'Rat' Shelley Berman Wants To Quit Sinking Night Club

By VERNON SCOTT
UPI Hollywood Correspondent
HOLLYWOOD (UPI)—"I am a rat and I want to leave a sinking ship"—Shelley Berman.
Comedian Berman was speaking apophorically but earnestly. His sinking ship is the nightclub business. His problem is, where to go?
He went down the list of possibilities and came up with negative answers:
"The movies? They don't make enough of them any more. Besides, with great stars out of work what chance does a pretender have?"
"Broadway? There aren't enough plays and shows to keep a fraction of the New York actors employed. The theater is out."
"Radio? It's no longer an entertainment medium."
"Television? It's dangerous. You go on it with your own show for a couple of years and then where are you? Look what happened to George Gobel and Bob Newhart."

There is one avenue of escape for Berman which promises a bright future and it is there that the funnyman hopes to drop the gangplank of his floundering career.
His out? Dramatic guest shots on television shows.
"It isn't enough to make a lot of money and win the adulation of crowds of people," said Berman at his unfunnyest. "A comedian, a wit, a humorist wants respect, too."
"Take Milton Berle, a great one. They call him Uncle Miltie. But with Laurence Olivier it's Mr. Olivier."

Berman's passion on the subject had obviously carried him away. It's Sir Laurence, not Mr. Olivier these days. But that's not the point; almost everyone calls Berman by his first name, Shelley. Just once, he'd like to hear someone call him Mister Berman, even a waiter.

"My No. 1 problem is survival," he said during a recent stay at the Beverly Hills hotel.
"Nightclubs are not dead yet, but they are disappearing. Look at Los Angeles. This town has about six million people it can draw from in southern California."

being published by Knopf. "Wanderer" is the product of four years' "grueling but glorious sweat" at his own typewriter.
Hayden's publishers think the actor, who hardly even wrote a postcard until he was 43, can become an important literary talent.
"The book's about the struggle of a tortured individual to be himself in a society which is hostile to breakaways from the herd," Hayden said. "How much is you, how much is them? It's a tough question and you've got to keep asking it."

But Hayden has no axe to grind.
"I messed myself up," he said. "I spent a lifetime selling out. I always hated acting but I kept on acting. I was a rat, a stoolie, and the names I named—some of them close friends—were blacklisted and deprived of their livelihood."

Hayden said he would not have presumed to write an autobiography if he had not felt it might have some meaning to others.
