

### Court Stalls Admission To College

ATLANTA (UPI)—The U.S. 5th Circuit Court of Appeals has forced a postponement in the plans of Dewey Roosevelt Greene Jr. to become the second Negro student at the University of Mississippi.

Three federal judges decided Monday, after an earlier hearing on Greene's appeal for immediate admission to "Ole Miss," that he had no grounds for the emergency action he requested.

The court said the Negro, who wants to follow James H. Meredith into the university at Oxford, Miss., will have an ample and speedy chance to appeal his case later in such a course is needed.

William Kunstler, an attorney for the American Gandhi Society for Human Rights, who represented Greene, announced after the decision that the Negro's appeal through the courts will be dropped for the present.

### "DENNIS THE MENACE"

"I GOT A RULE THAT I DON'T THROW SNOWBALLS AT PEOPLE WHO GIVE ME A NICKEL."

### Civil Defense Lecture Scheduled On Thursday

The first of four illustrated lectures on civil defense will be held for people in the suburban area beginning at 7 p.m. Thursday, Feb. 21, in the Altamont Junior High School music room, according to Klamath County Civil Defense Director Joe Searles.

The classes will continue at the same time for the following three Thursdays and will conclude March 14. Seventy-three people have signed up in advance for the free course. Others interested in enrolling need only show up at the first meeting, since pre-registration is not required.

### Navy Moans Low Petty Officer Pay

WASHINGTON (UPI)—The Navy said today some of its petty officers are paid so little their families must go on relief.

Adm. George W. Anderson, chief of naval operations, discussed their plight briefly in testimony before the House Armed Services Committee.

He said a 14.4 per cent average military pay raise requested by President Kennedy "is a step in the right direction" but that in his view it does not go far enough.

"I strongly advocate for career personnel a pay scale which will compare with salaries and wages paid by industry and to civilian employees of our government," Anderson said.

GREENHANDS — Members of this group in the Tulelake Chapter, Future Farmers of America, began their education in agriculture this year as freshmen students.

### Flu Siege Hits Nation

By United Press International New York City and the southeastern states today bore the brunt of the latest siege of influenza to hit the nation.

Asian flu spread throughout New York and Dr. George James, city health commissioner, said it had reached epidemic proportions.

James reported that for the first six weeks of this year there were 651 pneumonia and influenza deaths in New York City, compared with 450 such deaths normally expected for the period.

### Community Calendar

The meeting opens at 8 p.m. There will also be on display Catholic reading materials. All proceeds of the tea will go to Sacred Heart Library. Mrs. Rose O'Leary is in charge of the program.

### Draft Dodging Penalty Nixed By Supreme Court

WASHINGTON (UPI)—The Supreme Court today struck down as "punitive" a federal law which takes away the citizenship of a native-born American if he dodges the draft by going aboard.

Ruled unconstitutional was a section of the Nationality Act of 1940.

The government appealed when two lower courts found the statute unconstitutional. The issue has been argued five times before the high court.

Today's 5 to 4 decision recalled two related rulings of 1958 when the court split 5 to 4 over nationality issues.

In 1958, the justices held that Congress may decree loss of nationality if a citizen votes in a foreign election but not if he deserts the armed forces in wartime.

The court said at that time discouraging foreign voting is incident to congressional control over foreign affairs generally, but that concealing citizenship for desertion is penal in nature—"cruel and unusual punishment" forbidden by the Constitution.

Justice Arthur J. Goldberg spoke for the majority today.

"We recognize that draft evasion, particularly in time of war, is a heinous offense, and should and can be properly punished," the opinion said.

### Howe Raps Study Plan

SALEM (UPI)—Rep. Carroll Howe, R-Klamath Falls, said Monday compulsory year-round school and college programs would have a serious impact on Oregon's economy.

Howe said the state would suffer from loss of student workers during the peak-employment summer months. He said such key industries as lumber, fire control, construction, agriculture and tourist businesses need larger work forces during the summer.

Howe, former superintendent of Klamath County schools, said students also would suffer under a compulsory program.

He said many students now finance their education by summer work.

### Rail Crew Cut Talked

SALEM (UPI)—A bill to reduce the number of freight train crewmen in Oregon from six to five was introduced in the Senate Monday at the request of the Oregon Railroad Association.

The railroads said freight trains in most states now operate with a five-man crew. The bill would drop the requirement for a third brakeman now specified in Oregon's 30-year-old statute.

The railroads said the third brakeman is unnecessary in present-day railroading.

The railroads said the central issue is whether a state should require an industry to hire unneeded employees.

### Chilcotes Top Bridge Scores

Mr. and Mrs. Bob Chilcote were the north-south winners and Helen Schaeffer and Ada Sprout placed first east-west in the Klamath Falls Unit Committee monthly masterpiece duplicate bridge tournament, held Sunday at the Winema Hotel.

Complete results: NS, 1, Mr. and Mrs. Chilcote; 2, Mr. and Mrs. George McClary; 3, Pauline Richardson - Helen Cheyne, 7W, 1, Mrs. Schaeffer - Mrs. Sprout; 2, Ruth Palmer-Frances Ross; 3, Mr. and Mrs. John Lake.

### Club Shutdown Time Asked

SALEM (UPI)—The Oregon Senate will be asked to override a veto made by Gov. Mark Hatfield after the 1961 legislature adjourned.

The Senate Alcohol Control Committee voted Monday to recommend that the governor's veto be overridden, by Sen. Edward Fadel, D-Eugene.

The bill would extend from 10 to 60 days the waiting period before the State Liquor Control Commission can shut down an establishment.

### Bill Number Said Incorrect

House Bill 1281 pertains to a proposed law which would reduce the work week of firefighters from 72 to 56 hours per week and does not concern a proposed bill on vector control districts, as stated in a short item in Sunday's Herald and News. The number of the latter bill is 1282.

A typographical error listed the number of the Vector Control Bill as 1281 but the correct number of the legislation was stated later in the article.

### GM Triples Steel Stock

DETROIT (UPI)—General Motors says it is using "common ordinary business prudence" in deciding to triple its steel inventory to 1.6 million tons for protection against any steel strike this summer.

The decision was announced Monday by GM chairman Frederic G. Donner and president John F. Gordon at a news conference called to release the annual report.

The report said GM will spend \$700 million in 1963 for new plants and equipment around the world, and more than \$530 million for special tools. The firm spent \$645 million on plants and \$530 million on tools in 1962.

About \$200 million will be spent for plants and special equipment in the United States this year, including about \$200 million in Michigan. Another \$275 million will be spent for special tools in this state.

### Review Slated At CD Meeting

Catholic Daughters Court Klamath 1295 will hear a review on "The Life of St. Joseph," written and to be read by Mrs. Helen Hoffman, well-known Klamath Falls author, and high school teacher, during a 6:30-8:30 p.m. meeting, Feb. 25, at Sacred Heart Academy. The meeting opens at 8 p.m.

There will also be on display Catholic reading materials. All proceeds of the tea will go to Sacred Heart Library. Mrs. Rose O'Leary is in charge of the program.
