

Powell Trip Draws Blast By Senator

WASHINGTON (UPI) — Sen. John J. Williams, R-Del., today accused federal agencies of "scrambling around" to see who could do the most favors for Rep. Adam Clayton Powell.

Williams' unusual attack on a fellow lawmaker came in a Senate speech. He said he wanted to call attention to the way in which the administration "has been shoveling the taxpayers' money out" to the New York Negro Democrat.

The senator said the result has been a series of favors and loans handed out in "loose manner."

"During the past 12 months," Williams told the Senate, "various agencies of the government have been scrambling around to see who could give Mr. Powell the most favorable deal."

Williams then cited this list of alleged favors:

—A \$250,000 grant paid "outright" to Mr. Powell and his associates by the Department of Health, Education and Welfare "for the purpose of developing the nucleus of a domestic peace corps," even though Congress has not approved such a project.

—Long-term loans totalling nearly \$11 million at interest rates as low as 3.8 per cent by the Housing and Home Finance Agency "to Mr. Powell and his associates" for the construction of a housing development and purchase of hotels.

—Continued practice by the Treasury Department to carry Powell on its books as delinquent in federal income taxes from 1949 through 1955.

The Delaware senator backed up his charges with letters from federal agencies.

He also brought up Powell's junket to Europe last year, made with State Department approval.

"Last summer on the front page of every newspaper were accounts of Mr. Powell's European vacation with his lady friends, where he attended all the night spots of the European capitals on a tax-paid junket that was financed through the State Department," Williams said.

Pinochle Party

NEW PINE CREEK—Mrs. Lila Vandergaw won the women's high prize at the 100F pinochle party held in the 100F lodge hall Friday evening, Feb. 1. Bill Allen of New Pine Creek won the men's high, and the men's low went to Leo Vandergaw. Mrs. Florence Strout received the women's consolation.

The traveling prize, awarded to the last person holding a double play, rested with Ernie Hamilton.

Development Goal Set

The directors of the University of Oregon Development Fund at their annual meeting set a goal of \$150,000 to be raised during 1963 for scholarships, increased faculty benefits, and other university programs.

This compares to \$105,661 which the fund raised during 1962 by drives among alumni, business firms, and other groups. The 1962 goal had been set at \$100,000.

During the annual meeting, the fund directors reelected Adolph

Zamsky, Klamath Falls, as a member of the board.

In setting their 1963 goal at \$150,000, the directors said they hoped that \$60,000 of this sum would be in unrestricted funds.

Arthur S. Flemming, university president, told the board members the university was deeply indebted to the board members and to the many alumni and friends of the university who made it possible to reach the 1962 goal.

Husband-Wife Team Sets Pace In Oregon Legislature

By ZAN STARK
United Press International
SALEM (UPI) — The House of Oregon's husband-wife legislative team—once again making an impact on the state's lawmakers.

Senate President Ben Musa's tax program was introduced in the House this session by his wife, Rep. Katherine Musa.

Last session Mrs. Musa was instrumental in winning passage of legislation which created Oregon's tax court—the first court of its kind in the nation. The plan was first proposed by her husband in 1949.

The Musas, both Democrats, are Oregon's second-husband-wife legislative team. The late Democratic U.S. Sen. Richard Neuberger and his wife Maurine, now a U.S. senator, both formerly served in the Oregon legislature, he in the House and Senate and she in the House.

Quiet spoken, white haired Ben Musa, 37, was born in Boring, Ore. Mrs. Musa, 36, is a native of Middleton, Idaho.

The Musas' home is at The Dalles on the Columbia River, where he is a certified public accountant. She is a licensed pilot and lists her occupation as "housewife."

She's a busy one. In addition to her legislative duties she has been active in the Wasco County Red Cross, Tuberculosis and Health Association, Girl Scouts,

Parent Teachers Association, and United Fund.

A son, Dr. Byron Musa, is in St. Paul, Minn., taking post-graduate work for specialization in internal medicine.

Their youngest son, Air Force Lt. Milton Musa, was killed in 1956.

Ben also has been active in civic affairs. He served on the Red Cross, Community Chest, was chairman of The Dalles Planning Commission, a director of the Chamber of Commerce, and a past president of the Kiwanis Club.

He first entered the Senate in 1949, and since has served in the 1951, 1957, 1959, and 1961 sessions.

By the end of 1961, there were between 16 and 17 million persons in the U.S. who had reached the age of 65 or more.

His present term expires in January, 1963.

Mrs. Musa has served in the House every session since 1953. This session she is chairman of the powerful House Rules and

Resolutions Committee, is vice chairman of Elections and Reapportionment, and a member of the Financial Affairs Committee.

As Senate president, Musa does not now serve on any committee. Mrs. Musa speaks softly. But

she speaks out strongly on issues that concern her.

Her husband is inclined to witty comments, and at least one official has started a collection of what he calls "Musa-isms."

Musa represents six counties in

north-central Oregon — Gilliam, Hood River, Morrow, Sherman, Wasco and Wheeler—the largest Senate district in the state.

Mrs. Musa's district—Wasco and Hood River counties—was enlarged under recent apportionment.

LONGEST CAB RIDE EVER MADE PROVES RIVERSIDE NYLON ST-107 LASTS LONGER

Two taxi cabs criss-crossed the U. S. for months on Riverside Nylon ST-107's. Drivers attempted 400 miles a day at posted speeds to give the ST-107 the roughest kind of open-road punishment.

Not once did the cabs have to stop for tire repairs or changes. And after each averaged 33,000 miles, 50% of the tread was still left!

These amazing results verified previous test-track findings which proved the Riverside Nylon ST-107 "Best by Test" in safety and performance—better than the first-line Nylon tires of four other leading tire manufacturers.
