JACK HOLT

### Holt Named Budgeteer

Jack Holt, 54, executive vice president of the Bank of Klamath Falls, has been appointed to the Klamath County Budget Committee to succeed Lester Offield, 61, manager of the local branch of the U.S. National Bank, who resigned from the committee post Jan. 21 because of the pressure of business, the county court announced Friday. The appointment of Holt became effective Friday, March 1 and will terminate Jan. 1, 1965.

Offield, who has been on the committee since January, 1959, will continue to be a member of the city budget committee which he has served during recent years.

Holt brings 32 years of Oregon and Kansas banking experience to the budget review post. He is a native of Blue Rapids, Kan., and attended Kansas Wesleyan University in that state before coming to Oregon in 1928. He left four years later but returned to Oregon in 1943, and has since made this state his home. Holt came to Klamath Falls in November, 1960, from Portland where he had served as a branch manager of the First National Bank of Oregon.

He and his wife, Mary, reside at 920 Loma Linda Drive.

Offield, a life-long resident of the county, lives with his wife, Pauline, at 513 Eldorado.

### Country Singer Tracks, Kills Jungle Panther

THOUSAND OAKS, Calif. (UPI) — Country singer Stuart Hamblen basked in glory today as an expert hunter.

The 32-year-old gospel-singing cowboy, his friend and a red bone hound named Ginger did what scores of professional hunters, hounds, and armed authorities couldn't do.

He brought down a 60-pound, wild black panther that had escaped from its cage at Jungland Zoo early Wednesday and kept this community in a state of terror for 36 hours.

Hamblen told his wife, "shucks, I can get it!" Friday morning when they heard a radio news broadcast about the search. He called his friend, Ronnie Page, 55, picked up Ginger and set off for Jungland, which is in the outskirts of the heavily populated San Fernando Valley.

Most of the searchers fanned out into the surrounding hills, but Ginger, once she picked up the scent of the jungle-bred cat, refused to leave the Jungland compound and led Hamblen and Page to a warehouse.

Zoo officials who believed the animal had gone into the hills received the compound to the public Friday. It had been closed Thursday.

A number of spectators, including children, were visiting the zoo and some were only a few feet away from the warehouse when Ginger guided Hamblen and Page into it.

"I almost bumped into the

"Dis will probably surprise you, Slug, but WE'RE part of the free world!"

### De Kaplany Given Life Prison Term

SAN JOSE, Calif. (UPI) — A jury which felt he was a "sick man" voted Friday night to sentence Dr. Geza de Kaplany to life imprisonment for the acid torture murder of his beautiful ex-show-girl bride.

The 10 men and two women jurors returned to the Superior Court room of Judge Raymond G. Callaghan after deliberating for about 20 hours.

They had the option of sentencing the 37-year-old former Hungarian freedom fighter to death or life imprisonment.

"We feel he is a sick man at present," said jury foreman Richard K. Nelson on behalf of the jurors.

De Kaplany, a delicate-featured aristocrat, pleaded guilty to murder in the death of his bride of five weeks, Hajna. He admitted pouring nitric acid over her nude body in their honeymoon apartment in San Jose last August. Hajna, a blonde former showgirl and model, died in a San Francisco hospital five weeks later.

The Hungarian-born physician took the jury's decision the same way he took almost every other facet of the eight-week trial—expressless, silent.

Defense attorney E. F. De Vilbiss presented psychiatric testimony in support of his theory that De Kaplany was a Jekyll-and-Hyde combination of two personalities, one good and one evil.

The evil side of the personality, a mythical French journalist named Pierre La Roche, was blamed by the defense for the brutal attack on Hajna.

Dr. Lindsey Beaton, a psychiatrist from Tucson, Ariz., testified that De Kaplany was incapable of understanding what motivated him. He said the defendant was a "paranoid-schizophrenic with latent homosexual tendencies."

The jury began deliberations on the penalty phase of the trial Wednesday. The same panel had found the defendant sane last week.

De Kaplany later will be formally sentenced by Judge Callaghan. He will be eligible for parole in seven years, and at that time could be deported as an undesirable.

### PPL Aid Acknowledged By Health Department

A special acknowledgement to Pacific Power & Light Company for its cooperation with the U.S. Department of Health's long-range study of water resources has been received by the power company as a result of studies that were centered on the Klamath River.

The formal acknowledgement in the form of a certificate was accompanied by a letter from Gordon E. McCallum, Assistant Surgeon General and Chief of the Division of Water Supply and Pollution Control, U.S. Department of Health, Education and Welfare, who said the help of Pacific Power was valuable in gathering data regarding the water quality in the rivers of the region.

John C. Boyle, vice president for Pacific Power, reported the work had involved the loan of company personnel at the company's J o h n Boyle hydroelectric plant, formerly the Big Bend plant, where the U.S. had installed measuring gear to sample the water. The sampling and measuring work was carried out over a period of several years, Boyle reported, and is continuing.

"There is no finer example of cooperative accomplishment between the federal government and state and local governments and industry than that demonstrated by your participation with us in the National Water Quality Net-

### U.S. Continues Cuba 'Peeping'

WASHINGTON (UPI) — The Defense Department said today that aerial reconnaissance of Cuba is being maintained, but refused to discuss the methods used to keep tabs on activity in the island.

### Race 'Wall' Torn Down

ATLANTA (UPI) — Street barriers erected last December in an effort to prevent racial block-busting were torn down by the city Friday night on court orders.

The barriers were sometimes called "Atlanta's Berlin wall" by opponents of the measure enforced by the city's board of aldermen.

They weren't walls at all but road barriers of wood and steel that blocked two streets to through traffic for perhaps 200 yards. City workmen had little trouble in hauling them away.

Superior Court Judge George P. Whitman ruled late Friday in an injunction sought by 10 Negro and white residents that the barriers were "illegal and unconstitutional."

Whitman gave the city until March 4 to comply with the directive but Mayor Ivan Allen Jr. instructed workmen to tear them down immediately.

The mayor said he would ask the board of aldermen not to appeal Whitman's ruling. He also said he would ask for authority to create a special real estate commission to draw up a code of ethics covering sale and use of property in transitional areas.

Allen said he would also instruct the city planning department to institute a complete and comprehensive study of available areas to find which of the areas "could properly and adequately be zoned for open housing."

### Walker Killed

PORTLAND (UPI) — Mrs. John Sullivan, 68, Portland, died Friday after she was struck by a car. Police said the driver, Perry Jack Stephens, 64, told them he did not see the woman cross the street.

### Youngster Crashes Car

An 11-year-old youngster received bruises when he darted from behind two parked cars and ran into the path of an oncoming vehicle at the 200 block of East Main Street Thursday.

Young David Charles Canedy, 1411 Main Street, was taken to Klamath Valley Hospital by Peace Ambulance where he was treated for hip bruises and released.

The boy ran in front of an auto driven by John A. Baker, 48, 2320 Orchard Avenue, city police reported.

Baker apparently jammed on his brakes and skidded almost 20 feet, but couldn't avoid hitting the boy. The damage to his car was moderate. No citations were issued.

### State Gets Radar Post

WASHINGTON (UPI) — Rep. Al Ullman, D-Ore., announced Friday that Eastern Oregon will get an important new radar facility as a result of a nationwide improvement program just announced by the Federal Aviation Agency.

The \$486,000 installation, according to Ullman, will be located in Condon, in Gilliam County. It will be one of eight similar facilities located throughout the country, designed to help eliminate gaps in the air route traffic control system.

The Condon installation will be part of the control center located at Seattle, and will provide expanded coverage for efficient radar air traffic control.

Ullman also announced that the Federal Aviation Agency has approved installation of two new air guidance systems for the Klamath Falls, Ore., airport at a cost of \$48,000.

### Plane Crash Debris Seen

MANILA (UPI) — Search planes spotted debris 35 miles south of Davao City in the southern Philippines today, and a constabulary patrol was dispatched to determine whether it was the wreckage of a missing airliner with 27 persons aboard.

The Philippines Air Lines (PAL) twin-engine DC-3 disappeared about midway between Cotabato and Davo on Mindanao Island on a flight that normally takes one hour.

It was not known if there were any Americans among the 24 passengers and three crewmen.

Miss Baby Raymond, a PAL information officer, said the wreckage was off the route to be followed by the missing airliner, so the ground patrol was sent to check it out.

the world boldly and say THIS I HAVE DONE."

That isn't, he said, the formal creed of the Oregon Angus Association. So far as he knows, he added, it isn't the FORMAL creed of any cattlemen's association. He doesn't even know the author of it, he told his hearers. But, he added, it is the INFORMAL creed of the rugged individualists who make up the cattle business of the United States.

Those of us who know the cattlemen of this and other areas will agree that it is their UNSPOKEN creed and that it explains why they are what they are.

The Virgin Islands once were known as the Dutch West Indies.

### Obituaries

WOLFF  
Josephine Mildred Wolff, 82, died near Chiloquin Feb. 28, 1963. Survivors: Husband, Henry G.; son, Gerald C., both of Chiloquin; brothers, Andrew J., Flurry, Chiloquin; Theodore Flurry, Eagle Point, Ore.; Frank Flurry, Madras, Ore.; and James Flurry, Salem, Ore.; sisters, Irene Dobbins, Astoria; Myrtle Spoddy, Eugene; Ernestine Rutsfeld, Beaver Creek, Ore.; Elvina Gieger, Chiloquin; and Mable Wisse, Central Point, Ore. Funeral services, Ward's Klamath Funeral Home Monday, March 4, at 10 a.m. Concluding services, Klamath Memorial Park.

### Contraceptive Ad Sparks Action By Pharmacy Board

SALEM (UPI) — The Oregon Board of Pharmacy, said the attorney general's office has been asked for an opinion on whether a cease and desist order can be issued against the magazine in January.

Oregon prohibits the advertising of contraceptives except in trade publications for doctors or pharmacists. Twenty-nine other states have similar laws.

The ad appeared in the January issue of the Christian Herald, an interdenominational Protestant monthly edited by Dr. Daniel Poling and circulated by subscription. It has 45,000 subscribers nationally and 4,857 in Oregon.

The ad is believed to be the first explicit advertisement of a birth control product ever published by a nationally circulated family magazine in this country.

The ad was placed by the Emko Co. of St. Louis, Mo., manufacturers of an aerosol vaginal foam which has been widely tested in Puerto Rico, and which has been reported in medical literature to be effective as a birth control device.

A. G. McLain, chairman of the Oregon Board of Pharmacy, said the attorney general's office has been asked for an opinion on whether a cease and desist order can be issued against the magazine.

He said the board also was considering a request to Emko, whose product is licensed by the board for sale in Oregon.

A cease and desist order would apply to future issues of the magazine.

McLain said the legal question centered on whether the board could move against an ad placed, accepted and published outside Oregon, and only distributed in Oregon.

At the time the ad was accepted, Clarence McLain, advertising manager of the Christian Herald, said acceptance of the Emko ad was a "considered
