Jarman Motion-Fit
SHAPED TO FIT THE FOOT IN MOTION

23.95

There is a comforting difference:
HERE ARE SHOES SHAPED TO FIT THE BODY IN MOTION!

Jarman's revolutionary new Motion-Fit shoes have four basic structural differences (felt but not seen) which fit them to the changing shape of the foot in motion. In other words, these are correct shoes (not correctives) which fit the normal foot properly whether you are sitting, standing or walking. They require no break-in period, give wonderful comfort and sturdy, steady support from the very first step. Style shown.

Flexible Brogues
Here's Jarman's wing-tip blucher — sturdy support blended with just the right amount of lightness and flexibility; a confident feeling of being right in style. Yours or just ...
