Y-NE-MA TWIRLERS, 8 p.m., Square Dance, YMCA. Bring doughnuts.

KC Conclave Set May 17

MOUNT SHASTA—The annual convention of the California jurisdiction of the Knights of Columbus will be held in Sacramento May 17-18, with the headquarters to be announced.

Salvador Vega of Weed and Phil Mattos of Mount Shasta will be delegates, and James Matthews, Mount Shasta, will assist with arrangements. A five-member bowling team, participating in a sanctioned bowling event, will be led by Gino Marconi of Mount Shasta.

Wives of members and non-delegates are invited to attend the convention. They will be entertained during the meetings with a trip to Lake Tahoe, golf program, and other events.

Malin Parents Honor Teacher

MALIN—The Malin Parents and Patrons Club will honor Mrs. Dorothy Gordon with a family potluck dinner on May 4 at 6 p.m. in the Malin High School gym.

Mrs. Gordon, who has completed 19 years as a first grade teacher in Malin, will retire at the end of the present school term.

Special invitations have been sent to all of her former students and their parents, but everyone in the community and all friends of Mrs. Gordon are invited to attend.

Families Urged To Buy Bonds

WASHINGTON (UPI) — President Kennedy today urged every family to buy at least one government bond during the Treasury's freedom savings bond drive beginning May 1 and continuing through July 4.

"Because each one of us has a personal responsibility to help preserve freedom and to build a just and enduring peace, I heartily endorse this drive and ask all Americans to enlist in the cause of freedom by buying savings bonds," the President said in a special statement.

The manatee, or sea cow, is 15 feet long, measures seven feet around the middle, and weighs a ton.

Shasta Grangers Busy During First Quarter

Shasta View Grange has been busy with many activities during the first quarter of the year and committees have been set up both for basic grange problems and interests and special work.

The regular committee chairmen are: Home economics, Edith Ward; relief, Fannie Gervais; youth, Mattie Green; legislative, Ray Brackman; publicity, Marylou Lindsay; hospitality, Deola Wryn; drill captain, Jack Rightmeier; Girl Scouts, Mattie Green.

A special committee assisted in January to inform the grange of the zoning discussions. Through the efforts of this committee Bob Beach, county planning commissioner, was a special guest to answer questions and explain the many aspects of zoning.

On Feb. 15 Shasta View was honored by a visitation from several of the other granges with a special program presented by the Midland lecturer, Jim Flowers. The grange members and guests were entertained for a couple of hours with skits, songs, dances, including a waltz contest.

Mrs. Stewart and Mr. Boem of the Golden Age Club played for dancing following the program and dessert and coffee was served.

Some of the first projects of the year for the Home Economics Club have been hosting the Pomona Grange on Feb. 9, serving a dinner for the Pacific Supply Coop on March 21, and a clean-up night at the hall on April 5.

The second visitation was at Merrill with Shasta View presenting the program.

The first and second degrees were exemplified at Poe Valley with five new members from Shasta View taking part, and the third and fourth degrees were presented at Midland, March 29. Shasta View presented the third degree and Midland the fourth. Eight new members were present from Shasta View for these degrees.

Club Changes Meeting Dates

MOUNT SHASTA—The Strawberry Valley 4-H Club meeting slated the first Thursday evening of each month will be held the second Thursday in both May and June, because of conflicting dates.

The May 9 meeting will feature Mrs. Marge Poe, cooking instructor, who will demonstrate the art of cookie making. It will be held at 8 p.m. in the City Park Armory.

Judge Supports Valley Pickets

PORTLAND (UPI) — Federal Judge Gus Solomon has upheld Teamsters Union picketing of retail markets in the Salem and Lebanon areas.

Solomon said he was following a court precedent in refusing to issue an injunction against the picketing.

He said it was not a secondary boycott as long as the union did not picket delivery entrances to the markets.

House Expected To Okay \$184 Million Phony Budget Cuts

WASHINGTON (UPI) — The House called up for certain approval today phony cuts of at least \$184 million in President Kennedy's budget plus some reductions that actually might save money.

The bogus budget cuts provided in a \$3.5 billion money bill were the kind that has proved popular with the lawmakers for years. They help Congress establish an economy record without cutting off any federal services that might bring voter complaints.

Many lawmakers are particularly anxious to establish a budget-cutting record this spring to help justify a vote later for an income tax cut.

The \$3.5 billion appropriation bill carries funds to finance the Health, Education and Welfare Department and Labor Department in the fiscal year starting July 1. The total was \$309 million less than President Kennedy requested, but well over one-half of the reductions won't save taxpayers any money.

In drafting the bill, the appropriations committee cut \$175 million from the \$2.9 billion the administration estimated it would need for federal grants to help finance relief for the needy aged, blind and disabled.

The committee, as it always does, said it thought the administration had overestimated the amount it would need. But whatever is needed will have to be provided, unless Congress changes the law to reduce federal commitments. No one is proposing that. If the administration's forecast turns out to be correct, Congress will have to put up the additional money early next year.

Other congressional news: Works: Democratic Leader Mike Mansfield predicted the Senate would reject any major attempts to cut a \$450 million appropriation for President Kennedy's public works program. But GOP economy advocates were

Two New Cars are Born

Avanti-inspired...
Bonneville-tested!

R2 SUPER LARK
R2 SUPER HAWK

We designed two new cars—and built a lot of our record-setting Avanti into them: supercharged R2 engines... heavy duty springs and shock absorbers, plus anti-sway bars, front and rear... trac rods, rear... racing type disc brakes, the safest known and ours alone.

We named them R2 Super Lark and R2 Super Hawk and had Andy Granatelli

take them out to the infamous Bonneville Salt Flats for final performance and endurance tests.

We could scarcely believe the results, but the official U.S. Auto Club timers confirmed them: R2 Super Lark—132 mph! R2 Super Hawk—140 mph! Two-way averages—under the most punishing weather and surface conditions. That kind of performance, combined

with their gentle 'round-town manners, told us these cars were ready. R2 Super Lark and R2 Super Hawk are now available on special order at your Studebaker dealer's.

Flash: front seat safety belts now come factory-installed on every car—another advance from Studebaker.
