**Traveling Princess On 'See America' Tour**

By GAY PAULEY  
UPI Women's Editor

NEW YORK (UPI)—A French princess, who makes a career out of continent-touring by car, has wheeled off on a "see America" trip that in three months will take her 13,000 miles through 33 states.

"I hear so much about America's natural beauty," Princess Pauline Murat said in an interview before her departure. "I want to see some of it. . . I want to see what lies between your big cities. And I want to talk to the American people. We are so influenced by you in France, you know."

The princess, a five foot, two inch brunette, left New York last Saturday with Floriane Brossette, a native of Lyons, France, who has been a Red Cross ambulance driver.

Miss Murat, 31, who said she was the first woman to drive from Paris to Moscow (that was in 1958), said the U. S. trip would be a combination of work and pleasure.

**Skating Side Trips**

The work part: Interviewing American businessmen for folksy profiles on them and their families for the magazine Realites. She also will talk to women's groups about the life of the modern French woman.

The pleasure part: Sight-seeing and side trips to Aspen, Colo., and Sun Valley, Idaho, to ski. Both women are excellent skiers and are carting their sports equipment atop their Renault convertible.

Their schedule called for their arrival in Seattle by April 8, and a return to New York by the southern route by early June.

They will keep two diaries—one on the trip and the people they

meet, and one on the car. She said they planned to stay at hotels, motels, French consulates, or take advantage of friends' hospitality. "To spend all our money just to sleep, that is silly," said Miss Murat.

**Family of Drivers**

Driving is a part of the princess' heritage. She is the daughter of the Marquis de Chasseloup Labat, one of France's first race drivers and a sports car enthusiast. Her grandfather raced. Her brother is a sports car driver and rallyist, she said. And she has logged 50,000 auto miles in Europe, Asia and Africa.

Miss Murat is a descendant of the King of Naples, who was Emperor Napoleon's brother-in-law, and counts among her paternal ancestors one who married George Washington's niece and served in the Seminole War. Her great-grandmother was the Georgian Princess Dadiani.

We asked her what she thought of women drivers. "I don't think one's sex is a factor in driving ability," she said. "But you know what I notice in America. A wife will be driving a car while her husband sits alongside, taking life easy. In France, such would not happen. The husband would be at the wheel."

Her one rule for safety on the road? "Prudence," she answered.

Buffington Island, Meigs County, Ohio, is the only Civil War battle site on Ohio soil.

**'The Middle Years' March Extension Topic**

Klamath County homemakers will have a lesson on "The Middle Years" through unit meetings during March, reports Mrs. Ruth G. Dyer, county extension agent. These homemakers will be trained by Mrs. Frances Hall, county extension agent, on Feb. 25 - 27.

Leaders will discuss the answers to such questions as: What determines your adjustment during the middle years? How are you going to face the middle years? Homemakers will learn there are adjustments that have to be made in the middle years. These are explained in terms of the concept of developmental tasks.

Anyone interested in receiving the lesson on "The Middle Years" may visit a unit any time during March. Information about the meeting place may be secured through the unit or by contacting the county extension office, phone TU 4-8151.

Leaders who were trained and the unit they represent are as follows: Mrs. Brooks Custer, Mrs. Harold Gredel, Altamont; Mrs. Fred Morris, Mrs. James Dixon, Bly; Mrs. H. T. Kellison, Mrs. Lloyd L. Hankins, Bonanza; Mrs. Armal Stump, Mrs. Gary Price, Buena Vista; Mrs. William Priebe, Mrs. Alvin Youngblood, Chiloquin; Mrs. Gilbert Ballantyne, Mrs. John Matthews, Collanger-Fairview.

**DEAR POLLY**—When I give my grandchildren games, I include a box of prizes to go to the winners. Mostly they are things I had around the house such as no-longer-used costume jewelry and perhaps some new balloons. What fun to have prizes all ready to give family and friends when they play the game.

MRS. H. M. GIRLS—This would be a sure way to get the children started on playing a new game.

**POLLY**

**DEAR POLLY** — While camping last summer, we saw one family who knew how to be kind to trees. Driving nails into trees to hang camping equipment is a poor practice. To avoid this, they had punched extra holes in a man's old leather belt and buckled it around the tree trunk. Pegboard hooks were inserted in the holes to provide hanging space for their camping gear.

**WHY SO MANY COLORS IN DIAMONDS???**

The answer lies in the characteristic of the diamond — what the scientists call the power of DISPERSION. Ordinary white light is a mixture of all the colors of the rainbow. When this light enters the diamond, it is broken up because the diamond bends each different color ray at a slightly different angle — one angle for red, another for orange and so on through the blue and violet. So the light the diamond gathers to send back to you with a dazzling rainbow fire. For this reason you should choose only fine cut diamonds — to obtain maximum fire and beauty. A wise policy when buying diamonds is "TO KNOW YOUR JEWELER."

**Nobody's perfect.**

Many Volkswagens have driven 60,000 miles on the original pistons and cylinders. Common tire wear is 40,000 miles.

But it's a mistake to regard the Volkswagens as indestructible. Like any good machine, it does not thrive best on neglect.

This is why we give you a back on preventive maintenance covering each 30,000 miles your VW drives.

In the book for new VWs, for instance, perforated slips tell exactly what service should be performed at 300 miles (no labor charge). At 3,000 miles (no labor charge). And at every 3,000 miles after that. This should keep your car in crack running order.

Good service is so important, the Volkswagen people will not sell the VWs where they cannot be handled by us, their own factory-trained mechanics.

You are as welcome at our VW service department as the day you bought the car. Parts are economical. Quickly installed. There isn't a Volkswagen in the world we can't get you parts for. Most are interchangeable from year to year. (We can put a 1963 fender on your '52 model with just ten bolts. It fits perfectly.) Volkswagen service is as good as the car. Ask anybody.

**Couple Wed At Kingsley**

Wilma Sue Boren, daughter of Mr. and Mrs. Homer C. Boren, became the bride of Robert G. Wittenberg in an eight o'clock double ring ceremony Feb. 2 at Kingsley Field Chapel. He is the son of Mr. and Mrs. Ira Wittenberg of Milwaukee, Wis.

Mrs. Boren wore for her daughter's wedding a beige ensemble. Delano Shook was best man. Walter Wittenberg, uncle of the bridegroom and Eugene Padgett were ushers.

Sharon Sweek attended the guest book.

Arthur Paige sang "Because" and "The Wedding Prayer," accompanied at the organ by Mrs. Lawrence Holman.

At the following reception, Mrs. Ralph Foltz served wedding cake, Connie Enger, punch and Mrs. Pete Webb, coffee. Mrs. William Nicolino received gifts.

Prior to her marriage the bride was feted at three showers, one given by Mrs. Ralph Foltz at the home of Mrs. Retha Kirby; one by the ladies of the First Nazarene Church at the home of Mrs. Otis Gladden, and the third given by members of Calvary Temple at the church.
