

# 'Spring Value Days' Sales Event Set By Downtown Klamath Merchants On Thursday, Friday, Saturday

"Shop Downtown where values to the attention of the public the pany, Firestone Stores, Montgom-bloom and where there's more tremendous volume of merchandise than anywhere else in the area. Downtown Klamath Falls Merchants Association is sponsoring a three-day spring merchandising sale this Thursday, Friday and Saturday.

These merchants point out that it's less than a month until Easter Sunday, April 14, and that spring stocks are complete and values are "bumping."

This week the Downtown Merchants present the second in a year-around series of special value advertising promotions to bring

street on one of 12 available lots by the city street department, the parking for the convenience of the public.

Merchants Association officials indicated that the present concerted effort is part of a long-range plan to bring additional values to the public and point up the widespread choice and range of values that the shopper can find in the downtown section.

Oil and gas wells of 15,000 foot depths are not uncommon.

A major project in recent years has been that of acquiring off-street parking sites, and these lots are now functioning smoothly, providing a great deal of parking which are put up annually.

## Legislature Denies Support To Oldster Care Memorial

SALEM (UPI) — Three Democrats joined the Republican minority in the Oregon House Monday to kill a measure that would have endorsed the social security approach to hospital and nursing home care for the elderly.

The memorial was defeated 32-38. All 29 Republicans voted against it, along with Democratic Reps. Don McBain of Gresham, Don McKinnis of Summerville, and Wayne Turner of St. Helens.

The most impassioned plea for the memorial came from the oldest member of the House, Rep. Jake Bennett, D-Portland.

He said Kerr-Mills in Oregon has been a "feeble" program. "The time-tested social security system offers an honorable, workable, equitable solution," he said.

Rep. Kessler Cannon, R-Bend, replied the social security approach would "open the door to a nationalized federal health service program . . . a compulsory, regimented governmental system of hospitalization . . . in which doctor and hospital might become instruments of the federal government."

For Now and Tomorrow... at **Beach's**  
Photo Registration  
of Your *Trend* Diamond Jewelry  
at No Extra Charge!

This thoughtful service, so symbolic of the extra care taken in the making of *Trend* diamond jewelry, offers a lasting record of a joyous occasion—the selection of your diamond rings.
