made a bitter attack against the chancellor, accusing him of trying to "torpedo" every attempt of the Soviet Union and the United States to relax tension.

He charged that Adenauer tried to force the United States into an armed clash with Russia during the Cuban crisis and of being disappointed at its peaceful settlement.

Construction Record Seen

PORTLAND (UPI) — The construction industry is expected to set a new record for dollar volume of work in 1963, an industry spokesman said Thursday.

Robert A. Heintz, president of the Portland chapter of the Associated General Contractors, said an AGC survey covering Oregon and southwestern Washington indicated dollar volume next year may be about \$700 million.

He said the increase over 1962 could vary from six to 10 percent, but not all of it will result from new work. The industry expects costs to increase about three percent because of higher wages and material prices. Cost increases will be passed along in the form of higher bids.

The estimates of an increase were based on the assumption that there will be no major work stoppages, national emergencies or international crises, Heintz said.

Man Arrested By Minnesota

Robert L. Harris, sought by the sheriff's office on a charge of obtaining money by false pretenses, has been apprehended by Minnesota police and is serving four years on another charge at the state penitentiary in Sandstone, Minn., Sheriff Murray "Red" Britton reported Friday.

Harris, wanted by police in 10 other cities, has been sought by the sheriff for issuing a fictitious check to the Flying A Service Station, Oregon Avenue and Bieln Street, last Sept. 19.

Prize Awarded At Bonanza

BONANZA — Bonanza Garden Club members thank all the people who took part in the community Christmas lighting contest.

There were 11 entries, with prizes for window and entrance going to Mr. and Mrs. John Toffel of Dairy, first; Mr. and Mrs. Robert Hartley of Bonanza, second; and Mr. and Mrs. Billy Nelson of Dairy, third.

Outside scenes' first prize went to Mr. and Mrs. Vernon Hubble; second to Mr. and Mrs. Glenn Huffman, and third to Mr. and Mrs. Vernon Haley, all of Bonanza.

Judges were Charles Steber, Mrs. Jack McCarrie, and Mrs. Harry Frazier. The fog lifted Sunday, the evening of the judging, and it was a perfect night, they said. Pacific Power and Light assisted the club with the prize money.

Malin Honors Top Students

MALIN — The honor roll for this six week period has been posted at Malin School. The commendation is a tribute to those having achieved a high scholastic standing, and who at the same time have given real value to being good citizens.

The honor students are freshmen, Norma McCormick, Cheryl McCurdy, and Kathy Brooks; sophomores, Glenda McCormick, Lorraine Carka, and Loulean Lyon; juniors, Tom Brown and Edith Pitts; senior, Cathy Kenyon.

Those on the grand honor roll are Linda Reber, Elaine White, Barbara Pitts, Adelia Carka, Mary McAuliffe and Lois Owens.

Teacher Salaries Totaled For Oregon, Klamath Area

Oregon public school educators will receive an average salary of \$6,230 in 1963-64, according to a study just released by the Oregon Education Association Research Department. This is an approximate increase of \$100 over the figure for teachers and administrators in 1961-62.

There are 19,712 public elementary, junior high school, and secondary educators in the Oregon public schools according to the report and 18,154 are teachers.

Teachers' average salaries range from \$5,894 for elementary to \$6,278 for senior high school teachers.

All figures are based on actual salaries paid Oregon full-time certified school personnel, Dr. Henry Osibov, OEA research director stated. Salaries reported in the study, according to Osibov, include the following: teacher contracts for 10, 10½ and 11 months; extra pay for extra duty, and pay for extended contracts.

All of Klamath County's school districts are considered first class districts. First class districts are those that have a school census of 1,000 or more.

In our county there are three such districts. These are broken down into a first class elementary district, a first class union high district (a school district that provides high school education for two or more elementary districts), and a first class county unit district.

The average elementary school teacher's salary in the county unit is \$5,782, compared to \$6,118 in the city elementary district. The average salary for elementary school teachers in the state (first class districts) is \$5,801, or slightly more than our county unit elementary teachers and less than city elementary.

Senior high teachers in the county get \$5,815 as an average annual wage, compared to \$6,231 at Klamath Union. Senior high teachers in union high districts throughout the state are paid \$6,173, or slightly less than the average at KU. The average wage for high school teachers in state county units is \$5,774, again, slightly less than our county unit teachers. Elementary and high school

Foreign Ship Loading Set

PORTLAND (UPI) — The first U.S. lumber to be shipped from one U.S. port to another on a foreign vessel in 43 years is scheduled to be loaded at Coos Bay late next month, a Georgia-Pacific Corp. official said Thursday.

Vice President Julian Cheatham said the Japanese freighter Taitan Maru will take on 1,400,000 board feet of Douglas fir and hemlock for delivery at San Juan, Puerto Rico.

The shipment on the Japanese vessel was made possible under a permit granted by the Department of Commerce in accordance with a recent amendment to the Jones Act. Cheatham said Georgia-Pacific complied with terms of the permit in allowing U.S. ship owners five days in which to meet shipping prices offered by the Japanese.

Two U.S. lines, States Marine Lines and American Export Lines, offered to carry the lumber at \$17 per 1,000 board feet above the Japanese offer, Cheatham said.

Navy Hunts Lost Plane

SAN DIEGO (UPI) — The Navy launched a massive sea-air search at daybreak today for a twin-engine anti-submarine patrol seaplane missing since Wednesday with 13 men aboard.

Twenty Navy P2V Neptunes and P3M Marlins, each equipped with powerful wing searchlights, continued the search for the missing P3M through the night.

The plane, on a routine patrol out of North Island Naval Air Station here, last made radio contact with its home base Wednesday night. The pilot, Lt. David K. Lukefahr, 28, Imperial Beach, Calif., reported his position as 350 miles southwest of here and 145 miles west of Guadalupe Island off the coast of Baja California, Mexico. He gave no indication of trouble.

The Navy said the weather in the search area was good and the sea was calm.
