Luck Needs One Chance

By OSWALD JACOBY

Newspaper Enterprise Assn.

If West should open a club he could defeat South's four spade contract, but no one can blame West for leading and continuing hearts.

South ruffs the third heart and notes a sure club loser and a very probable diamond loser. Of course, finesses sometimes work, but West has made a takeout double and is likely to hold the king of diamonds as part of his bid.

South can avoid leading the diamonds himself by an elimination play. He will have to be lucky, but luck comes to those who give the cards a chance and South has nothing to lose. He leads a trump to dummy, ruffs the last heart, plays one more trump in order to eliminate the last trump and then plays the ace, king and another club.

West has seen what South is up to and West would like to unblock the club suit. Unfortunately he is also looking right at the nine of clubs in dummy. If West unblocks he will merely make that nine of clubs good and West is forced to win the club lead.

That leaves West right in the soup. A fourth club lead will give declarer a ruff and discard. A diamond lead will be right up to South's ace-queen.

Q-CARD Sense

Q—The bidding has been:
West North East South
1 A Double Pass ?
You, South, hold:
▲ 854 ♥K765 ♦KJ92 ♣12
What do you do?
A—Bid two hearts. Prefer the major suit to the minor even though the minor is slightly stronger.

TODAY'S QUESTION
Your partner raises to three hearts. What do you do now?

Youth Gets Appointment To Academy

A former Klamath Falls resident, Nick Moschetti Jr., 18, now residing at Wells, Nev., received an appointment to the United States Military Academy at West Point this month.

Moschetti was the principal appointee of Rep. Walter Barr, D-Nev. His parents are Mr. and Mrs. Nick Moschetti of Wilkins, Nev. The youth's grandparents, Mr. and Mrs. R. G. Lilly, reside at Route 2, Box 590, Klamath Falls.

He was a former student at Sacred Heart Academy, graduated from Wells High School in 1962 and attended Millard School at Bandon, Ore. Millard is a preparatory school for future West Point and Annapolis students.

Moschetti is slated to enter West Point in July after completion of entrance examinations which he will take this month.

CLINICAL PSYCHOLOGIST — Dr. Horace Manning recently joined the staff of the Klamath Mental Health Center, a branch of the county health department, and will be working on a full-time basis reducing the backlog that had been building up at the center. Manning is a former Klamath Falls resident.

Dr. H. Manning Joins Mental Health Center

A new staff member was added to the Klamath Mental Health Center of the Klamath County Health Department recently.

Dr. Horace Manning, a native of Klamath Falls, will be a full-time clinical psychologist at the center. Manning's family moved to Portland while he was still attending grade school in this city.

Manning received his B.A. at Lewis and Clark College and his M.S. at the University of Oregon. He took his doctorate at the University of Minnesota. He was on the staff at Camarillo and Atascadero state hospitals in California before coming to Klamath Falls.

"The backlog of cases at the center has been extensive and there has been about a two-month waiting list," Dr. Seth Kerron, director of the county health department, said.

Another full-time staff member at the center is Mildred Loudon, psychiatric social worker.

"However, it still may be necessary to hire more doctors if the work load continues to grow," Kerron said.

With the addition of Dr. Manning the entire program at the center will be enlarged. The staff will be able to put a greater emphasis on family counseling and the center will be in a better position to take care of emergency cases.

More time now can be spent on evaluating the mental health problems in the community as a whole.

The practice of having visiting psychiatrists come to the city four or five days a month will be continued.

Court Asks NLRB Study Of Evidence

SAN FRANCISCO (UPI) — The Ninth U.S. Circuit Court of Appeals Tuesday ordered the National Labor Relations Board to consider new evidence in the 3½-year-old Portland newspaper strike.

The court granted a petition by the Oregonian Publishing Co. and the Journal Publishing Co. The petition asked that an article written by a Portland unionist be considered in the publishers' charges of unfair labor practices against the stereotypers union.

The publishers filed unfair labor charges against the union after the strike started in 1959, claiming the strike was illegal because it was not based on economic motives.

NLRB trial examiner Martin S. Bennett agreed, but the NLRB later reversed Bennett and found for the union on three of four counts. Both sides appealed.

The new evidence which the publishers wanted introduced was an article in the December, 1962, issue of the International Stereotypers and Electrotypers Union Journal written by James A. Thompson, a member of the union's negotiating committee in the Portland strike. Thompson allegedly admitted in the article that the strike was based on a work rules dispute, not on an economic motive.

Reames Dinner

Klamath Chapter Oregon Pilots will meet at Reames Country Club Saturday, Feb. 16, for no-host cocktails at 6:30 p.m. and dinner at 7 o'clock.

Chief of the Klamath Falls Weather Bureau Bob Cardinal will present the program. Jack Mulkey will chair the meeting.

Old-timers Night is scheduled for March 9 also at Reames with Elbert Stiles, chairman.

Membership dues for 1963 are \$5 for husbands, 50 cents for wives, payable to Mary McFarland, 1607 Arthur Street, Klamath Falls.

Death Caused By Drowning

MEDFORD (UPI) — Death of Mrs. LaNelda Marlow, 31, Ashland, whose body was found near the Siskiyou Summit Feb. 5, was caused by suffocation due to drowning, an inquest jury decided Wednesday.

The jury also directed that nobody be held in connection with the death. Dist. Atty. Alan Holmes said evidence on the death would be presented to a grand jury, probably on Tuesday.

The local crusade chairman, Cliff McGinty, will head the local project with Joe Tumulty as overall chairman.

Ed Hickman will be in charge of the affair at Lucky Lanes and Jim Mosely at the Holiday Bowl, with proceeds to go to the American Cancer Society.

PLAY CAST — The cast of "Finders Creepers" takes time out from one of the final rehearsals to pose for a picture. The mystery comedy will be given Feb. 15-16 at 8 p.m. in the Bonanza Elementary School gym. Proceeds from the two performances will be donated to the Bonanza Big Springs Park fund. Tickets are available at the Dairy and Bonanza cafes and may be purchased at the door.

Puppet Show Set For 'Y'

Highlighting the bi-monthly Family Night at the YMCA this Friday, March 15, will be a puppet show of Menotti's opera "Amahl and the Night Visitor," put on by the Ben Kerns family.

Kerns, his wife, Phyllis, and their 12-year-old son, Tommy, will manipulate the strings on the handmade puppets and voices and music will be from a recording of the original New York production.

The evening's festivities will begin at 6:30 with a potluck supper and each family is asked to bring a hot dish plus salad or dessert, beverage for the children, and table service. The gym and game room facilities of the "Y" will be available for all ages following the puppet show.

BUDDY SYSTEM

LATHAM, England (UPI) — Mrs. Pamela Elleston gave birth to a boy Wednesday at the same moment her twin sister, Mrs. Ann Cramer, gave birth to a boy in a hospital 130 miles away.

"My daughters were identical twins and were inseparable when young," commented the proud grandmother.

Parents And Patrons Formed At Modoc High

ALTURAS—Parents of Modoc Union High School students met Friday evening, Feb. 8, to form a parent group similar to the Parents and Patrons group recently formed at Tulelake, Calif.

Dr. Al Baird, acting chairman for the group, stated some of the aims. "We would like to study parent problems as a group and then present them to the school board—if there is a cause. We feel, this will eliminate the feeling that it is just the complaint of some irate parent."

Studies will be made by the new group on recognition of the Modoc High School scholastically by other schools and colleges; accreditation of graduates to state and private colleges; disciplinary problems and a move for greater interest by the parents in school and social functions.

Karl Olsen reported that the school board had told him they welcomed the interest of the new group and invited the group's representation at board meetings.

In this initial meeting, aims and purposes were defined and an executive board was formed. The board is made up of Frank Caldwell, Marcel Capik, Mrs. William Matthews, Mrs. Douglas Graham, Mrs. Karol Woodward, Lynn Sigler and Dr. Al Baird.

The new board will meet this week to map a program and appoint committees.

New Clubhouse

PORTLAND (UPI)—Plans for a new clubhouse for Multnomah Athletic Club and for eventual disposal of Multnomah Stadium were announced Tuesday night at the club's annual meeting.

Ralph Walstrom, MAC vice president, said the new clubhouse would be built on property between 18th and 20th on SW Salmon. Ground is expected to be broken this fall.

The club has about \$2 million in its building fund.

Elton E. Ellis, retiring president, told members the club will eventually plan commercial development of the 7.5 acre stadium site. He said MAC may sell or lease the land, or develop the site itself. No time was given.

Shasta School Election Scheduled On April 16

MOUNT SHASTA—The April 16 election will give Mount Shasta Union Elementary School District voters the opportunity to vote on a \$150,000 bond issue for the construction of six additional school rooms, restrooms, and storage space at Sisson School.

At a special meeting, the board of trustees decided to put the measure up for vote. It failed to carry the necessary two-thirds approval when presented in the November balloting. A \$129,000 bond issue was asked at that time, which netted 663 yes votes and 570 no votes; 814 yes votes were needed to carry with the number of people voting.

The board decided to attempt a larger issue for the April voting to allow for, about \$12,000, which will be paid off on old issues by the time this one would be in effect, and for an increased assessed valuation. By bonding to the limit for its building program, the district can borrow from the state to make up the deficit in the amount requested and the amount necessary for the building program. The amount estimated for the project is \$184,000.

New classrooms are needed as students are presently being taught in rented rooms in the basement of the Community Methodist Church, St. Anthony's Recreation Hall, and in the school cafeteria and cafeteria kitchen.

To be eligible to vote, persons must be registered by Feb. 21. Anyone who did not vote in the last general or primary election is not eligible to vote. New residents in the area must register to be eligible.

This special election will be held at the same place, time, and hours as the school trustee election. There are two vacancies in the elementary district to be voted on, those of Richard Fitzgerald and P. J. Gützler, who have not indicated if they will seek reelection.

You can tell this '63 on sight—even at night!

For years now, Pontiacs have been the easiest cars to pick out in a crowd. And the '63's are no exception. At night, with the highway driving beam on, Pontiac identifies itself by its unique over-and-under headlight arrangement. [It's more than just a nice styling touch—the headlights aim better this way.] By day, of course, a new boldly linear grille design sets Pontiac beautifully apart from the which-car-is-which problem. Another way you can tell the '63 Pontiac is by looking at the drivers. They're the ones who are smiling. Say—maybe you'd better see your dealer about that. He's smiling about Pontiac too. **Wide-Track Pontiac.**
