TOWER THEATRE ... Progress Report No. 1

Preview of coming attractions . . .

Tower Theatre. Like most of the Tower, it's a mess right now. Workmen by the dozens are starting the big job of completely rejuvenating the house. Coming will be a new snack bar and equipment, a new entrance, new sound equipment, new stage hangings, new carpet, new wall coverings, new restrooms and a complete face lifting throughout. Target date for the grand opening is mid-February. Pictured above, left to right are Terry Brown, Brown's Plumbing and Heating; Richard Teater, projectionist, Mervin Worley, house manager, and J. E. "Bif" Gellatly, district manager. They're discussing plumbing for the new snack stand which will be located right in the center of the lobby.
