

ATTENDS MEETING — Sharon Omdal, Portland, center, nutrition consultant representing the Oregon Dairy Council, was guest of honor at the regular luncheon meeting of the Klamath Dairy Wives March 15 at Molatore's Restaurant. At the session, plans were made for the fifth annual Oregon Dairy Princess contest of which Mrs. Ellen Hobson, left, is local chairman. Mrs. Pat Masten, right, is president of the Klamath Dairy Wives.

BRIDE HONORED — Mrs. Jim Stevens, right, the former Dairy Princess, was honored at a luncheon meeting of the Klamath Dairy Wives at their luncheon meeting. Helping Mrs. Stevens with gifts is Mrs. Pat Masten, left. Among the invited guests were the bride's mother, Mrs. C. L. Jensen, and Naomi Branham, who was a candidate last year for Dairy Princess.

SHORTS SHOW

Bermuda shorts show up in spanking white or basic black smooth leather and promise to carry through to summer.

FOR FLATTERY

Fashion to flatter is the softly-shaped coat with lightly indented front and smooth, gently eased or cape-full back.

Golfers Post Opening Play

With the official opening of spring comes the official opening of the golf season for the women of Reames Golf and Country Club. As in the past, a breakfast will kick off the play. This is scheduled for Friday morning, March 29, starting with a punch bowl at 9:30 a.m.

Immediately following, weather permitting, will be a nine hole get-acquainted golf game.

All women of Reames are urged to be present for the breakfast, whether they are golfers or bridge players, for a fun time is in store for them.

Tournament chairmen this year are Mrs. Lee Flink and Mrs. Dick C. Cary.

Other golf chairmen include Mrs. John O'Neill, trophies; Mrs. Edward P. Benick, handicaps; Mrs. W. R. Bradshaw, electric; Mrs. John Fern, junior golf; Mrs. Frank Peyton, director; Mrs. Charles Dakin, WSO senior representative; Mrs. Dick Cary, WSO junior representative.

Waiting In Fashion

Lifted waistlines, easy tunic tops, sweater-like pullover jackets and relaxed shift lines are spring newsmakers that can, and do, adapt themselves to maternity fashion thinking.

With increasing emphasis on the suit and the costume look, maternity suits are favored not only for their virtues of comfort and concealment but for fashion importance, too.

Suit skirts expand in a number of ingenious ways, and many jackets have the added advantage of shape-retaining foam linings.

Mariners Fete Couples

MALIN — The Ancient Mariners recently honored couples who had assisted them with their celebration through the summer months, with a dinner, at the church social room, recently. Due to other events only two couples were able to attend, the Gerry Browns and the Halbert Wilsons.

A short business meeting was in order, after which a special program was presented by Mr. and Mrs. Ben Bolin and their daughter, Mrs. Halbert Wilson. The program depicted special days in the month of February.

Several vocal numbers were presented by Mrs. Gerry Brown and Mrs. E. L. Cunningham. Mr. and Mrs. Jim Bunnell presented Valentine musical numbers.

Hostesses were Mr. and Mrs. A. E. Street and Mr. and Mrs. Merle Loosley.

SAILING IN

Millinery this spring reflects the nautical influence in fashion with a variety of sailor shapes, among them a "gob" hat meant to be perched toward the back of the head.

Talented Twosome Keeps Hairdos In Line

Though the new hairdos are closer to the head, they are far from flat. Height and width in hairstyles shape a more becoming line, but there's a better way

to achieve it than ruffing or back-combing. It's called feathering, and it is achieved with a small cylindrical brush with firm but gentle bristles. Feathering builds up a lock of hair. Then high-rising hairdos on softness, not snarls, and it's easy on the hair. One of these new feathering brushes now comes with one well-known self-styling hair spray. This holding the container about seven inches away from the head so that only a fine mist dampens the hair. Feather and spray, feather and spray, until you have built height or fullness where you want it. Now, smooth over the top with a brush, shaping the hairdo into line.

Strap Style Steps Ahead

Leathers are light, colors are gay and styling airy, in girls' dress, school and play shoes for spring.

Stepping out at the head of the fashion parade are strap pumps, reports Shoe Fashion Service of Leather Industries of America. The simple T-strap and the broad sabot strap are favorites. Swivel and removable straps play a lesser role.

Girls can be ankle-deep in strap fashions in grained and smooth leather school shoes, in brushed and glove leather casuals and in polished and patent leather dress shoes.

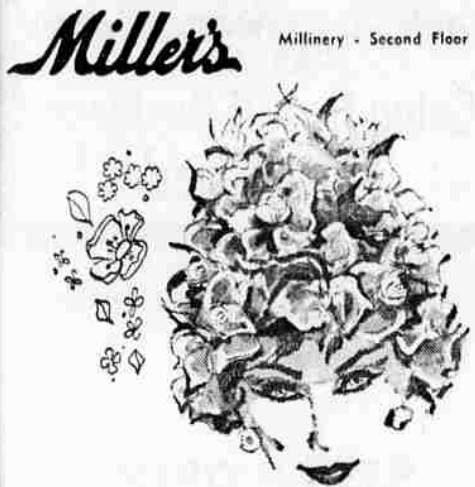

The trend to lightness has increased the popularity of brushed leather flats, ties and boot shoes. Brushed leather is a suede finish on split leather, which has lightness, with no loss in durability. Split leather is strong enough to be used as a sole in some casual or play shoes for youngsters.

In both casual and school shoes, the classic moccasin is enjoying renewed popularity. Although available in dozens of style variations, the moccasin most often selected by youngsters is the classic with simple handstitching and a strap design across the vamp.

For dress or party, the low-cut shell pump in a handsome leather finish makes every social occasion a full dress affair. There are laced pumps in rounded or square toes, slip-on pumps strap shoes with a real open feeling.

Pastels — yellows, blues and pinks — are interpreted in soft, smooth leathers. Flashing patent and glazed kid leathers also star on the birthday circuit.

Scalloped edges and perforations add a lithe look.

for the total look of fashion...

Top off spring's softly feminine styles with hats that match their mood for the total look of fashion. Choose from our stunning collection of smart new shapes in straws, fabrics and florals to complement every costume.
