

Virtually All Kiwanians To Take Part In Project

A new method of providing the doors to greet visitors, and manpower for each of the operating committees for the Kiwanis-sponsored Home Show was adopted this year.

Each standing committee of the club was instructed to provide five members for work at the Home Show. This project is the biggest single project of the club each year, and manpower is required to build the booths, man-

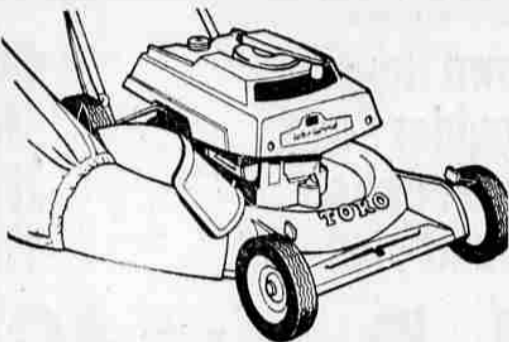

tear down the booths and clean up when the show ends at 6 p.m. Sunday.

The aim, says Kiwanis Club president Dick Hicks, is to have every member of the club involved in some phase of the activity of this Home Show project. Indications are this aim will be achieved.
