Blow the Ball! By Tom Jones

Use a large smooth table and choose players for each side. Place a ping-pong ball or a blown-out egg (like Humpty-Dumpty) in the middle of the table and let everyone blow at once. The team that blows the ball off the table on the other team's side is the winner. This is a good family game, too.

Humpty-Dumpty Right Side Up

By Erika

Here's how to make a Humpty-Dumpty Egg who not only doesn't fall but even rolls back up on end when you tilt him!

With a large darning needle, carefully puncture two holes in the top and bottom of an egg. Blow into one end as if you were blowing up a balloon, until the yolk and white have been forced out the other end. Run clear water through the shell until it is clean inside.

Let it dry, then neatly seal the larger end with a piece of transparent tape. Now fill the egg about one-third full of sand (funneled in through the top), and neatly seal that hole, too.

Test your Humpty-Dumpty by giving it a gentle push with one finger and see what happens.

Paint a face on him with water colors and add a paper cone for a hat.

He's quite a character, isn't he?

SARAKA SOLVES THE PROBLEM OF "AFTER 45" IRREGULARITY

Doctor-approved bulk stimulant helps keep you comfortably on schedule as no ordinary laxative can!

As we grow older, our systems may often need outside aid to help maintain a normal regularity pattern. Continued use of strong drug laxatives can be irritating, even dangerous. That's why many doctors recommend SARAKA, the pure, all-vegetable bulk stimulant laxative for middle age and over. SARAKA supplies the moist, bland bulk that is so essential to healthy bowel function. And only SARAKA has a gentle stimulant action to help ease this bulk through your system plus Vitamin B₁.

Special note to weight watchers: Lack of sufficient bulk in 900 calorie liquids can lead to constipation. If this occurs, supplement your daily diet with all-vegetable SARAKA.
