Ike Urges Budget Cut If Income Taxes Pared

WASHINGTON (UPI)—Former President Dwight D. Eisenhower said today that any income tax cut should be accompanied by a reduction in federal spending "right across the board."

Eisenhower said that all government expenditures were "going up too fast." He also said the government was increasing all non-defense items as well as defense items and the space program.

"I feel this is a bad trend," the former president said in a copyrighted interview with U. S. News & World Report magazine. "People talk about reducing taxes, but how are you going to reduce taxes under such a condition right today?" Eisenhower asked.

"I would like to see a very substantial tax cut, but I would like to see it accompanied by a sufficient reduction in our expenditures right across the board—I don't care where they fall—but particularly including nondefense items."

"The aggregate reduction need not necessarily be equal in amount to the tax cut, but it would show the sincerity of the government in getting our fiscal affairs on a sane and sound basis."

Eisenhower also made these comments:

"Cuba—The Cuban situation 'is far from being solved.' Soviet Premier Nikita Khrushchev put missiles in Cuba 'to see whether he could find a soft spot in our thinking and our will to resist' and 'I'm delighted to see he was made to move back.'"

"NATO—Americans 'cannot be forever deployed all around the world' and European allies should be doing more to strengthen their own defenses. 'We ought to keep enough ground force there to show that we are really serious.'"

"War—I do not think we are going to have a major war." As for nuclear conflict, "Since we don't intend to drop nuclear stockpiles and they certainly don't want to, I think the danger becomes remote."

"Sino-Soviet split—'No free nation can afford to drop its guard even an inch, and, although we are delighted to see these Sino-Soviet differences develop, the fact is that we have to watch them.'"

"Labor—'Some of our trade union leaders are not taking the time to look at the total welfare of the United States.' The chief concern of both union leaders and businessmen should be 'What is good for the nation?'"

Modoc Totals Hold Steady

ALTURAS — California as a whole may be experiencing a population boom, but in one corner of the state the population count is the same as it was 33 years ago. According to population statistics, the count in Modoc County is estimated in slight excess of 8,000. This is a gain of 300 over January, 1962. At the conclusion of the 1930 census, Modoc polled a count of 8,038.

In fact, over the past 33 years, Modoc County has gained less than 2,000 persons. In 1910 the census stood at 6,191.

The human count may not be picking up in the county, but the cattle count keeps increasing. In 1935 the cattle census stood at 79,906, while at the end of 1962 the cattle census is a little over 100,000. Since 1935, however, the sheep count has taken a drastic decline from 77,000 to 27,000 in 1962.

Chamber Manager A. F. V. a n Horn urges a "progressive spirit and unified work for economic expansion of the county." He warns, "We should not be content with a mere status quo."

Fund Drive Meet Called

The Klamath County Chapter of the American Cancer Society will meet 7:30 p.m. Wednesday, Jan. 9, at 1435 Esplanade to discuss plans for organizing this year's fund raising campaign.

O. K. McCart and Clifford McGinty will report on a recent Portland meeting in which details of the statewide drive were outlined, according to Mrs. John Dickinson, publicity chairman of the local chapter.

Cafe Employee Said Missing

A Medford man has been reported as a missing person by his employer after he failed to report to work at the Hilltop Cafe, 2011 Green Springs Drive, Saturday evening.

Robert Wyrick, 22, has been working in Klamath Falls since his discharge from the armed forces about 2 1/2 months ago.

Wyrick apparently told friends he was going to Medford. The state police checked at his home in Medford and found that he had not arrived.

Wyrick's friends searched on the Green Springs and Dead Indian roads in an attempt to find him thinking that his car may have been disabled.

Check Passer Changes Plea

Thomas W. Palmer, 26, scheduled to stand trial Monday for forging a bank check, appeared in the circuit court of Judge David R. Vandenberg late Friday and changed his plea from not guilty to guilty. It has been disclosed.

Judge Vandenberg received the plea and set 10 a.m. Tuesday, Jan. 8, as the time for sentencing.

Palmer was charged with publishing a forged check in the amount of \$37.65 to Louise Brown last Sept. 6. He gives his address as Ernie's Hotel in this city.

Airmen Report Threat Action

Two Kingsley Field airmen, Frederick Hof and Joseph Lipomi, 40th CAMRON, told Klamath Falls police they were threatened by a man who pointed a gun at them while they were driving on the South Sixth Street overpass at 8:57 p.m. Saturday.

The airmen later identified the man as Martin Lloyd Strachan, 1919 Laverne Avenue, when they saw the accused at the police station. The pair signed a complaint against Strachan for pointing a gun at them.

"They told police a car driven by Paul Roger Hawk pulled up close to theirs and Strachan yelled for the airmen to stop and fight. When they didn't comply, Strachan pointed a gun at them, they said."

When police located the Hawk vehicle later in the evening, they found a loaded .30-30 caliber rifle in the car. When the men were taken to the police station, police found Hawk was wanted on a disorderly conduct warrant stemming from another incident.

Obituaries

OUTIGREZ
BEATRICE TUBER OUTIGREZ, 65, and her husband, J. H. Outigrez, died Jan. 5, 1963. Survivors: Husband; three sons, Harold, Thomas, and Joseph; three daughters, all of this city; six grandchildren and one great-granddaughter. Funeral services, 10 a.m. Wednesday, Jan. 9, at 10 a.m. in the funeral home, 1000 Main St. Burial in the cemetery, Hill Cemetery.

FUNERALS
Funeral services for Lillian Kim Reynolds will be held from the Main Presbyterian Church, Tuesday, Jan. 8, at 10 a.m. Consulting services, Walter Campbell, 177 W. 1st St., Klamath Falls, Ore. 97603. Concluding services, Hill Cemetery.

CHECK SWELLS UNITED FUND — Al Nyback chairman of the large firms division of the Klamath County United Fund Drive, receives a check in the amount of \$500 from Ted Dument of the Weyerhaeuser Company. The check was presented on behalf of the employees of the timber company and is in addition to individual pledges made by them earlier in the fund drive. The latest donation has increased the amount of money raised by employees of the company to \$10,000, boosting the total collected thus far in the county to \$123,613. The county's quota this year is \$131,878.

Mentalist Shows Skill At Knife, Fork Program

Mentalist DeMille, termed "The Inner Eye" for his astounding feats of exploring the world of the subconscious mind, thrilled a capacity dinner audience at the Klamath Knife and Fork Club at the Winema Hotel Sunday night. He was introduced by John H. Houston.

DeMille arrived two hours late for his appearance after his northbound plane within 20 minutes of arrival at Klamath Falls Airport developed erratic landing lights performance and returned to San Francisco.

Entertainment was provided the approximate 300 club members and guests until the celebrity's arrival.

In demonstrating that "the supernatural is really the natural not as yet understood," the program dealt with time and the subconscious mind, in identifying time held in the mind of panel members drawn from the audience and items held by the panel while DeMille was blindfolded.

With uncanny prediction, he wrote answers last August to questions that he would be asked

Vandalism, Thefts Noted

Two thefts and a case of vandalism were reported to the Klamath Falls Police Department over the weekend.

Mrs. Florine Desoto, 5029 Independence Avenue, told police her car window was broken between 8 and 10 p.m. Friday while the vehicle was parked in the KUHS parking lot.

Mrs. Desoto said the damage was about \$20.

A radiator was stolen from a car owned by Bill Howe, 1004 Lancaster Street, between Dec. 28 and Jan. 6, while Howe was out of town.

The vehicle was parked in front of Howe's residence. He said the radiator would cost about \$25 to replace.

Three youths, who apparently took four used gun stocks from Ralph's Gun Shop, 125 North Broad Street, tried to resell the stocks at the shop Saturday.

When the youths left the shop, Mr. and Mrs. Phillips, proprietors, decided that the stocks had looked familiar. They checked in the blueing room and found that some used stocks were missing. There was mud all over the blueing room floor, Mrs. Phillips said.

False Alarm

CHEMULT — When the alarm sounded Sunday afternoon, the Chemult volunteer firemen rushed to their truck and were ready to take off in one minute flat.

Then they learned the fire was in Portland, over 200 miles away. Cecil Palmer, Chemult fire chief, checked the incident and learned from Klamath Falls Central that any fire number in the state can be dialed from Portland to set off a local alarm system. He marks the accidental call as an unusual first in his experience.

KUHS Students Plan Program

Klamath Union High School students will present a half hour television program, "Focus on KU," on Tuesday, Jan. 8, at 5 p.m. Dagmar Henry, German foreign exchange student, will be interviewed by Joan Brown and Gail Brotherhood and show slides depicting life in her native country.

The program will also feature the KUHS pep band and Juanita Stevens, champion baton twirler. Penny Howie and Phil Isensee will give a summary of school news. The student body president, Jim Sibbet, will be master of ceremonies for the program on KOTI-TV.

Woman Files Beat Charge

A man who was treated at Klamath Valley Hospital for a knife or razor blade cut Friday night was accused of knocking down and kicking a woman at 330 Broad Street, at about 9:30 the same evening.

Gertrude Leah Harvell, 321 Commercial Street, signed a disorderly conduct complaint against Emmett Ford Sr., 33, Sacramento, after the alleged beating that followed an argument between the two at the Broad Street residence.

Ford previously told police he had been attacked from behind on the street and cut by an unknown assailant. A witness to the fight in the Broad Street residence claimed that Ford had, in fact, been cut by Miss Harvell in the house. Ford later denied he was attacked by an unknown person in the street.

Ford refused to sign a complaint against Miss Harvell. The witness said Ford was resting on a couch when Miss Harvell came into the room and tried to make Ford take a drink. Ford got up and tried to leave, but Miss Harvell grabbed him from behind, the witness said. It was then that Ford knocked her down and struck her, police were told.

Assault Charge Nets Sentence

LAKEVIEW—William Neal Jr. was sentenced to five years in the state penitentiary when he appeared before Circuit Judge Charles H. Foster, Jan. 3, on a charge of assault with a dangerous weapon.

Neal was accused of injuring James Heitz by gunshot early in September and had pleaded not guilty. He appeared in circuit court Dec. 7 and changed his plea to guilty. A presentence investigation report was ordered by Judge Foster, following which the sentence was imposed.

Neal was taken to Salem by Deputy Sheriff Lan Jones.

Recovering

J. D. Vertrees, Klamath County extension agent, is making rapid recovery in Klamath Valley Hospital from major surgery Jan. 2. He will return home probably some time this week.

Civil Defense Given Funds To Secure Air Raid Sirens

An allocation of \$6,555 to purchase four air raid warning sirens for Klamath Falls has been approved by the State Civil Defense Agency and the U.S. Department of Defense. Klamath County Civil Defense Director Joe Searles said Monday.

The announcement was made in a letter to Searles from State Civil Defense Director R. W. Sandstrom, who stated the sum would be sent to the county sometime during the next month.

The funds to purchase the nuclear air raid sirens, part of a seven-siren system to be eventually installed within the city and the suburban area, will be provided on a matching basis by federal, state and county governments.

Total cost and installation of the four sirens has been estimated at \$8,740, with the federal government to contribute \$4,370 and the state and county to share in putting up a similar amount.

News of the approval of funds set the local civil defense office into action preparing bids for procuring the equipment and arranging for its installation.

Searles said invitations for bids will be sent out as soon as the money is received and prospective bidders will be allowed 30 days in which to reply. The sirens should be installed and ready for the first test alert sometime before spring, Searles predicted.

The four sirens will be placed within the city limits with the

central and largest one to be located at the Medical - Dental Building on Main Street, while the other three are to be located on power poles at Trinity Street and Lakeview Avenue, Washburn Lane, and the vicinity of Brooklyn Avenue and Crest Street (Altamont District).

Cost of the seven-siren warning system has been estimated at \$13,539.

Weather Roundup

Northern California: Mostly fair through Tuesday.

Corvallis: Fog and low clouds; highs 33-35; low tonight 24-32.

Bend: Low clouds and fog with some light drizzle; highs 30-33; low 20-25.

The Dalles and Hood River: Mostly fair except low clouds east end; gorge winds east 25-40; temperature range 30-50.

Baker and La Grande: Mostly fair except valley fog late at night and mornings; highs 37-42; low 15-30.

Portland - Vancouver, Willamette Valley: Mostly fair with fog patches; strong east winds Portland area; highs 45-50 north and 33-38 south; lows 25-32 except 35-40 east wind areas.

Western Oregon: Mostly fair with fog or clouds south interior; highs 48-53 except 35-45 south interior and 65 south coast; low 25-35.

Eastern Oregon: Fog and drizzle in places except mostly sunny extreme south; highs 32-42 except 42-52 south; low 22-32.

Western Washington: Cloudy with patchy fog; highs 36-52; low 32-38.

Eastern Washington: Cloudy or foggy through Tuesday; highs 28-38; low 22-32.

Tatoush to Blanco: Winds off Washington east 13-22 and off Oregon variable 7-16; mostly fair.

Fort Rock Rainfall Up

FORT ROCK—A rainfall total of 10.56 inches for 1962 at the Poplars Weather Station, nine miles southeast of Fort Rock, is slightly above normal. The greater amount falling during the past three months, the extreme drought of March and April, as well as summer, is not reflected. Approximately one third of the year's total fell in October.

The -38 degrees on Jan. 22, 1962, was the coldest temperature ever recorded at the station. February, too, registered below zero readings, but November and December did not. Hard winds in spring and early summer brought more than normal soil erosion on unprotected areas, but there was little erosion with the extreme Oct. 12 wind due to moisture conditions.

Weather records have been kept at The Poplars since December, 1941, with Bud Parks as cooperative observer.

Postal Sales Reflect Drop

LAKEVIEW — Christmas receipts at the Lakeview Post Office were considerably higher than those of 1961 for the same period, according to Postmaster Raymond Layton. The receipts for 1962, from Dec. 3 through 26, were \$6,738.69, as against \$4,830.18 in 1961, for a gain of \$1,919.51.

Christmas cancellations were 1,180 over those of the previous year. The number of incoming pieces of parcel post amounted to 9,674, and outgoing 7,248. This is the first year that a count has been kept on the parcel post.

The total gross receipts for the Lakeview office were \$67,869.46. One clerk and one carrier were added to the personnel for the Christmas rush.

The envelope regulation, with a minimum of three inches by 4 1/2 inches, went into effect Jan. 2. Layton stated there has been no difficulty because of the ruling. Manufacturers had anticipated the change, having received the warning over a year ago.

Police Seek Tire Thief

The stolen tires and wheels were the property of Marion B. Van Dehy, Amity, Ore., and were reported missing about noon Saturday.

The vandalism was reported 2 p.m. Sunday, when Bill Faught, 4720 Onyx Avenue, told police that four tires on his son's car were slashed with a knife while the vehicle was parked on the 1500 block of Ogden Street.

OSU Receives Science Grants

Oregon State University will be a leader again this coming summer in providing special training in science and mathematics for superior high school students from across the U.S.

OSU received two of the 167 grants awarded by the National Science Foundation to leading educational and research institutions located throughout the country. It is the only Oregon school on the select list.

About 6,500 outstanding U.S. high school students will be chosen for the special advanced training in an effort to accelerate their educational development. The training is beyond that available in high school courses.

Legion To Meet

POST 164, American Legion and the auxiliary will meet for a 6:30 p.m. potluck in the Tulelake Grange Hall Tuesday, Jan. 8. The area commander and past commander will be present. Hostesses will be Zenia Barks and Anna Knoll.

Tom Frey, post commander, and Kay Phillips, auxiliary president, urge all members to attend.

Science Shrinks Piles New Way Without Surgery Stops Itch - Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to break down hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance — Bio-Dynex — discovery of a world-famous research institute. This substance is now available in proprietary or patented form under the name Preparation 170. At all drug counters.
