

Julian Eccles,
Owner

Starts Tomorrow And You're Invited To Our

13th ANNIVERSARY and Remodeling SALE!!

We've Completely Remodeled

our showroom, offices, parts and service departments to better serve our customers, old and new. The new parts and service facilities add over 10,000 sq. ft. to our existing facilities. Our new shop has been equipped with the very latest equipment available. You are cordially invited to come in and inspect the entire operation and meet the crew! To celebrate our new opening we are **GIVING BONUS TRADE-IN ALLOWANCES** all this week. Come in and find out just how much you can really get for your present car.

Above is our enlarged showroom where we can show you a greater selection of new cars. Everything has been designed for your shopping convenience, pleasure and comfort. We now have Klamath Falls' only air-conditioned show and waiting room.

Parts manager Don Campbell says we have more than doubled our parts facilities, and in addition have increased our inventory of foreign car parts and accessories. Everything designed to better serve our Klamath Basin customers, both retail and wholesale.

Relph Smith, our service manager says, our new service addition allows us to specialize in automatic transmission rebuilding and repair, front end alignment and wheel balancing. We have installed the very latest Bear equipment available, and have factory-trained personnel to better serve you in all departments.

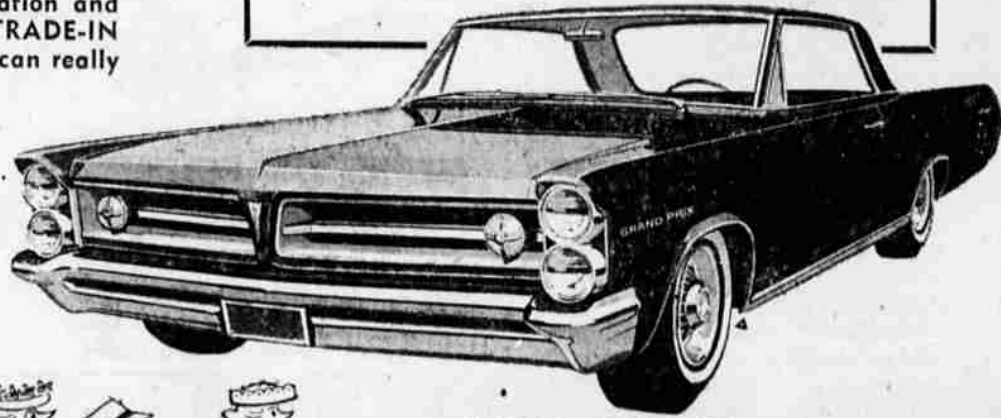

We carry a complete line of parts and accessories for the entire **BRITISH MOTOR CAR** line. We can

now service all foreign cars in our completely equipped service department. All work by factory-trained specialists.
