

Advertising Control Bills Eyed In Oregon Legislature

SALEM (UPI)—Several bills designed to curb advertising already have been introduced in the 1963 session of the Oregon legislature.

More may be submitted before the session ends.

And two measures encouraged advertising.

One would keep state agencies from adopting anti-advertising restrictions. This same measure would extend truth-in-advertising provisions to include radio and television stations.

Another is House Bill 1382, co-sponsored by Rep. Edward Whelan, and Sen. Walter Pearson, both D-Portland, at the request of the Oregon State Public Port Authorities Association.

It would allow ports to "advertise and promote the facilities and commerce of the port, through public and trade media, exhibits, fairs."

Ports cannot now advertise.

Reps. Kessler Cannon, R-Bend, Juanita Orr, D-Lake Grove, and Whelan sponsored HB1380 which is aimed at cutting down on agency-created advertising restrictions.

The new section provides that "unless the power is expressly provided by statute, no occupational licensing agency may adopt any rule, regulation or order prohibiting, limiting or restricting the right to advertise."

Cannon, chief sponsor of the bill, and a Bend radio station executive, also extended the truth-in-advertising provisions to include radio and television broad-

casts. The "truth-in-advertising" provisions now apply only to printed media.

This section prohibits advertising which "contains any assertion, representation or statement of fact which is untrue, deceptive or misleading."

Another measure by Whelan, HB1467, would prohibit barbers from "advertising by means of outdoor signs, window displays or other publication of the prices for services rendered."

Health Plan Supported

WASHINGTON (UPI)—Health, Education and Welfare Secretary Anthony J. Celebrezze today urged Congress to embark on a "bold and imaginative" new mental health program.

It is time, he said, for the nation to quit crowding mentally ill persons into antiquated 19th Century state mental hospitals. He called for establishment of community centers that would not isolate patients from their friends and relatives.

Celebrezze testified before a Senate subcommittee which opened hearings today on President Kennedy's mental health program.

Committee Chairman Lister Hill, D-Ala., sponsor of the administration bills, predicted that Congress will pass them.
