Petersen said he believed the Soviets now have the ability to assemble in earth orbit the necessary equipment for a manned moon shot.

President Kennedy's plan to put Americans on the moon by the end of the decade has run into major opposition from some economy-minded Republicans.

Latest to join the protest was former President Dwight D. Eisenhower, who said Friday that the current "crash" program to get to the moon was wasteful and should be tempered with caution.

Petersen said that with 10 to 15 separate rocket launchings over a period of 10 days the Russians could put parts for a space platform into orbit and then join them together. The Soviet moon rocket would start from here, overcome

A survey in March 1962 revealed there were 34.7 million households in the United States.

School will be dismissed for both senior and junior high school students on April 22, which has been designated as Curriculum Day. This will be an all-day gathering of instructors and administrators for a seminar discussion on the three areas of team teach-

New lower electric rates, which went into effect March 22, will bring savings of up to \$14 annually for PP&L residential customers in southern Oregon. Now is your opportunity to enjoy more of the comfort and convenience of modern electric living by adding that new range, clothes dryer, dishwasher or whatever electric appliance you've been wanting.

For example, if you are not among the thousands of customers using fast, clean electric water heating, you can now enjoy this modern service at a saving. The new rates include a block of 540 kilowatt-hours at just 1¢ per KWH. This is of particular benefit to water heating customers, although equally available for any use you may wish. So see the new electric appliances at your dealer's soon.

PP&L's new rates also will offer many advantages for commercial and industrial customers in the southern Oregon area. So as always, from making your coffee and toast in the morning to turning the wheels of the area's payroll industries, you can count on dependable PP&L electricity to serve you best, today and in the years ahead.

You'll like a quick-recovery electric water heater!
