

WARNING

New Federal Tax Laws can hurt you if you don't know how to apply them... BUT YOU HAVE THE GREATEST OPPORTUNITY IN YEARS TO SAVE MONEY ON TAXES IF YOU ACT NOW!

New 1963 Edition of J. K. LASSER'S

YOUR INCOME TAX

is Guaranteed to Add at Least \$100 to Your Net Income — or it Costs You Nothing!

GET TOUGH!" is the White House and Congressional attitude that will spur the tax examiners to even greater efforts this year. If you're not prepared, this could mean trouble for you. New laws, interpretations and rulings will help tax men probe more deeply into expense accounts, charity donations, business expenses, gifts, income-producing properties and investments, medical expenses, and other areas of tax deduction.

BUT — paradoxically — contemplated changes in taxation for 1963 offer you the greatest opportunity in years to save tax money now.

NEW, REVISED 1963 edition of J. K. Lasser's world-famous tax guide, **YOUR INCOME TAX**, brings you a *double bonus*. It shows you how to avoid trouble — and how to cut your taxes this year for *greater net income*.

THIS YEAR Congress put through laws affecting increased retirement income credit, investment credits, increased medical deductions, depreciation allowances for cooperative apartments, and tax enforcement. Two major provisions just passed provide new tax savings. One allows self-employed professionals and businessmen to set up retirement programs; the second, provides a tax credit for investments in equipment... much, much more.

HERE IS *specialized* help for single people; young marrieds; self-employed; private and corporate businessmen; families; pensioners; professional people; home owners; investors; students; the disabled veterans.
