Ever wish, at income tax time, that you had a complete record of every cent you spent for drugs and drug products throughout the year-and how much of it was legally deductible) That kind of a record could save you money. And

that kind of a record can now be yours, every year, absolutely free of charge. This new service is called DrugTax. We are making it available to all of our customers immediately, free of

charge, as another way of saying "thank you" for their matronage. You would be surprised at the number of drug and medical supplies that can be of a deductible natureitems such as antiseptics, aspirin, cough and cold prepa-

rations, and hundreds of others, Indeed, the American taxpayer has been losing millions of dollars annually because he basn't been aware

of how many drug items are legally deductible, But you must be able to offer proof of purchase in order to claim such items in preparing your federal income tax return. And when you buy from us, you get that proof-in the form of an annual record, mailed in February.

Come in today and let us tell you more about DrugTax. And from now on, buy all of your drug and medical supplies from the score that gives you the free Drug Tax record.
