

GASOLINE ALLEY Bill Perry

Here comes the walking radio station, Nubbin.

Slim and his transistor!

Has that thing been turned off even once since Christmas, Slim?

Sure, each night before I go to bed.

But radio is great! Keeps you up on news, sports and lots of things.

In fact, it has an influence on everything we do.

Like what? Keep shoveling. I'll tell you later.

Whew! I'm bushed.

Me, too. While we rest you can tell us, Slim.

Okay. The reason you're pooped out is you've been workin' to music with a fast beat!

Pop, we're doin' all right. You don't need to help us.

You were going great! But you've slowed down to a walk.

I had 'em working to 'twist' music, Mr. Wallet. But we've tuned in something else.

What's it playing now, Slim?

Brahms' Lullaby!
