ARCH Sets Card Play

By OSWALD JACOBY
Written for
Newspaper Enterprise Assn.

The word arch covers the four points declarer should consider before playing from dummy to the first trick. "A" stands for "analyze the lead," "R" for "review the bidding," "C" for "count your losers," and "H" for "how can I make the contract?"

When I analyzed the lead I decided that East probably also held the jack of diamonds behind his queen and that there was no reason to duck. My review of the bidding merely told me that I had been wise to bid game, rather than experiment with a slam. My count of losers showed that with had luck I might lose one diamond, one heart, and two clubs and that I had to cut down to three losers.

A successful heart finesse would take care of one, but a finesse is an even chance only. Could I afford a losing finesse? Yes, if trumps broke 2-2 I could play the king of spades and a second high spade to dummy's ace and lose the finesse. The six of spades in dummy would be an entry for an eventual club discard.

Suppose trumps did not break and the heart finesse was off? Could I make the hand? Yes, if hearts broke better than 5-1.

I played out two high trumps and noted that the suit broke three-one. Then I played ace and another heart. West took his king and put his partner in with the king of diamonds. East led a club. My queen forced the ace. I took the club return, entered dummy with the ace of trumps and discarded my deuce of clubs on dummy's queen of hearts.

Q-CARD Sense

Q-The bidding has been:
West North East South
1 ♣ Double Pass 1 NT
Pass 2 ♣ Pass ?
You, South hold:
♠ 8 7 6 5 ♣ K 4 3 ♠ A J 9 ♠ 4 4 2
What do you do?
A-This is strictly a matter of partnership. If your partner is a conservative bidder raise to three hearts, otherwise pass.

TODAY'S QUESTION
Instead of bidding two hearts your partner bids two spades. What do you do in this case?
Answer Tomorrow

Award Winners

BLY—Diane Melsness and Mike Quadros have been named recipients of the Kiwanis Award and selected to represent the senior class of Bly High School at the all-round boy and girl at a banquet at the Winema Hotel on April 3.

Communism Book Eyed By Board

When the State Board of Education meets in Salem, March 8, in Room 101 of the Public Service Building, it will consider for approval the curriculum publication "Understanding the Nature of Communism, A Teacher's Resource Unit." For over a year this publication has been under extensive examination and evaluation by interested persons and organizations; the content has been revised and prepared for final publication. It only needs the board's approval.

The need for this publication was pointed out by the superintendent of public instruction, Dr. Leon P. Minear, in the spring of 1961 after joint action by the American Legion, the American Bar Association, and the National Education Association called for increased study of this topic in public schools and after the Council of Chief State School Officers endorsed the idea.

The content of this unit was cooperatively developed by the State Department of Education and the Parkrose Public Schools in the form of a tentative edition of a resource unit to assist 12th grade social studies teachers to teach effectively the nature of Communism.

Mona Lisa Gets Ready For Voyage

NEW YORK (UPI)—Public exhibition of the Mona Lisa in the United States ended Monday night at the Metropolitan Museum of Art, and preparations began for the voyage back home.

Special ceremonies at the museum today will mark the official closing of the masterwork's first American tour. It is scheduled to be shipped from here Thursday to Paris, and its permanent home in the Louvre.

Record crowds of art lovers and the just plain curious viewed the portrait by Leonardo da Vinci here and at the National Gallery in Washington, where it went on display Jan. 8 for almost four weeks.

Metropolitan officials said more than one million persons visited the museum to see the Mona Lisa during the past month. It went on public display in the museum's medieval sculpture hall Feb. 7.

In Washington, 673,872 persons including President and Mrs. Kennedy, admired the masterpiece at the National Gallery.

The 439-year-old painting, on loan from the French government, arrived here Dec. 19 aboard the liner France. The return trip will be made on the liner United States.

Citizenship Rites Slated

Judge David R. Vandenberg will confer U.S. citizenship on approximately 12 residents of Klamath County during a naturalization hearing in circuit court, 10 a.m., Wednesday, March 8, according to Charles DeLap, county clerk.

People applying for their citizenship are required to appear at 9 a.m. the same morning to complete preliminary matters, James R. Smith, Portland Immigration and Naturalization Service, has disclosed.

Smith will also remain at the courthouse following the hearing to assist applicants with other citizenship matters.

Mental Patient Still At Large

MEDICAL LAKE, Wash. (UPI)—One of seven dangerous mental patients who escaped at knife-point from Eastern State Hospital here Monday night remained at large today.

His six companions in the escape were apprehended in open country about three miles from the hospital within three hours of their escape.

Garments Taken From Clothesline

The theft of more than \$50 worth of clothing hanging on a clothesline in the backyard at the James Leighton residence, 185 Old Fort Road, was among the six thefts and two cases of vandalism reported to Klamath Falls police over the weekend.

Mrs. Leighton said she thought the clothes were taken between 8 and 12 p.m. Friday. She told police she didn't recall seeing any suspicious persons in the neighborhood before the theft.

Some of the garments apparently had U.S.N. (for United States Navy) stenciled on the back.

A state policeman Friday night spotted two Klamath Falls teenagers attempting to siphon gasoline from cars in the vicinity of 154 Jay Street. The youths were turned over to city police and one of the boys was sent to the county juvenile home.

A tool box and set of tools valued at \$200 were reported stolen between 6 and 10 p.m. Feb. 28, by Glenn Abbott, 1522 Austin Street. Abbott said the tools were taken from his station wagon while it was parked on Main Street in front of the Willard Hotel.

The theft apparently wasn't noticed until the weekend. Police have no suspects in the case.

Two hub caps valued at \$29 were reported stolen from a vehicle owned by James D. Moeller, 142 Riverside Drive, Sunday between 6 and 9 p.m. while the vehicle was parked at the Tower Theater parking lot.

J. T. Houston, 1706 Main Street, told police someone broke into his garage over the weekend and

stole a tire and wheel and some gasoline from his car.

Heuston estimated the loss at \$26.

Another theft of gas was reported Friday night from a car in a garage on Main Street.

W. M. Hairrell, 2012 Main, said the gas was siphoned from his garage door and about 10 gallons of gas was siphoned from his car.

Police have no suspects in either of the siphoning cases.

Damage to two automobiles was involved in the vandalism cases reported to police.

E. R. Corbin, 5437 Miller Road, said a radio antenna was pulled from his car Friday night while the vehicle was parked at the Holiday Bowl parking lot and Alex Smith, 2660 Home dale Road, reported the spark plug wires were pulled from his car while it was parked at the KUHS parking lot the same evening.

Smith said it cost him \$9 to repair the damage. The wires apparently were pulled off the plugs and distributor, and tied in 10 knots and left on top of the air cleaner.

VATICAN CITY (UPI)—Vatican sources denied today Italian press reports that Russian Editor Alexei I. Adzhubei, Premier Nikita Khrushchev's son-in-law, had asked for and failed to get a private audience with Pope John XXIII.

The Cuban Embassy to the Holy See, mentioned by the Rome newspaper Il Temp as an intermediary for the request, also said in response to queries that "The report is not true."

However, Adzhubei has been reported seeking to establish contacts with the Vatican, and the belief has been encouraged by his evasive replies to newsmen.

The chief of the official government newspaper Ivestia refused to be pinned down on whether he has made moves for such a meeting.

"Wait and see," he told a public rally Monday night.

Observers in Rome said Adzhubei's refusal to commit himself indicated he was trying to arrange some sort of visit to the Vatican.

They said he might meet August Cardinal Bea, head of the Secretariat for Christian Unity, since Pope John never grants interviews to newsmen.

Adzhubei and his wife, Rada, arrived in Italy last week. They came to Naples to visit the ruins of nearby Pompeii.

The Kremlin has been courting the Vatican in recent months. It permitted two observers from the Russian Orthodox Church to attend the Vatican Ecumenical Council last fall.

Khrushchev has exchanged messages with Pope John. The Russians recently released Ukrainian Archbishop Jozef Slipyi from prison after 18 years.

Red Editor Seeks Talk With Pope

VATICAN CITY (UPI)—Vatican sources denied today Italian press reports that Russian Editor Alexei I. Adzhubei, Premier Nikita Khrushchev's son-in-law, had asked for and failed to get a private audience with Pope John XXIII.

Bly Victors At Festival

BLY—Bly was victorious over Falcon Heights, Keno, and Peterson schools in the "C" Division of the Junior High School Speech Festival held at Chiloquin High School on March 1.

The first place winners and categories were Janet Harter, master of ceremonies; Trudy Watts, serious speech, with the topic, "Communism, A Threat to Our Way of Living," and Jim Smith, humorous, with his rendition of "A Valentine for Susie."

A second place winner was Janice Hague for storytelling. Her story was "A Boy Who Wouldn't Quit." Robyn Smith won in the poetry section with her theme, "Education and Teachers."

Dog Fees Totaled

Klamath County has collected \$10,061 in dog license fees from Jan. 1 through March 1, it was reported Monday by Charles DeLap, county clerk.

Friday was the last day dog owners could purchase licenses for their pets without paying a \$2 fine. Licenses are \$2 for males and spayed females, and \$3 for females.

Of the total amount collected, \$2,300 will go to the city of Klamath Falls while the remainder of the money will go to the county dog fund to operate the dog pound, pay the salary of the poundmaster, and compensate residents of the county for the loss of livestock and poultry killed by dogs.

Hoover Gets Gold Medal

NEW YORK (UPI)—Former President Herbert Hoover today received a solid gold medal from the Stanford Alumni Association for more than 70 years of "distinguished service" to the University and the nation.

Guy R. Neely of Phoenix, Ariz., president of the association, made the presentation at Hoover's suite in the Waldorf Astoria Towers. It is called the Herbert Hoover Medal for Distinguished Service and was established last year by the association.

Hoover, who was a member of Stanford's first freshman class in 1891, has served more than 50 years on the university's board of trustees.

At Stanford he established the Hoover Institution on War, Revolution and Peace. He also helped in planning the university's first Student Union, organizing the Food Research Institute and establishing the graduate school of business.

Burton Morris, armed with a rifle, came out and challenged the policeman. Seeing Cobine first he said:

"Drop your flashlight and put your hands up. Tell that other guy to come out."

When Shortreed came around to the front of the house, Morris told him and Cobine to lie on the ground and that he was going to shoot them in the back.

As he poked his rifle into Cobine's back and tried to get his revolver out of its holster, Shortreed grabbed him. He was subdued and taken to Crook County Jail.

The elder Morris was not hurt seriously. Police indicated the trouble arose during a quarrel over the son's drinking.

Youth Held For Assault

PRINEVILLE (UPI)—A youth was jailed early today on a charge of assault with intent to kill after he threatened his father and two police officers.

Fred Morris, a farmer living near Prineville, telephoned police at 4 a.m. to report that his adopted son, Burton, 21, had beat a ten him and threatened to kill him.

State Police Officer Wallace Cobine and Prineville Patrolman Gordon Shortreed drove to the Morris home and approached the house from both sides.

Burton Morris, armed with a rifle, came out and challenged the policeman. Seeing Cobine first he said:

"Drop your flashlight and put your hands up. Tell that other guy to come out."

When Shortreed came around to the front of the house, Morris told him and Cobine to lie on the ground and that he was going to shoot them in the back.

As he poked his rifle into Cobine's back and tried to get his revolver out of its holster, Shortreed grabbed him. He was subdued and taken to Crook County Jail.

The elder Morris was not hurt seriously. Police indicated the trouble arose during a quarrel over the son's drinking.

Library Aids Cataloging

The Klamath County Library has been selected as one of 68 libraries in the nation to assist the Publisher's Library Promotion Association of New Jersey in revising its children's catalogue, the Herald and News learned Tuesday.

A questionnaire requesting the library to take part in a survey involving revision of the catalogue was received recently by Emma Matthews, county children's librarian. Mrs. Matthews completed the questionnaire and returned it to the association. The catalogue will be revised according to the results of the survey.

Lumber Union To Ask Raise

PORTLAND (UPI)—The Lumber and Sawmill Workers Union announced Monday it intends to seek a wage increase this year.

No pay hike was sought last year because the union recognized the industry's crisis in competing with Canadian softwood imports.

The other large lumber union, the International Woodworkers of America, said last week it would seek a 40-cent hourly wage hike.

The LSW mentioned no specific figures, but a spokesman said at the opening of the annual Western Conference of the union here that wages would get priority in talks, rather than fringe benefits.

Son Visits

TULELAKE — Mr. and Mrs. Frank Manceau have had as house guests, their son Richard and family of China Lake, Calif. The trip here gave the grandparents an opportunity to see a new grandson, Richard Ray, 3 months old, who has an older brother, Mario.

The younger Manceau, a graduate of Tulelake High School, is associated with the Ryan Aeronautics Company of China Lake

Commuter Bill Backed By Ribicoff

WASHINGTON (UPI)—Sen. Abraham Ribicoff, D-Conn., told a Senate banking subcommittee today that "getting to work and getting home again is just as important as getting to the moon."

But, the former cabinet officer said, Congress is spending billions to reach the moon, but is merely talking about spending millions to help commuters.

Ribicoff's statements were prepared for presentation to the subcommittee in support of a mass transportation bill aimed at helping cities solve their traffic problems.

Sen. Frank Lausche, D-Ohio, opposed the bill. He said it was unwarranted interference with state and local affairs.

Ribicoff disagreed, but said each state and region should work out its own solution to its own problems. "No single answer can or should come from Washington," he said.

Other congressional news:
Draft: The House Armed Services Committee was ready to approve the administration request for another four-year draft extension. Chairman Carl Vinson, D-Ga., indicated he expected an almost unanimous vote at today's closed session. The current draft law expires July 1.

Northwest Priority Bill Talked

WASHINGTON (UPI)—A bill to give the Pacific Northwest first call on electric power produced in the area was introduced Monday by Sen. Henry M. Jackson, D-Wash.

Jackson said the bill would "safeguard the firm power supply on which long-established industries and utilities of the Northwest rely."

"If any of the proposed interconnections are constructed," he said, "the industrial power base of the Northwest and other areas could be seriously jeopardized without this legislation. It would open up a Pandora's box for preference users."

The legislation would create an exemption from laws under which any public power agency has first call over private industry in the purchase of federal power.

Fears have been expressed in the Pacific Northwest that if the Bonneville Power Administration system is tied into the California system, power now going to Northwest industry would be diverted to preference customers in California. About 51 per cent of Bonneville power sales are to non-preference customers.

Introducing of the legislation last year led to protests that the preference system would be destroyed and a rash of bills calling for similar regional preferences in other areas.

The Interior Department is planning federal transmission lines between the two regions, but private power companies also are seeking to build an intertie. Construction of the federal intertie has been justified on the ground it would allow sale of surplus power valued at some \$30 million.

Jackson's bill was cosponsored by all senators from Washington, Oregon, Idaho and Montana.
