Answers Your Insurance Questions

QUESTION: A neighbor's out furnace blew up and saturated their home and furniture with soot and smoke. I understand this damage is covered by the ordinary fire insurance policy and would like to learn if this is correct.

ANSWER: This damage is actually covered by what we call an extended coverage endorsement to a regular fire policy. This coverage is written as a routine matter by most insurance agents these days but you'd better consult a good insurance agent if you're not sure your own fire policy has it.

PTA News

Klamath County Council of PTA met Feb. 5 at Roosevelt School. In observance of Founders Day, Mrs. Isabelle Brixner and Gary Robertson presented a program, "Quality of Education."

Two past council presidents, Mrs. Claudia Moore and Mrs. Rose Putnam were introduced.

Mrs. Martha Davis read an account of the founding of PTA. Mrs. Martha Stearns presented the membership plaque to Mrs. S. Wilkins of Keno School.

During the business session, Mrs. Norma Hansen discussed legislation forms to be filled out by local units; Mrs. Arthur Farr reported on a meeting of the state board of managers she attended in Portland; a resolution was adopted to endorse the inter-community hospital, and committees were appointed, one to

nominate the Distinguished Service award recipient, the other to nominate county council officers for the coming year.

James Scott, principal, introduced the program, which was a film on physical fitness and physical education. After the showing of the film a discussion was held with a panel of James Scott, Joe Roberts and G. Kempf answering questions on the program.

Marion Koglin, first grade teacher and Mrs. Jessie Buehler, second grade teacher were awarded a prize for having the most parents attending.

Refreshments were served by the fourth grade mothers.

Those attending the Jan. 24 meeting of Fairview School PTA saw a film, "Families First," which illustrated the needs of children from two families. Also on the program were several selections by the Fairview chorus. Rebecca Coats and Tommy Groves led the flag salute.

Mills School PTA held its first meeting of the new year on Jan. 24.

PLAN JOINT EXERCISE

TAIPEI (UPI) — A joint amphibious military exercise involving Nationalist Chinese and United States forces will be held in southern Formosa on March 15, according to an announcement here.

It said the exercise, dubbed "Silver Blade," will be "routine and defensive in character."

To Glow In The Dark

NEW YORK—To glow in the dark, wear evening make-up that will be as flattering under a movie marquee as at your dressing table.

Incandescent, fluorescent and candlelight play tricks with cosmetic colors that can make them disappear or turn garish. In the evening, use foundation and powder a trifle pinker than your daytime shade, and avoid blue-toned lipstick. Here are some tips on where to go from there for the different types of artificial light, which tend to impart their own

color qualities to your make-up: Ordinary light bulbs (as at a home party, school dance) and candlelight contain lots of orange and red, so avoid deep red or bright orange lipsticks; choose light, true red or clear pink. This light has little blue and green, so if you wear eye shadow in these colors, apply a bit more than usual.

Under a movie marquee, at a soda fountain or wherever the light is fluorescent (rich in blue and green tones) pale pinks fade away, bright blue and green eye make-ups can look unpleasantly electric. Select a brighter red lipstick, therefore, and use eye shadow sparingly.

For really big evenings, sparkle with one or two dazzlers: iridescent eye shadow, frosted nail polish, pearly white foundation (under tinted foundation), golden glitter in your hair.

Good Looks Mirror Health

By ALICIA HART
Newspaper Enterprise Assn.

Clear skin, shining hair, a bright smile and a trim figure are certain to add up to the look of beauty. And although cosmetics can enhance your good looks, only good health will maintain them.

The most luscious shade of lipstick, carefully applied won't make your smile dazzling unless your teeth are well cared for. Don't overlook your periodic visits to the dentist. One neglected cavity can do a lot of damage.

It's not always convenient to brush your teeth after each meal, but do so whenever you can. For home use, you might want to try the last word in dental care—an automatic toothbrush. With just a flick of the switch on the battery-powered handle you can clean and polish your teeth, and massage your gums as well.

To keep your complexion healthy and clear, you must give it a sudsy massage at least once a day. But remember that your make-up should be removed with cream first.

The prettiest hair style will be lost on your public unless your hair is clean and shining. Don't wait for a specific period of time to pass before you shampoo. Wash your hair whenever it needs it, even if that's more often than once a week.

Watch your diet carefully. This doesn't mean that you can never have a generous slice of rich cake. But don't repeat the performance daily.
