## WHAT HAPPENED TO GOD?

### Is religion realistic today?

This is our world. Torn by violence. Sullen under the threat of nuclear destruction. A world unsafe, unsure, where too often it seems the wages of sin is success. How can God let this happen?

Sometimes it seems there's little evidence there is a God, or that if there is, He's a loving God. So often He seems indifferent... to you, your concerns, your world.

Yet you're asked to believe. To worship. Is there really a basis for faith... for belief in a God who has a Plan for us, revealed in Christ? Emphatically, YES. Investigate these truths yourself. Send for this helpful free booklet:
